2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Profile:

The Ready Springs Elementary School is located in Penn Valley, California, and is in the Penn Valley Union Elementary School District. Ready Springs Elementary School was established in 1957. Ready Springs serves TK-8th-grade students. We have a Transitional Kindergarten class and a full-day Kindergarten class. Our ASES-funded after-school program is available to all families at no charge. We also offer before-school care at no charge to families beginning at 7:15 a.m. Ready Springs is a rural school. We have a county-run Family Resource Center housed on our site where families can get support to access other available resources such as preschool-aged play groups, mental health services, in-home support services, as well as parenting classes. We have implemented Restorative Justice as a means to address student behaviors and as an alternative to suspension. The efforts have had a tremendous impact on supporting the Social-Emotional needs of our student population. This program is supported by the school community, our Registered Behavior Technician, and the Administration. Ready Springs has a variety of elective options to engage our 6th-8th grade students, including drama, skateboarding, academic support, music art, and many more! In addition, we have launched the THRIVE Student Store! Students shop free of charge for food staple items. During the 2023-2024 school year, Ready Springs began the implementation of AVID. This implementation is supported by the District with ongoing professional development.

School Mission Statement: To understand each child and promote individual success, we will build relationships with knowledge, enthusiasm, and patience. By advocating, encouraging, and modeling with compassion and respect for our students, they will learn that life-long growth and change are achievable through hard work and perseverance.

School Vision: The Penn Valley Union Elementary School District inspires a passion for learning and promotes engagement and belonging while maximizing the potential of every member of our school community.

Ready Springs is a school-wide Title 1 school. We have a Title 1 intervention, and one half-time Title one teacher to support an RTI model of intervention for grades K-5 in reading and math. Local assessments, both formative and summative, are monitored weekly, each trimester, and at the end of the school year for progress monitoring and assess the success of programs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Our facilities are continually maintained. Ongoing repairs to aging facilities are in progress. Regular site inspections are conducted and reported to the Maintenance Supervisor. Nevada County Superintendent of Schools conducts our annual FIT inspection/Report. A major modernization project was initiated in the 2022-2023 school year and will be completed by the end of the 2023 calendar year. The modernization included remodeling of the 7th-8th grade science room, gymnasium bathrooms, paths of travel, and stage renovations to comply with current ADA requirements. Additionally leaking windows and aging doors have been replaced. We have sufficient custodial staffing to ensure that the campus is kept clean daily with a full-time day custodian and a full-time night custodian.

A review of playground equipment is ongoing as our play structure is aging.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement	
Parents play a very important role at Ready Springs School through their active participation and involvement in the School Site Council, Parent Teacher Committee (PTC), various annual events, and advisory committees, and by regularly volunteering their services in the classrooms. Parents are considered a vital link in the success of our children and our school. Through these organizations and our Roots and Wings Educational Foundation, parents and community members help shape curriculum and policies, in addition, to funding special projects to purchase equipment and supplies to benefit our students.	
All take a supportive, active, and collaborative role in every aspect of our school. The school's website links to a parent page, school Facebook page, and PTC Facebook page, giving parents access to current information about activities and meetings. We also have principal chats, inviting the parents and community to come and talk about topics of interest. A monthly newsletter is sent to families highlighting events, initiatives, and topics we feel families could benefit from additional resources and information.	
Each of these groups has played a vital role each year as we work to innovate outreach to our community and provide safe enriching educational opportunities.

2023-24 School Safety Plan

In compliance with Ed Code 35329.6, the District Comprehensive Safety Plan is reviewed updated, and approved by the Governing Board annually, by March 1. Each school maintains a copy of the Safety Plan on site and a copy of the Response Plan is provided to every employee. Key elements of the District Comprehensive Safety Plan include a plan of action for coordinated district-wide response to emergencies (i.e. natural disasters, evacuation from sites, an intruder on campus, fire, emergency lockdown, etc.) and emergency phones/contacts. The plan also includes information on school climate, bullying, and proactive measures to protect the safety of all students and staff.

Safety drills are held regularly. Fire drills are held monthly. Duck and cover, lockdown, and shelter-in-place drills are held twice a year. All staff wear staff IDs whenever they are on campus and carry walkies. We invite County safety partners to our staff meetings for ongoing training. Visitors to the campus are required to sign in at the school office and wear a volunteer/visitor badge at all times. This plan is reviewed by the site council and updated annually by March 1 of each year.

Fiscal Year 2022-23 Types of Services Funded

In hard economic times, schools must spend wisely. Our District supports many programs and services, in addition to the general education program. Some of these are Title 1 teacher and staff support, Speech and Language Specialist, Special Education programs, library, physical education with support programs, Accelerated Reading Programs, School Psychologist, School Nurse, School Counselor, Before & After after-school education and Enrichment Programs, Occupational Therapist services, 1-1 device for students, and individual technology-based support programs. The Roots and Wings Foundation supports Ready Springs School students through their fundraising events and the Parent Club supports classrooms in a variety of ways. While ESSER funds were helpful in the immediate aftermath of the pandemic, those funds are sunsetting requiring the District to evaluate programs to ensure fiscal stability.

Professional Development

Through the use of Title II and ESSER funds, teachers have access to professional development that aligns with District, school, and/or teacher goals. Nevada County Superintendent of Schools also supports teachers and administrators with various professional development classes. Over the past three years, the District provided four professional development days with a focus on topics of current relevance as well as time for the development of professional learning communities in the district. Our continued emphasis has been on social-emotional learning, data review, and writing instruction. Additionally, we have also focused professional development on Restorative Justice as a means to support behavior and as an alternative to suspension. New teachers are offered the opportunity to clear their credentials through the Butte County Induction Program for beginning teachers. Based on a review of student performance in the 2022-2023 year the Ready Springs School decided to become an AVID school. The rural school AVID implementation training began in the summer of 2023 and is ongoing. The district has fully supported the implementation and training of staff through Educator Effectiveness funds. All staff will be trained over a three-year implementation cycle. We aim to be fully certificated by the end of year three implementation.
