2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Montemalaga Elementary provides an outstanding education for all students. Transitional Kindergarten through Fifth Grade students are prepared for college and career by experiencing the benefits of exceptional teacher planning, collaboration, training, and learning strategies. Our teachers are creative, talented, and caring. All teachers plan weekly by grade level teams. The California State Standards applied in lessons provide knowledge to real-life experiences for our students. Montemalaga has implemented school-wide Positive Behavior Intervention Support (PBIS), emphasizing character development. Character traits and leadership skills are practiced through a variety of activities each month. Students receive SOAR (S-spread kindness, O-observe safety, A-act responsibly, and R-respect yourself and others) awards. Parents may attend the SPIRIT assemblies to celebrate student accomplishments. Parents also receive weekly communication and updates about school information, character education, and social/emotional learning.

Montemalaga utilizes a Science Lab for special science explorations and STEM activities. During the regular school year, the Science Lab is open to students during lunch twice each week to build and participate in parent-led activities. There is also a Lego Wall for creative design and building. The Computer Lab provides keyboarding practice and develops coding skills for all students. Classrooms are equipped with Chromebook carts as well. The beautiful school library has a research hub for small groups to work collaboratively on projects. Elementary school is a perfect time to develop the "Whole Child" —to expose students to so many different activities and experiences. We are fortunate to work with an involved PTA to offer a wide selection of activities and events during the school day and beyond. PTA helps to fund the Montemalaga outdoor garden education series. In the garden area, there are several raised beds for planting at different times during the year. Each classroom has access to an outside learning area for small groups or partner work. Montemalaga Elementary provides an outstanding academic and character education for all TK-5 students.

Montemalaga Elementary School is one of the ten elementary schools in the Palos Verdes Peninsula Unified School District. Montemalaga's students total about four hundred, Transitional Kindergarten to Fifth Grade. Montemalaga Elementary has been named a National Blue Ribbon School, California Distinguished School, and a California Gold Ribbon School. Students are fortunate to learn in various school environments such as the science lab, the school library, music, the computer lab, the learning center, and the general education classroom. All students benefit from weekly Physical Education instruction with a credentialed Physical Education teacher, weekly music instruction with the opportunity to play a musical instrument, art education throughout the year, and special educational assemblies planned by our outstanding PTA. Montemalaga has a solid sense of community and support. All of the community members work well together to ensure that all students develop both

academically and socially/emotionally.

Teachers, staff, parents, and administration are committed to preparing students to achieve academic excellence and emotional well-being in a safe, clean, and supportive environment. A vital school goal is for students to become lifelong learners, to be kind, responsible, and respectable. Children are taught to make good choices and to make positive contributions to the community. Our Student Council plans community outreach projects to benefit the needs of children, adults, and even animals in our community. There are numerous volunteer opportunities for parents inside and outside of the classroom. Our PTA calendar is filled with activities that greatly enhance the children's educational experiences. Some PTA events include guest speakers, family fun nights, SPIRIT assemblies, Kindness Week, Hero Week, Weekly Garden Instruction, Red Ribbon Week, a Variety Show, Reflections Contest, and Yellow Ribbon Week. Montemalaga Elementary School is busy each week with numerous activities and programs to create an exciting educational program.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

PVPUSD sites have not seen significant Modernization Projects in many years. School sites are in "Fair" condition and are kept safe and functional by requests made through the District's Work Order System. Recommendations from a 2019-20 Facilities Advisory Committee led the Board of Education to place a general obligations bond measure on the March 2020 ballot; however, this bond (Measure PV) did not pass. The District, along with the Operations Advisory Committee, continues to identify priorities and make the necessary repairs and upgrades as noted in actions taken below.

Year and month of the most recent FIT report				November 2023
System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer		X		Regular maintenance of the systems and work order requests keep the systems operational. Sewer lines jetted to clear blockages on a preventative maintenance schedule.
Interior: Interior Surfaces		X		Routine maintenance and repairs are ongoing as needed. Repair needs are managed using the work order system.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation		X		Daily cleaning in classrooms, and office spaces. Integrated Pest Management program is in place to mitigate pest infestation.

School Facility Conditions and Planned Improvements			
Electrical	X		Electrical system is in good repair and maintained through a preventative maintenance program. Existing equipment and panels are more than 15 years old.
Restrooms/Fountains: Restrooms, Sinks/ Fountains		X	Original galvanized water lines are supporting restrooms and fountains. Regular sewer maintenance and plumbing repairs keep the plumbing system operational.
Safety: Fire Safety, Hazardous Materials	X		Annual fire alarm testing completed, fire system is in good repair. Annual service of the fire extinguishers completed.
Structural: Structural Damage, Roofs		X	Routine maintenance is performed to extend useful life of roofs. Roof leaks are addressed through the work order system.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences		X	Asphalt, doors, windows, and gates are repaired through submittal of work orders as needed. Removed and replaced 2550 sq ft of asphalt at parking lot. Paint and stripe parking lot.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Montemalaga Elementary is proud of its tradition of enthusiastic and helpful volunteers. Parents are encouraged to volunteer in a variety of roles. Teachers often train parents to work with small groups during a core subject such as reading, writing, or math. Art At Your Fingertips, classroom small group instruction, library helpers, computer lab helpers, and class field trips are some of the parent volunteer opportunities. Parents are encouraged to provide input and be a part of the decision making process by joining a variety of groups at out school site including PTA Board and committee positions, JPA (Japanese Parent Association), CPA (Chinese Parent Association), School Site Council Representatives, Multicultural Committee, Special School Events Chair, and English Language Advisory Council. In addition, parent volunteers lead school fundraising efforts throughout the year which contribute to our STEAM and technology programs as well as facility upgrades. All volunteers attend an informational volunteer meeting at the beginning of the school year. Parents receive a Parent Volunteer Handbook reviewing the guidelines for parent participation. Volunteers in the classroom must fulfill all requirements set by the district including a Tuberculosis risk assessment and examination on file at the school. All volunteers must check-in at the office and wear a visitor badge while on campus. All volunteers also receive emergency preparedness information relating to the school and help with students' supervision in the case of an emergency.

2022-23 Chronic Absenteeism by Student Group

2023-24 School Safety Plan

The Comprehensive School Safety Plan is designed to address safety issues that are directly related to the daily operation of the school. Its goals are to create a safe and effective school environment that maximizes learning and provides a place where students can focus on the academic program. The School Safety Plan is updated annually. The last update was approved by School Site Council on January 23, 2023 and by the School Board on February 22, 2023. We will start our review of the 2023-24 CSSP in January 2024.

The Comprehensive School Safety plan addresses the following areas:

1. Child Abuse Reporting and Procedures
 2. Disaster Procedures
 3. Policies Related to Suspension and Expulsion
 4. Procedures Regarding Teacher Notification of Dangerous Students
 5. Sexual Harassment Policy
 6. Provisions of any School-Wide Dress Code
 7. Procedures for safe Ingress and egress
 8. A safe and orderly Environment Conducive to Learning, including anti-bullying/respect and social media education
- A copy of the Comprehensive School Safety Plan is available for public inspection, upon request, in the main office of the school.

Montemalaga Elementary is a safe and clean school. The school's classrooms, restrooms, and other site buildings are kept clean by the lead and night custodian. Work orders and regular maintenance help keep the school working smoothly. Painting takes place annually to improve the playground, classroom, and other buildings. The PTA supports various beautification projects such as gardens, Kindness Rock area, paving muddy areas, and benches for outside learning areas.

In the event of an emergency, the school is exceptionally prepared. The Earthquake Emergency teams are updated annually,

2023-24 School Safety Plan

and everyone receives information on jobs and any necessary training. The teachers and support providers are trained in CPR and First Aid every two years at the new school year. Monthly emergency drills are conducted. All students can safely exit the school within a few minutes of the announcement of an emergency. We practice Active Shooter drills, Shelter in Place, School Evacuation, Duck and Cover, and Fire Drills throughout the school year. All classrooms have the necessary supplies for an emergency. Additional supplies are in the Office Black Box and the Earthquake shed on the playground.

Our PTA has installed window shades for additional protection. All rooms have lock blocks on the door for safety.

All students and staff feel safe and demonstrate a clear understanding of what to do in an emergency at school.

The district works closely with the local Police Department and PTA Safety Committee when practicing drills.
