

El Nido Elementary School
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

El Nido Elementary School is a single school district committed to equipping our students with the tools they need for academic, personal, and social achievement. We challenge every student to reach their highest potential through an engaging curriculum that exceeds standards and enriching extra-curricular programs. Professional development for all staff is a priority, ensuring preparedness to lead our students through an engaging learning environment to meet today's learning standards. Collaboration with parents and the community creates an environment geared to success.

Motto

Growing visionary leaders that will shape the future.

Vision

Every child is valued, challenged, and inspired to surpass expectations for themselves and empower others around them.

Mission

Our students are highly educated, prepared for leadership, and empowered for success as a citizen. Staff, parents, and community are dedicated to the intellectual, personal, social, and physical growth of students. For it is in the unity of our values and principles that we stand strong.

El Nido Graduate Profile characteristics are Personally Balanced, Self-Guided Learner, Caring and Compassionate, and Productive Contributor.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

El Nido Elementary School District, although old, is maintained. The air conditioners and light fixtures have been replaced using Prop 39 Energy Funds. The cafeteria AC was replaced in January 2020. There are two sets of restrooms on campus, both of which are cleaned and sanitized daily. There is an additional restroom in the Staff Lounge for adult use. A new play structure was installed 2023 for ages five and up. All playground equipment fall zones meet or exceed safety standards and ensure safety rating for Ages 2 and up.

Water quality and availability is a priority. Water quality is checked monthly and reported. Every year, the district assesses facility needs and prioritizes them for summer projects and funding based on budget.

Two bond measures were passed in the March 2020 election to support the funding needs to build a multi-use facility consisting of a gym, performance stage and food service; and site modernization of one of the permanent buildings. El Nido Elementary School District continues to seek eligibility and apply for additional hardship grants and funding sources to assist in building and modernizing classrooms, restrooms and improving safety features on campus ensuring ADA compliance.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	29	29	29	29	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At El Nido Elementary School, we encourage all parents to be involved in their child's education through:

- Participating in parent-teacher committees, such as the District English Language Advisory Council (DELAC) and the School Site Council (SSC)
- Participating in the El Nido Parent Teacher Club--Meetings are held the second Thursday of each month at 4:30
- Volunteering in the classrooms
- Family Nights focusing on literacy, mathematics, STEAM and technology
- Community Forums
- Two-way communication between the school and home
- Utilize the library program and Accelerated Reader Program through the summer months.

2023-24 School Safety Plan

The School Safety Plan addresses the response to civil unrest, bomb threats, earthquakes, fire, explosions, or threats of explosion, windstorms, fallen aircraft, chemical accidents, floods, and war. The safety plan includes all safety measures in response pandemics including COVID-19. Fire drills are conducted on a monthly basis. All visitors to the school are required to enter through the school office, sign in, and obtain a visitor's pass us our Raptor Technology System. The Safety Plan is on file at the school office, and copies may be obtained by request. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in August 2023.

Professional Development

Professional learning is experienced through varied experiences both on and off-site. Teachers attend conferences and/or webinars and receive training as well as in-class coaching through a collaborative model that also allows for individual choice aligned to their personal goals and the school goals. Principal/Teacher meetings are held each Tuesday in which the staff continues to hold progress on California Common Core State Standards for our students at the beacon of academic achievement. Through an in-depth root-cause analysis, it was identified that further training on identifying essential standards, deeper understanding of assessment, and refined delivery of effective Tier 1 instructional strategies in all content areas with an emphasis on literacy was needed by both credentialed teachers and paraprofessionals. Teachers and paraprofessionals have participated in English Language Development. The staff continues to improve their professional awareness of strategies and techniques supporting 21st-century skills that ensure student preparation for college and career and integration of STEAM.
