2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Superintendent's/Principal's Message

Welcome to the Merced River School District/Washington School: Home of the Patriots! The Merced River School District is a rural Early Transitional Kindergarten through the 8th-grade school district. We are comprised of an Early Transitional Kindergarten, Transitional Kindergarten, Kindergarten, and one class per grade level for grades 1st - 8th. Our class size average is approximately 26 students per teacher. We also have a Resource Specialist teacher who provides both "push-in and pull-out" services to best support our students. We have 8 instructional aides with one assigned per grade level up to 4th grade. The aides help students in small groups, one-to-one, or on an as-needed basis. The district provides transportation to and from school every day. We are very proud that our cafeteria staff continues to provide all students with nutritional homemade meals with a variety of choices for lunch and breakfast.

The Merced River School District continues to strive toward success for our students, school, and community. The district has continued to increase its enrollment numbers these past years and has hit one of its highest enrollment numbers in over 20 years. The increase in enrollment is attributed to the programs, small school setting, expansion of an Early TK Program, and especially the relationships we have developed with our parents and stakeholders these past years. The district has continued to maximize its funding sources to expand student support services to help students achieve academic success. The district is looking to purchase additional portables in the coming year to add a library, student support center, and possible game room area for students.

The district continues to implement the Multi-Tiered Systems of Support or MTSS to best support students' social and emotional learning in addition to the rigorous academic programs that we offer. We are in Year 3 of Positive Behavioral Interventions and Supports (PBIS) and will continue to the PBIS implementation in the coming year. The district is working alongside the Merced County Office of Education to provide SEL services for students and SEL training for staff.

Our academic programs are centered on providing students with the rigor needed to succeed. The district continues to partner with the Merced County Office of Education's Instructional Services Department to form a Merced River School District Cabinet team. Working collaboratively with the county team has helped us better support students and teachers as we continue down the road to address achievement gaps and increase services for all students. Additionally, the district is committed to providing all students with the technology tools/devices needed to carry out our curricular programs and has set aside funds to update

2023-24 School Description and Mission Statement

our infrastructure as technology implementation continues.

Our district continually updates the Local Control Accountability Plan (LCAP) to improve outcomes for all students, especially our English Language Learners, Foster Youth, and Low-Socioeconomic populations. Each year following, we have modified the Actions/Services in the LCAP to set new ones to help us achieve our goals. Our 3 Local Goals with Expected Annual Outcomes and Actions and Services include: 1) Assure that all students will be provided with access to State Standard curriculum and materials, 2) Raise Reading and Math scores for all students, including English Learners, and 3) Prepare students to be High School, College, Trade School or Career ready. We will partner with families to ensure that all students are ready for their high school transition. Our district meets with our stakeholders to review the LCAP processes and receive their input as to how the district can best meet the needs of our students and help them achieve. Our LCAP Plan is available on our website at www.mrsd.us.

As the superintendent of the Merced River School, I remain committed to the success of all students and finding the resources to help each student improve. On behalf of the Merced River School District, the School Board, and the Teachers and Staff, we thank you for allowing us to be a part of your student's lives and providing them with a well-rounded educational program. Here's to another successful year and we look to bigger and better things for the coming year.

Merced River School District's Vision Statement:

It is the vision of the Merced River School Staff to educate their students to be functional, literate, and contributing members of society at large.

Merced River School District's Mission Statement:

The Merced River School District will develop STARS by equipping students with the tools to be Safe, Trustworthy, Accountable, Respectful, and Successful citizens. This will be accomplished by providing high-quality instruction and building meaningful relationships in a positive school-wide environment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Curricula in the various subject areas are adopted on the seven-year cycle from the State-approved lists. Prior to adoption, materials are made available for public review for 30 days. The staff is also given ample opportunity to work with a variety of textbooks to make their final recommendations. Once reviewed, the local Board of Trustees makes the final decision to approve the textbook adoption based on the recommendation of the staff and Superintendent. In addition to textbooks, the District also furnishes materials to encourage a “hands-on” approach to instruction. Staff is always encouraged to share and try new things and new programs may be piloted with administrative approval.

With the integration of technology in education, our district is committed to ensuring that all of our students have access to the various curricula and other online educational support programs online. All of our students have Chromebooks and/or iPads available. The 6th-8th grade students use an online Language Arts program. All of our students have their own books for use in class and to take home. The District has assured that all students have access and possess their own textbooks in all subject areas. In addition to this, the district purchases all consumables and intervention materials for each student and quite often also purchases basic school supplies for all. Our Early TK students have access to iPads in order to access other school district-provided online programs. The district is committed to providing all students with access to technology to further deepen student learning.

We verify textbook adoption yearly and at this time are in the process of piloting new textbooks for the Next Generation Science Standards for our 6th-8th grades, as well as supplemental materials for the English Language Arts/English Language Development and Math. The district will continue to pilot curriculum materials in order to purchase the best standards-based ones for our students. With the need for continued technology upgrades, the district is committed to purchasing Chromebooks each year and upgrading our existing bandwidth.

We conduct annual verification of textbooks and have a process in place to order replacements on a needed basis.

School Facility Conditions and Planned Improvements

Washington School was built in the early 1900s and its facilities consist of the main building that houses the office, IMC room, and four classrooms. A fairly new gymnasium with two rooms attached now houses the library in one room and the computer lab in the other. This gymnasium facility also houses a modern kitchen and cafeteria where lunch is served to Washington students. The gymnasium also has a full stage for theatrical productions. A small room or old office is used in the main classroom building for Special Education testing, individualized education plans (IEPs), conferences, as well as for one-on-one speech therapy services.

A storage shop is also on-site to store tools and equipment. The site has a large playing field used for sports; it also has a paved playground area with basketball and volleyball courts as well as a play area with swings and other playground equipment.

The school site is clean and well-maintained. The equivalent of one full-time custodian, along with the shared maintenance and operations district person, maintains and keeps facilities clean and safe. A regular maintenance schedule is maintained to ensure that classrooms and restrooms are cleaned daily and available to students and staff without any interruption to the school day. Any areas that need repairs are handled immediately with the highest priority given to those posing a safety hazard to our students.

For the 2022-2023 school year, the district added 2 more classrooms to sustain its enrollment growth and allow space for individualized student support. The will look to improve its campus by adding additional parking for parents, adding buses, and a bus shop, modernizing the cafeteria, repaving the blacktop areas, and addressing roofing needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	32	36	32	36	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our district understands that it takes a partnership between the school and home to help our students succeed and meet quarterly and annual individual goals. We promote parental involvement throughout the year and encourage all parents to be active in the various programs that we have to offer. School volunteers, chaperones, Parents Teacher Club (PTC), School Site Council (SSC) & Local Control Accountability Plan (LCAP) advisory committee, tutors, fundraisers, classroom helpers, and community-based tutoring programs are all examples of opportunities for parents to be involved in our school and district. To develop a stronger relationship with all of our parents and community members, we encourage them to be active members of the Merced River School District's learning community.

For more information on how to become involved, contact Richard Lopez, Superintendent/Principal, at (209) 358-5679 or rlopez@mrdsd.us.

2023-24 School Safety Plan

The following safety measures are taken to ensure our staff and students have a safe and healthy environment: our school is fully gated, visitors must sign in at the school office and receive a visitor's pass, and all staff has been trained on emergency procedures according to the School Safety Plan. The district has developed additional safety procedures which include the Injury and Illness Prevention Plan and the COVID-19 Prevention Plan. Both plans include extensive measures that the school is to take to remain safe.

The Comprehensive School Safety Plan continues to be reviewed annually and is updated as needed by staff and the school site council/LCAP Committee. Key elements of the plan include monthly safety drills, lockdown drills, crisis intervention plans, and all emergency contingency plans.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty in August 2023 and was adopted by the school board in August of 2023

All plans are available on the district's website.

Professional Development

Staff and curriculum development continues to be the major focus for the Merced River Union Elementary School District. As a small, rural school district staff development needs are always at the forefront. We allow one day per week for early release days which are used for staff/personal development. These staff development days are used to focus on a variety of topics that are crucial as we embark on new curricula and new assessments. We continue to focus on the integration of new State Standards (Common Core) in the areas of English Language Arts/English Language Development and Mathematics. We are also focusing some of our training sessions to focus on writing, Next Generation Science Standards, English Language Development, California Assessment of Student Performance and Progress (CAASPP), English Learner Proficiency Assessments for California, Positive Behavioral Interventions and Supports (PBIS) and the Local Control Accountability Plan (LCAP).

Merced River Union Elementary School District has scheduled these training days around these topics and will continue to promote and encourage staff to seek and participate in staff development and professional growth opportunities. The district administration strongly encourages all staff, both certificated and classified, to attend conferences and workshops that will allow them as employees to better serve our students. The district also receives support from the Merced County Office of Education to provide staff development for our staff throughout the year.

In the upcoming school years, we will continue to dedicate the staff development sessions on the topics mentioned above to help better prepare our teachers and staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
