2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.20
Misassignments	0.40	1.70
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.40	1.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	3.2	6.3
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	6.6	1.5

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

Overall, DPHS received a Good rating of 92.05% from the School Facility Inspection Evaluation, 6.94% away from an Exemplary rating. Overall, DPHS was exemplary in the categories of Systems, External and Structural, Good in the categories of Cleanliness, Restrooms, and Safety, but Poor in Interior and fair in Electrical. Currently, DPHS is undergoing many changes on campus as we are adding solar paneling for better use of electricity, a new portable with bathrooms near the baseball and softball fields, and revamping our football field and track with turf. We recently completed a shade structure for students and a home economics kitchen for a new culinary class. The maintenance department is also working tirelessly to repaint areas of the campus and classrooms that are in need, maintain grounds and use water sufficiently for lawns and fields, and repair electrical in classrooms that may be exposed or not in use.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	11	7	14	14	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Career Technical Education (CTE), is a program that offers a sequence of courses directly related to preparing students for employment in current or emerging occupations. Such programs are focused on training students in the high demand skills needed to gain employment. DPHS offers 9 pathways, Ag Mechanics, Animal Science, Ornamental Horticulture, Business Management, Residential & Commercial Construction, Education, Patient Care and Structural Repair & Refinishing. The Food Services pathway is in the introductory stages and was initiated in the 2021-22 school year. Nationally recognized CTSO's are offered to all students in a CTE pathway and include: FFA, Skills USA, and Virtual Enterprises. State recognized industry certifications and articulations, with Merced College, are offered to students throughout all pathways

CTE programs rely heavily on grant funding to support the program. Grants received are from the Agricultural Incentive Grant, Carl Perkins, Career Technical Education Incentive Grant (CTEIG), Collision Repair Education Foundation and the Strong Workforce Program (SWP) grant. Grants funds vary by year and pay for a variety of supplemental supplies, capital improvements, professional development and field trips.

2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	540
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	69

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents have multiple opportunities to be involved with Dos Palos High School. Parents are invited via newsletter, parent outreach communication (Parent Square) and social media platforms to participate in our quarterly School Site Council Meetings, English Learner Advisory Committee Meetings, District Advisory Committee Meetings, and other various meetings that happen during that specific month. Other opportunities for parent involvement are college nights (one being devoted to explaining how to apply to college and the other explaining how to apply for a FAFSA), Back to School Night in the fall where parents get to meet their child's teachers and see their classes, Open House in the Spring where parents can see the progress of their child, banquets held by every sport at the end of the season, Bronco Showcase which is an awards ceremony in the spring recognizing all top students and certificated students in various CTE pathways, Parent Academies showcasing what to look for if their teen is involved in gangs or drugs, and various other opportunities to gather information and provide feedback. There are also boosters clubs that parents can take part in for their children. DPHS offers the following Boosters Clubs: Band Boosters- This is to help raise funds for our growing Band and Color Guard. They put on fundraisers to help students travel and participate in many competitions and other activities. Ag Boosters - This booster is established to help the FFA chapter at DPHS. The funds raised by the Ag Boosters is spent on helping students with their FFA projects, fair fees, competitions, and other various activities. Athletic Boosters- Athletic Boosters raise funds for all athletics and help buy and replace equipment, uniforms, and other necessary items for all athletes on all teams.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

Dos Palos High School has a Comprehensive School Safety Plan that is reviewed and updated annually. The plan is reviewed with staff annually often at the beginning of each school year. Our DPHS School Site Council (SSC) approves our Safe School Plan on an annual basis. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to create and maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. Dos Palos High School's Comprehensive Safety Plan was reviewed and updated in May by the School Safety Planning Committee and the law enforcement training and consulting firm, Knowledge Saves Lives. The plan with any changes is approved by the Dos Palos Oro-Loma Joint Unified School District Board of Trustees annually.

Professional Development

Over the last two years, the primary mode of enhancing teaching practices has been through monthly hour-long staff development sessions consisting of both grade level and content specific collaboration. These meetings are aimed at identifying effective teaching strategies for better meeting the learning needs of students. During the grade-level collaboration, teachers discuss both perceptual data and hard data acquired through benchmarks to address students' strengths and weaknesses. Teachers also meet as departments once a month for department meetings and are given a planning day once a quarter to address teaching practices and disaggregate data from benchmarks to better address learning strengths and

Professional Development

weaknesses. DPHS has recently moved to Illuminate to both administer and gather benchmark data in math, ELA, science and social science classes. This data is used to help guide and monitor student learning across all the curriculums. Departments use this data to develop lessons and units, create assessments, evaluate student learning and modify instructional planning and practices to better meet the needs of all students.

DPHS administrators and teachers work together to identify both strengths and weaknesses in student learning. Based on the most recent data, it was apparent that the math standards needed much more attention as that was a major weakness in both State testing and in benchmark data. DPHS has since focused attention on better serving our students in math overall by implementing local benchmarks and focusing on unpacking and understanding the Next Generation Science Standards by adopting a new curriculum on science and moving to an integrated three-year model. All science teachers are currently in a county-wide PLC in an effort to better teach the curriculum and standards. All teachers are encouraged to both look for and attend professional development that will help them with their content and their teaching practices. The district provided two opportunities for professional development this year that was offered to all teachers.

The District offers professional development in academic achievement, social emotional learning, student engagement, and data driven practices.
