2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Williams Ranch School, established in 1992, is located in Western Nevada County and serves TK-5 students. The semi-rural setting of the school supports the pervasive caring community culture of the school. All students are valued as unique learners, with support systems and enrichment opportunities tailored to meet their needs. Standards-based instruction and a strongly committed teaching staff combined with a focus on student learning contribute to this high-quality educational environment. During a normal school year, the District fully implemented Universal Access which includes intervention and enrichment opportunities. These dedicated blocks of time are intended to meet the individual students' academic and social-emotional needs within mixed grade level groupings.

For the 2023-2024 school year, we have moved through the school year with preventative safety measures in place. In addition, there has been an emphasis on regular school attendance through reward systems and an increase in school-parent communication. All students receive academic and social emotional support with Title 1 support services and an RBT. We have before school care and after school care enhanced with enrichment activities available to all students. In addition, our instructional model is enriched through a weekly arts program, garden education, and library time. Social emotional support, academic intervention, and family outreach continue to be a high priority as we support students and families through the year.

School Vision: The Penn Valley Union Elementary School District inspires a passion for learning and promotes engagement and belonging while maximizing the potential of every member of our school community.

School Mission Statement: To understand each child and promote individual success, we will build relationships with knowledge, enthusiasm, and patience. By advocating, encouraging, and modeling with compassion and respect for our students, they will learn that life-long growth and change are achievable through hard work and perseverance.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The most recent Facility Inspection Tool (FIT) report indicates that the overall school facility is in "Good" condition. A regular cleaning and sanitation schedule exists for the facilities. Williams Ranch has one full time day custodian and one half time evening custodian. The full time day custodian also manages the facility and grounds on campus. A review of outdoor playground equipment is on going.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	49	65	34	37	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents play a very important role at Williams Ranch School through their active participation and involvement in School Site Council, Parent Teacher Organization (PTO), various annual events, advisory committees, and by regularly volunteering their services. Parents are considered a vital link in the success of our children and our school. Through these organizations and our Roots and Wings Educational Foundation, parents and community members help shape school culture and policies, in addition, they are vital in funding special projects to purchasing equipment and supplies to benefit our students. All take a supportive, active, and collaborative role in every aspect of our school. The school's website links to a parent page and school and PTO Facebook pages giving parents access to current information about activities and meetings.

2023-24 School Safety Plan

In compliance with Ed Code 35329.6, the District Comprehensive Safety Plan is reviewed, updated and approved by the Governing Board annually, by March 1. Each school maintains a copy of the Safety Plan on-site and a copy of the Response Plan is provided to every employee. Key elements of the District Comprehensive Safety Plan includes a plan of action for coordinated district-wide response to emergencies (i.e. natural disasters, evacuation from sites, an intruder on campus, fire, emergency lockdown, etc.) and emergency phones/contacts. The plan also includes information on school climate, bullying, and proactive measures to protect the safety of all students and staff.

Safety drills are held on a regular basis. Fire drills are held monthly. Duck and cover, lockdown, and shelter in place drills are held twice a year. All staff wears staff ID whenever they are on campus. This plan is reviewed by the site council and updated annually by March 1 of each year.

D. Other SARC Information

Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2020-21 Elementary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per class). The “Other” category is for multi-grade level classes.

Fiscal Year 2022-23 Types of Services Funded

In hard economic times, it is imperative for schools to spend wisely. Our District supports many programs and services in addition to the general education program. Some of these are Speech and Language Specialist, Resource Program, Library, Physical Education with support programs, Accelerated Reading Program, School Psychologist, School Nurse, School Counselor, Before & After School Education and Enrichment Programs, Occupational Therapist services, and Individual technology-based support programs.

The Roots and Wings Foundation supports Williams Ranch School students through their fundraising events and the Parent Teacher Organization supports classrooms in a variety of ways through their fundraising events. The District continues to support the MTSS initiative providing multi-tiered system of supports to students.

Professional Development

Through the use of Title II funds and Educator Grant funds, teachers have access to professional development that aligns with the District, school, and/or teacher goals. Nevada County Superintendent of Schools also supports teachers and administrators with various professional development classes. Every Wednesday is an early release minimum day. During Wednesday afternoons teachers collaborate to evaluate common benchmark assessments and analyze student assessment data to improve instruction, student learning, and enrichment opportunities and intervention groupings. First and second-year teachers participate in 90 hours of mandatory professional development each year through the Butte County Teacher Induction Program.

This table displays the number of school days dedicated to staff development and continuous improvement.
