2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Tamalpais High School was opened in 1908 and has a long history of providing an excellent education to generations of young people in Southern Marin. Tam's 1539 students attending the site come from various cities including Marin City, Bolinas-Stinson, Mill Valley, and Sausalito. As a member of the Tamalpais Union High School District, the school is dedicated to developing creative, passionate, and self-motivated learners. Upon graduation, students will be prepared for engaged citizenship and able to contribute individually and collaboratively in order to address the challenges of a dynamic and diverse world. To these ends, all students will demonstrate mastery of core competencies and will be offered meaningful learning experiences to enable them to access and critically analyze information, pose substantive questions, and communicate effectively.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	2.80	1.80
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	2.80	1.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.10	2.90
Total Out-of-Field Teachers	0.10	2.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	4.9	1.5
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	1.6	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district uses a curriculum review and development process that ensures all district curriculum is updated compared to state content standards at least every five years. The selection and evaluation of the instructional materials is coordinated with the process for curriculum development. This curriculum cycle also provides an opportunity to update supplementary and electronic instructional materials. All students in the district are provided copies of and access to standards-aligned textbooks and other instructional resources, which have been adopted by the governing board of the Tamalpais Union High School District and curriculum frameworks are consistent with those adopted by the California State Board of Education in the core areas of English Language Arts, Mathematics, Science, Social Science, World Language and Health. TUHSD is currently investigating materials in Mathematics and English aligned to the new Common Core state standards.

The district's textbook and instructional materials purchase process assures that student enrollments, by course, are used to determine the number of copies of books to order so that each student has his/her own materials to use at school and at home. Instructional materials are selected after courses of study are reviewed and updated, to ensure that they are aligned with the state content and performance standards for that course. The district also has established a standard equipment list for all science classes to ensure that each science lab is equitably equipped with the necessary laboratory equipment. In addition, Tam has secured the use of chromebooks for each student to be utilized in classrooms. Students have one-to-one access to these technological devices throughout the school day.

School Facility Conditions and Planned Improvements

The District makes considerable efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a school facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office.

Tamalpais High School is a 26.8 acre campus which has 60+ classrooms, a student center (multipurpose room), a library, an administration building, swimming pool, and athletics fields. The original campus was built in 1908. Tamalpais High School recently completed major modernization as part of a \$121 million dollar facilities bond measure. Approximately sixty million dollars was spent to remodel classrooms, refurbished the gymnasium, build a performing arts center, and install new athletics fields. During the 2008-09 school year, the campus constructed a new 22 classroom building (Keyser), a new pool, field house, and student drop off area. The current status of the District modernization work can be checked at the tamdistrict.org website. Modernization has included replacement of the major infrastructures (heating, lights, electrical, plumbing), painting, new floors, lockers, and furniture. Technology networking has been upgraded and is accessible in all instructional spaces. The Tam District has conducted Facilities Master Planning, gathering input from multiple stakeholders regarding future facilities plans. The Tam High Foundation has recently finished renovation on the Student Center and funds facility related requests in collaboration with the Tam High Administration.

The Director of Maintenance established a regular standard for cleaning all district facilities. A custodial staff with assigned routes cleans and maintains all campus areas on a regular basis. Classrooms, offices and restrooms are cleaned every day. An on-line Maintenance Work Order system has been implemented to report and monitor status of maintenance requests.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Roofing, plumbing, paving, heating, painting are typical projects funded in this manner. The district's five-year deferred maintenance plan is available from the Director of Maintenance and Operations.

The four campus supervisors and four administrators are on duty supervising the campus before, during, and after school. They routinely monitor the entire campus, including surrounding streets. The school has a system for visitor check-in with signs posted to direct the public to the office. Procedures are in place to handle unauthorized access during the school day.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	60	61	59	58	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Tamalpais High School offers a variety of Career Technical Education (CTE) courses through the Applied Technology Department and The Regional Occupational Program (ROP). The Applied Technology Department offers a wide variety of courses that prepare students for the technological expectations of college and the workplace. ROP offers tuition-free occupational training to Marin County residents 16 years of age and over. ROP works closely with local business to provide students with on-the-job training and to encourage a high potential for student employment in every training course offered. Students can take courses in fields of computer applications, computer programming, computer science principles, automotive repair/technology, architectural design, construction technology and engineering design.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Tamalpais High School encourages parental involvement in a variety of ways. The site is fortunate to partner with active school connected parent-led organizations including the Tam High Foundation (THF) with three subsidiary parent-student-teacher organizations (CTE (drama), PATH (art) and THUMB (music)), the Parent Teacher Student Association (PTSA), and a Tam Athletic Boosters organization to support athletics. The Tam High PTSA provides parent education series that features a variety of topics that supports students both academically and socio-emotionally. The PTSA provides parents with meaningful opportunities to volunteer on campus to assist in the implementation of various events. The Tam High Foundation (THF) provides monetary support in bolstering Tam’s academic and extracurricular programs through a grants based application process. Elected parents also serve on the Site Council, a Parent Advisory Committee, and WASC focus groups. Parent feedback is routinely sought out regarding the progress and direction of the school, on a variety of school committees, and in the hiring interview process for Administrative positions. Parents are engaged in every level of schooling, from school climate to data-informed decision making. Tam High recognizes the importance of parent engagement and parent contributions to the positive experiences of both students and staff.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

The school's Safety Plan is on file in the principal's office and was recently updated in 2023-24 and approved by the School Site Council on December 6, 2023. Practice safety drills are held annually to prepare staff and students for various kinds of emergency situations (fire, lock-down, earthquake). Each classroom has a school disaster pack with food, basic first aid supplies, and equipment. The safety plan is reviewed with staff in detail to support comprehension of safety measures. Tam staff and administration have a strong working relationship with local law enforcement and emergency services in Mill Valley. The relationship ensures clear channels of communication and up-to-date information. Crisis counseling can be provided as needed by Tamalpais staff and adjunct support services, such as Bay Area Community Resources.

Fiscal Year 2022-23 Types of Services Funded

Title I funds are designated to pay for additional personnel specifically with Title 1 students. This year the district experienced an audit which helped to ensure funds were allocated to strictly support Title I students through an initiative known as the Success Network. The Success Network supports students by creating a support network of Tam personnel in collaboration and partnership with Community Based Organizations. The success network coordinator tracks the data of the success network students, ensuring that a designated members within the network connects with the student to provide additional support (academic, socio-emotional). Title I funds were also used to secure one to one chromebooks for students along with wifi hot-spots to supports students with technology needs outside the classroom. Students were able to take equipment home and access the internet and google classroom, which many teachers use for submission of assignments. The remaining funds are designated for the salary of a part-time instructional assistant who supports our English Language Learners, as well as an AVID coordinator to support the successful implementation of the AVID program. This person supports EL students in self-contained and mainstream courses.

Professional Development

The Tamalpais Union High School District schedules two full-day and two minimum-day staff development days annually during each school year. Teachers are also compensated for 7 hours of professional development at their discretion. These days are instituted to support the school's vision of college readiness for ALL students. TUHSD is committed to building district capacity around pedagogical practices that support all learners. We believe professional growth is an ongoing process necessary for educators throughout their careers. In addition, teachers completed two additional half days for staff development focusing on Educational Equity.

Professional Development

The focus of district PD will be to meet our TUHSD Equity Vision and Non-negotiables, our LCAP Goals, our Racial Equity Board Policy, and our newly adopted Tam4Ward Plan, which focuses on practices, beliefs, and behaviors:

- *to cultivate resilience, independence, and social-emotional growth in all students (Multi-Tiered System of Support Blueprint, 2020).
- *to provide consistent and aligned systems of support across TUHSD schools.
- *to ensure all students receive research-based, high-impact instructional practices using the resources found in the Instructional Toolkit.
- * to create accountability for each school to place intervention support as a top priority and build a community where trauma is met with compassion and each individual feels safe, valued, and known.

Throughout the district, a concerted effort has been made to focus on Educational Equity. The focus on Educational Equity supports the district's mission to ensure that all students learn at high levels. District department professional development has focused on changes within the curriculum, ensuring that common core standards are adhered to. District Days has also explored culturally relevant teaching, seeking to develop the skills needed to meet the needs of all students. Teachers in the district have collaborated to define specific learning outcomes for their courses of study and have developed protocols to review student work and their teaching practices. At Tamalpais High School, the site-level professional development has multiple purposes; portions of the days are used to explore race and racial consciousness, develop the mindset of culturally relevant instruction, investigate personal culture and implications for the classroom, reflect on the way we think about our students and communicate expectations, articulate with feeder schools, discuss student performance, design lesson plans and units of study, and discuss school-wide issues. In addition, administrators, counselors, and teachers participate in numerous other staff development opportunities each school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
