2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Sierra View is a small, family oriented, rural school serving approximately 390 Transitional Kindergarten through sixth grade students. It is often called "The best kept secret in the Central Valley" because of the community feeling and commitment to high standards for all students. At Sierra View all stakeholders, which include students, parents, staff, and community members, work collaboratively to develop school-wide goals, nurture a culture of excellence, and create a positive school climate. Sierra View's goals are aligned to Golden Valley's district goals which include learning for all students, creating a safe and positive learning environment for all students, and creating community partnerships with parents, businesses, and organizations. Sierra View prides itself on focusing on the "whole child" with a focus on academic achievement and individual learning goals, as well as supporting socio emotional learning. This is supported through a standards based curriculum in all core subjects as evidenced through data and progress monitoring of state, district and school wide assessments. Our students show their pride through exemplary programs, including co-curricular and extension activities. Sierra View prides itself on its clear, consistent high expectations for student behavior. We "Show our PAWS." Students at Sierra View know that the key to a positive school environment includes practicing responsibility being always kind, working hard and showing respect. Sierra View prides itself on creating relationships by inviting members of the community to monthly flag raising ceremonies, career week, and to our annual carnival. We invite and encourage parent volunteerism and participation in various committees on site.

Mission

The mission of Sierra View Elementary is to increase student achievement and to educate the whole child through exemplary programs and services and to provide a safe, clean environment where students develop strong character.

Vision

Where learning and positive relationships lead to a successful future for ALL students.

Collective Commitments

We will utilize a variety of instructional strategies to teach the essential learning of our curriculum.

We will use evidence of student learning to inform and improve our practice to better meet the needs of individual students.

We will model positive character and provide opportunities for students to demonstrate those character traits.

We will keep parents informed and provide resources, strategies, and information to help their child succeed.

We will be positive, contributing members of our collaborative team.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Sierra View is currently a school of 390 TK-6th grade students. Most of our classrooms are made of modular structures, as well as a few permanent buildings as well. Our site custodians conduct monthly inspections to our grounds and facilities, and any concerns are reported to our district reporting system for our repair from our district team. Improvements to the site are reviewed by both the site as well as a district and are considered by need.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	39	39	42	43	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are a contributing member to our learning community, beginning with our Sierra View Parent Club. They raises money to supplement and enhance the Sierra View instructional program, which include purchasing technology for classrooms, as well instructional materials for our students and community. Numerous opportunities exist for parents to get involved at the school site. Among the opportunities are participation on the School Site Council (SSC), English Language Advisory Committee (ELAC), District Advisory Committee, Sierra View Parent Club and the countless activities that happen throughout the school year. Other activities for involvement include helping teachers and students in classrooms, working in the library, attendance at class events, drama presentations, musical performances, and family fun nights. For more information on how to become involved, please contact Mr. Kevin Cookingham, Principal at 559-645-3560.

2023-24 School Safety Plan

Sierra View Elementary School has a Safe School Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each School Year. Our SVES School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They ensure any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Sierra View Elementary School's comprehensive safety plan was reviewed and updated on September 2023 by the SVES faculty. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

Professional Development

SVES uses multiple measures to plan an area of focus for professional learning. This includes, but is not limited to, CAASPP, ELPAC, NSGRA (Scholastic Next Steps Guided Reading Assessment), DIBELS, and INSPECT. This is used in conjunction with common formative assessments that are administered in the classroom. Teachers collaborate over these assessments to identify an area of focus for professional learning. Teachers also participate in a survey that is administered at the end of the school year that provides a time of reflection for teachers to express areas of achievement, as well as areas of need. This survey, in conjunction with assessment data and student objectives assists in guiding professional development. SVES is currently implementing NWEA assessment management system to assess and monitor student growth in Math and English Language Arts for grades K-6. This assessment not only tracks student achievement, it also tracks the academic growth of students three times a year. Teachers have endorsed this format because they can see the students' growth from the beginning of the year to the end of the year. After the assessments have been given teacher review data by utilizing the research based strategy known

Professional Development

as Cycle of Inquiry (COI). The assessments help the teachers support areas of growth and also take students to the next level of their personal learning.

Professional development is delivered in different forms at SVES, depending upon need. The staff participate in two types of learning, site driven and teacher driven professional development. The SVES staff participates in a site driven professional development based on either district or site initiatives. Professional learning for the site is in the form of PLC at Work, or Professional Learning Communities. All elementary sites in Golden Valley Unified meet bi-monthly with their grade level teams. The focus of their work is identifying priority standards, deconstructing these standards and creating learning targets. From these targets they create common formative assessments to capture what the students learned, and what they still need to learn. Working together as a team they identify instructional strategies that supported learning and growth for students. Instructional practices have been the main focus of staff collaboration at Sierra View this year and SVES uses two informal ways to create greater collaboration across grade level. Grade levels meet with the instructional coach on site to work through a cycle of inquiry based off of assessment data, state standards and instructional practice. Sierra View also believes in supporting the whole child, which guides us to focus on the area of socio-emotional learning and character development. Staff has staff attended conferences through Character Strong/Purposefull People. Purposefull People is a curriculum that works with nine areas of character development for students, and we have introduced an additional level of support through Tier 2 instruction.

During implementation of professional learning, teachers are supported through peer collaboration ,vertical articulation, and instructional coaching and support. Site administration is working towards providing professional development based around collaboration These collaboration dates are designated for teacher planning and reflection. Site professional development allocates days during the year for grade level collaboration on pacing guides and curriculum, and staff meetings may focus on areas of need as defined by the stull objectives.

This table displays the number of school days dedicated to staff development and continuous improvement.
