2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Webster Elementary School, a 2004 and 2020 California Distinguished School, serves approximately 646 preschool through 6th-grade students. Webster Elementary is located in a residential area 10 miles east of the city of Madera and 10 miles northwest of the city of Fresno. The Golden Valley Unified School District was established in 1998 and is led by a five-person school board. Webster is one of three elementary schools in the District. Webster's students feed into Ranchos Middle School and then into Liberty High School.

Webster Elementary is more than academics, we instill in our students the values that make Madera Ranchos an ideal place to live and raise children. In 2014 and 2019, The Bonner Center for Character Education and Citizenship based at Fresno State's Kremen School of Education and Human Development recognized Webster Elementary for its character education program. The recognition reads, Webster is being recognized "For Exemplary Commitment to the Character and Virtues Education of Its Students." Webster's Exemplary Reading Lab also earned the CSBA's Golden Bell Award in 2021. The Webster staff and community are committed to educating the whole child. We emphasize and reward students for displaying positive character traits in and outside of the classroom. We aspire to achieve with character.

Mission

The mission of Webster Elementary School is to ensure academic growth by strengthening and supporting the whole child.

Vision

The Webster Elementary School community will work together to meet the educational goals for every student and prepare productive citizens for our community.

Collective commitments

We will be open to change as we continue to polish our craft as educators.

We will use data to drive instruction.

We will hold ourselves accountable to ensure academic growth.

We will develop social emotional skills and resolutions.

As a district community, we will work collaboratively to support every child.

We will work to ensure students will promote to the next level.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Webster's school grounds are kept in great condition. The custodial staff is continually walking the grounds and making improvements. Inside the buildings, we recently updated the HVAC system and all thermostats in the classrooms have been replaced. We continue to make improvements around campus including but not limited to; new planters, new woodchips by room 18, new paint, touchscreen TVs installed in all classrooms and playground improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	47	46	42	43	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Webster Elementary School is very fortunate to enjoy the benefits of concerned, involved parents who show strong support for the school. The Webster Parent Teacher Club meets monthly with a focus on providing classroom supplies and resources over and above what the District supports, so there can be a richer academic environment. The School Site Council meets to advise on the School Site Comprehensive Plan. The English Language Advisory Committee meets to address the needs of English Language Learners at Webster. This committee looks at how state and federal funds are used to support children and the supplementary materials utilized to address student needs. Numerous opportunities exist for parents to get involved at the school site. Other activities for involvement include helping teachers and students in classrooms, working in the library, attendance at sports' events, drama presentations, and musical performances. For more information on how to become involved, please contact Principal Audrey Peters at 559-645-3540.

2023-24 School Safety Plan

Webster Elementary School has a School Safety Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each school year. Our WES School Site Council (SSC) approves our School Safety Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They ensure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Webster Elementary School's comprehensive safety plan was reviewed and updated in September of 2023 by the WES faculty. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

Professional Development

Our professional learning community has been hard at work analyzing NWEA assessments, state assessments for ELA and math and core curriculum Benchmark and Envision data to identify and address students' strengths and weaknesses within each classroom and across grade levels. Teachers discuss the performance of both individual students as well as student-groups. The staff has been able to continually monitor student progress and reteach essential standards to ensure that all students are growing academically. The Learning Lab also has disseminated data to identify those students who have tested out of the lab, so that other students may get additional support. In short, our focus has been to align our instruction to content standards, state and district assessments, develop units and lessons as a team, adhere to the Explicit Direct Instruction model when delivering instruction, evaluate student learning by analyzing achievement data and modify the instructional plan to better

Professional Development

meet the need of all students.

Webster teachers and administrators are committed to the PLC process and school improvement. For 2022-2023 school year, we've begun the work of identifying and deconstructing the essential standards in math, creating SMART goals for grade levels and sub groups, we will be providing training to teachers on effective learning targets and we have begun creating common formative assessments within grade levels with the guidance of instructional coaches and math leads. For ELA, we are focused on targeted reading instruction in grades TK- 2nd grade and use the Orton Gillingham method of teaching reading. We have sent 15 teachers to a 4 day Orton Gillingham training. We are looking into sending additional teachers this year. Our teachers collaborate and review data frequently to ensure academic growth in both ELA and math. We have partnered with Parsec education. Their data dashboard makes it easy for teachers and administrators to log in and view school, district and state data on one convenient dashboard. Lastly, selected staff members are attending PBIS training for the 2022/2023 & 2023/2024 school year. PBIS stands for Positive Behavior Interventions and Supports and it is a set of ideas and tools used in schools to improve students' behavior.
