

Stone Creek Elementary School
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Stone Creek Elementary School opened its doors in the fall of 2021 serving 300 students in the residential Riverstone community located six miles north of Fresno. Two short years later, Stone Creek has an enrollment of 540 students. During Stone Creek's inaugural year, Stone Creek was awarded the California Distinguished School Award for 2022. Stone Creek is the third elementary school in Golden Valley Unified School District, which was established in 1998 and is led by a five-member school board. Stone Creek's students feed into Ranchos Middle School and Liberty Elementary School.

2023-24 School Description and Mission Statement

Stone Creek is committed to "Shaping Hearts and Minds," and the school's behavioral expectations follow the acronym SHAPE: Show respect, Have integrity, Actively participate, Practice Perseverance, and Express Gratitude. Character lessons are taught in classrooms as well as reinforced with videos, songs, and activities, such as the Great Kindness Challenge. Stone Creek's academics are data driven, and the teaching staff follow the initiative of the district to create an effective Professional Learning Community, where teachers analyze data, discuss student learning needs, and implement effective strategies. Stone Creek's academics continue to remain strong with 65% of students meeting or exceeding standards in ELA and 60% meeting or exceeding standards in math on CAASPP. Stone Creek's PLC will continue to strive for future growth.

Mission:

Stone Creek will inspire our students to develop strong character and achieve continuous academic growth through rigorous instruction in a safe, caring environment.

Vision:

We will work together as a professional learning community to SHAPE hearts and mind through character education and rigorous academics.

Collective Commitments:

*We will model and develop positive, intentional relationships within our Sunbird community.

*We will engage in collaborative learning communities to develop best teaching practices and support student learning.

*We will continuously monitor the academic growth of all students to provide an equitable, rigorous education.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	63	60	42	43	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Stone Creek Elementary School is very fortunate to enjoy the benefits of supportive, involved parents who show strong support for the school. The Stone Creek Parent Club meets monthly with a focus on providing classroom supplies and resources over and above what the District provides, so there can be a richer academic and extra-curricular environment. Stone Creek's School Site Council meets quarterly to advise on the School Site Comprehensive Plan. The Safety committee also includes parent involvement as the Comprehensive School Safety Plan is reviewed and updated each year. Stone Creek participates in the District English Language Advisory Committee with parent representation at the DELAC meetings. Parents also have the opportunity to partner with Stone Creek through volunteering in classroom, helping teachers with projects, attending sporting events and field trips, and serving on school and district committees.

2023-24 School Safety Plan

Stone Creek Elementary School has a Comprehensive School Safety Plan that is reviewed and updated annually. Plans are reviewed with staff annually at the beginning of each school year. Stone Creek teachers met in September for training. Our Stone Creek School Site Council approves our Comprehensive School Safety Plan after the safety committee has met to review the plan. Emergency drills are conducted to prepare students and staff for an emergency. Stone Creek strives to maintain a safe, clean, respectful, and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Stone Creek's custodial staff surveys the campus as the first order of business each day. They insure the campus is clean, and any vandalism is corrected, and that the campus is presentable and representative of the priority the Golden Valley Unified School Board sets on safety and appearance. Stone Creek's Comprehensive School Safety Plan was reviewed and updated on October 4, 2023. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

Professional Development

For the first two and a half years of Stone Creek's existence, the Stone Creek staff has participated in Professional Learning Communities to develop effective pedagogical practice. Staff development occurs during teacher preparation days and early release Wednesdays. Stone Creek is following the emphasis on Professional Learning Communities developed by the district leadership. Golden Valley Unified School District has invested in PLCs through devoting time and training, based on the teachings of Solution Tree. In turn, each administrator is working with a site level Guiding Coalition to guide the staff through the PLC process. Elementary teachers meet with grade level district teams on a regular basis to identify enduring standards and create common formative assessments. The time spent with the district PLC teams helps ensure a common, viable curriculum.

Stone Creek has revisited our mission, vision, and collective commitments. These commitments and beliefs drive every decision to be focused on student learning. Grade level PLCs use common formative assessments, NWEA assessments, and state assessments to measure student growth. Through disaggregated data, teachers analyze students' strength and growth areas. The growth areas are revisited and concepts are retaught. The Stone Creek staff has also spent time visiting other teachers' classrooms and sharing best practices.

Stone Creek teachers are trained to use a walk to intervention model for reading intervention. All students are given a universal screener in reading, and with training from the reading specialist, teachers create platooning groups to meet the needs of all students. Further reading professional development has been provided to all TK - 2nd grade teachers, SPED, and the reading specialist through Orton Gillingham Training. A four-day training has taught teachers phonics and decoding strategies to support all levels of readers.
