2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Seven Hills School is a fourth through eighth grade school that serves the students in Nevada City and the surrounding areas. Seven Hills School enjoys a strong academic reputation, balanced with an exciting elective program that supports student's academic and personal interests.

The fourth, fifth and sixth grades are self-contained with students moving during the day to math and elective classes. In the seventh and eighth grade, students have a homeroom teacher, who serves as their first period teacher. After homeroom, students move throughout the day to math, science, PE and Humanities (English Language Arts and history). Humanities is a two period core program that focuses on English Language Arts instruction and the history being studied at that grade level. Seventh graders study the Medieval and Renaissance time periods. Eighth graders study United States history beginning with the founding of the colonies and moving through the Civil War and Reconstruction.

All five grade levels have major academic projects that focus on the history curriculum. The fourth grades do a California Mission project. The fifth graders do a States Project. The Sixth graders participate in the International Cultural Event. Seventh graders have a simulation history event titled the Medieval Feast. Eight grade students complete the U.S. Constitution test. Other subject area projects occur in Science, Math and Physical Education. Elective offerings include Band, Choir, Art, Garden, Technology/STEAM (4 classes), the Bicycle Recycle Project, Spanish, Leadership, Health, Drama, and Academic Advisory classes.

Principal's Message

Seven Hills Middle School is a community of students, parents, teachers and volunteers that pride themselves on transitioning children from elementary school to the rigors of being a high school student. We feel that students gain the academic skills and a healthy sense of their potential by being challenged in a rigorous and creative environment.

The Seven Hills Middle School academic program is designed to reflect the community's hopes and aspirations for its young people. The daily course of study provides equal time for the five core areas of English, history, math, science and physical education; while also providing a strong influence in the visual and performing arts, technology and enrichment courses.

2023-24 School Description and Mission Statement

Students have a strong connection to the daily activities of the school through their homeroom class. The homeroom teacher is the daily connection that each student has to the school and provides a portal for home school communications. Parental involvement in daily school activities is strongly encouraged. The Seven Hills Middle School program addresses the needs of the whole child, and lessons in responsibility and decision-making are as important as lessons in mathematics, reading, writing and the arts.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Seven Hills Middle School was originally constructed in 1971 and is currently comprised of 27 classrooms (including portables), a library, a computer lab, three science labs, one athletic field, one paved area for sports, a theater/cafeteria/multipurpose room, a band room, the bicycle recycling facility, and the main office.

In January 2006, a \$2.5 million modernization project was completed at Seven Hills Middle School. All classrooms and the gymnasium received extensive upgrades including, but not limited to, new lighting and flooring. The library was also expanded, new staff work and preparations facilities were added, and outdoor structures were erected to provide students additional shelter from the elements during their breaks.

Seven Hills Middle School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The Principal works daily with two custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

A scheduled maintenance program is administered by Seven Hills Middle School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Nevada City School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents play an important role in the success of the school. Parents are active participants in the Parent Student Teacher Association (PSTA), School Site Council, Nevada City Schools Foundation, and as classroom volunteers. Parents are kept informed of school activities and programs through the Seven Hills bi-weekly online newsletter. The PSTA meets monthly to organize activities and fundraisers in support of the school. Activities that have been funded by the club include: school beautification projects, technology improvement, curriculum and art enrichment, field trips, and graduation ceremonies. (sevenhills.ncsd.school) Parents have internet access to information regarding their student's progress in all classes via our Student Management System, PowerSchool. Secured logins and passwords are issued to parents at the start of the school year. There are many ways for parents and community volunteers to be involved in our student's education. Opportunities include: volunteering through the Parent Student Teacher Association (PSTA), being a member of the Seven Hills Site Council, stepping forward as a classroom volunteer, assisting a sports team, helping supervise at lunch, teaching an afterschool enrichment class or a variety of other important roles.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

Student safety is a primary concern of Seven Hills Middle School. Teachers monitor students on campus before school, at morning recess, and after school. Classified staff supervise students during the lunch break. All visitors must sign in at the school's office and receive proper authorization to be on-site. Visitors are asked by the staff to display their pass at all times.

The School Safety Committee revises Seven Hills Middle School's Safety Plan annually in the fall, and throughout the year as needed. Safety plan is Board approved in March. Changes are reviewed immediately with all staff members. Key elements of the Safety Plan highlight the school's Disaster Preparedness Plan including wildfire safety and staff response during an emergency. Emergency drills are held on a regular basis; fire and earthquake drills are held five times per year, and secure campus drills are conducted four times per year.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and State earthquake standards.

Fiscal Year 2022-23 Types of Services Funded

- Parent Support**
Eight week parenting class offered through the county. The classes offered addressed strategies to help students be successful in school, homework, organization at home, and communication between home and school.
- Professional Development**
Continued education is vital to supporting a growing and improving educational environment. Staff members have opportunities throughout the year to attend professional workshops, work with county coaches in specific areas or attend county-wide staff development days with a menu of learning choices.
- Safety**
School Safety and Violence Prevention: Provides additional campus supervision before and after school, as well as, during lunch and breaks.
- Special Education**
Individuals with Disabilities Act (IDEA): Is a Federal program that provides supplemental instructional support for students with an active Individualized Education Plan (IEP) in the form of specialized academic instruction, speech and language services, and counseling services.
- Special Education: Is a State program that provides funding for Special Day Class (SDC), Resource teachers, instructional aides, speech and language services, and counseling. The district provided SDC teachers, RSP teachers, Speech and Language Therapists, School Psychologists, and instructional assistants for these programs. The annual State funding that NCSD receives rarely covers the costs of implementing the Special Education programs. The needed additional funding comes from the General Fund.
- Williams Settlement Act Instructional Materials**
Ensures that all students with standards-aligned textbooks and materials in subject areas having specific California common core state standards (CCSS). The district must submit quarterly reports to the State of California
- Student Enrichment**
After School Enrichment: Three (3) Sessions of enrichment classes offered to students, each session lasting six (6) to eight (8) weeks.
- Individual Parent Donations: Specifically used to support field trips, technology, and the performing arts.
