2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Marengo Elementary School is located in the city of South Pasadena and serves over 750 students from transitional kindergarten through 5th grade. It is one of three elementary schools within the South Pasadena Unified School District and operates on a traditional school calendar system. Marengo Elementary School earned recognition as a California Distinguished School during the 2009-2010 and 2022-2023 school years and was named a National Blue Ribbon School in the fall of 2020.

Marengo Elementary School is a professional learning community in which all members (administrators, teachers, and parents) are committed to quality instruction and learning for all students. This vision includes both the development of our students as self-directed, life-long learners who are becoming resourceful and productive citizens, and the professional growth of teachers and administrators using analysis of learning results and reflection on teaching practices. The Marengo community strives to provide a safe, creative environment with respect for students of diverse backgrounds and learning styles, and it encourages risk-taking and the use of higher-level thinking skills to increase academic achievement.

In order to fulfill our commitment to this vision, the staff works as a team to provide student-centered learning, using developmentally appropriate curriculum and instructional strategies. Providing a rigorous, standards-based curriculum that integrates language arts, math, social studies, science, arts, and physical education, teachers and administrators utilize data from a broad range of assessments to measure and ensure learning for all students and to inform educational planning and decision-making.

Recognizing the essential role families and the community play in the education of our students, all teachers, administrators, and staff promote a positive home and school connection.

Marengo Tenets:

1. We believe equal access enhances quality education.
2. We believe that a safe environment ensures optimal learning.
3. We believe that embracing diversity and social justice leads to acceptance and tolerance.

2023-24 School Description and Mission Statement

4. We share a commitment to learning and value it as a life-long practice.
5. We believe that effective communication among all members of our community promotes common understanding.
6. We value the physical, intellectual, social, and emotional capacities of all learners thus encouraging every student to realize his/her full potential.
7. We embrace critical thinking and self-reflection as tools for building our learning community.
8. We believe that all people must take responsibility for their own actions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school and district offices. The principal works daily with three full-time custodians to develop cleaning schedules to ensure a clean and safe school.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority. At the time of publication, 100% of Marengo Elementary's restrooms were in good working order.

As part of Bond Measure SP, Marengo roofing and HVAC systems were upgraded during the summer of 2017. A new building and play structure were added to campus during the 2021-2022 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	84	88	75	78	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Marengo Elementary School benefits from the support of an outstanding Parent Teacher Association (PTA). More than 50,000 volunteer hours are logged annually and the PTA provides approximately \$130,000 annually to support Marengo's instructional programs, classroom equipment, and field trips. More than 500 parents and staff have joined the PTA, and many regularly attend monthly PTA meetings. Marengo parents and teachers participate in parent-teacher conference days (in November and March), Back-to-School Night, Open House, and School Site Council. Parents are also active in planning many social and academic events, such as the Jog-a-thon, Lunar New Year Celebration, Super Science Night, Talent Show, and Read-a-Thon, and much, much more.

2023-24 School Safety Plan

The safety of students and staff is a primary concern at Marengo Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire drills, lock out drills, lock down drills, and earthquake drills are conducted throughout the school year. Monitoring of school grounds is performed by assigned staff before, during, and after school. All visitors must be buzzed in to the front office, sign in, obtain a visitor's pass and sign out upon leaving the campus.

The Comprehensive Safety Plan is updated annually by the school administration in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and dress code policy. Marengo Elementary reviews the plan annually and updates it as needed. The most recent copy of the plan is available to the public at the school office.

D. Other SARC Information

Information Required in the SARC

Professional Development

Annually, four staff development days are scheduled into the school year to address both site and district-level needs. These professional development days are aligned with the Board of Education's annual goals and Strategic Plan. The Marengo staff, along with the other two elementary school staffs, participate in all District offered staff development. Some topics that have been addressed include the evaluation of small group instruction, writing instruction, neuro-diversity, common assessments, differentiated learning strategies, Thinking Maps, technology, Project-Based Learning (PBL), and Common Core State Standards.

Staff development is also delivered at monthly faculty meetings, during grade level release time, and through attendance at various conferences. Professional development opportunities offer teachers the opportunity to collaborate with one another about their curriculum, instruction, and assessments; to share best practices with colleagues; and to discuss ways to better support our students' learning. Teachers at every grade level have participated in Cognitively Guided Instruction (CGI) training provided by the UCLA Math Institute. As a means of meeting Next Generation Science Standards, all of our teachers were trained in Twig Science curriculum. Teachers are currently participating in small group instruction training.

Teachers are supported through their Path I (feedback after formal observations) and Path II (plan to address teacher standards agreed upon by teacher and principal) plans. Additionally, grade-level meetings, data analysis meetings, and peer
