2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Loomis Basin Charter School is proud to be an accredited International Baccalaureate World School for the Primary Years Program and the Middle Years Program. We strive to promote an environment where children are encouraged to take risks as they experience diverse and challenging academic opportunities. During their years at LBCS, students will become independent thinkers and develop a lifelong love for learning. Students receive an international education, cemented on character education as a foundation to develop an open-mind, respect, and responsibility. Loomis Basin Charter School uses the Common Core Standards as an anchor curriculum; however, teachers use the IB framework approach to organize and teach the curriculum through carefully planned and approved units of inquiry. At LBCS, all students receive instruction in Spanish. By focusing on the dynamic combination of knowledge, skills, independent critical and creative thought and international-mindedness, LBCS is educating students to become active, responsible citizens.

Our vision statement is that we are a community of learners empowered to enact positive change in the world. We strive to nurture meaningful relationships, encourage service, and cultivate kindness, empathy, and intercultural awareness by teaching open-mindedness. The Loomis Basin Charter School staff are student-centered, innovative, committed, enthusiastic, educational leaders. They respect student diversity, strengths, and learning challenges. They understand and implement research-based strategies. All staff have high standards for their students, colleagues and themselves. The community is an empowered, positive, collaborative voice that supports teaching and learning and participates in educational decision making for students. The school's vision embraces the global community and is committed to meaningful partnerships. Loomis Basin Charter School is committed to student success.

Loomis Basin Charter school is part of the Loomis Union School District, located in the quaint, family-oriented town of Loomis. Loomis is located about 25 miles northeast of Sacramento and is only ten minutes from Folsom Lake and a little over an hour away from either Lake Tahoe or the San Francisco Bay. Loomis Union School District is comprised of seven elementary schools, including Loomis Basin Charter School, and serves students in transitional kindergarten through eighth grade. At the beginning of the 2023-24 school year, 504 kindergarten through eighth grade students were enrolled at Loomis Basin Charter School.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on October 7, 2023 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in October, 2023 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. At the time of publication 100% of the school's restrooms were in good working order.

The table displays the results of the most recent school facilities inspection provided by the district. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The District will analyze FIT data and will continue to allocate resources from Routine Restricted Maintenance accounts and other funding sources to address deficiencies.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	60	66	63	64	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents and the community are very supportive of the educational program at Loomis Basin Charter. Parents are very active at the school site, participating in the Parent-Teacher Committee, School Site Alliance and serving as volunteers on the campus. We also have an active Dads of Great Students (DOGS) program where father-figures volunteer to help supervise at recess and work hands-on in classrooms. Parents are encouraged to volunteer at the school fostering a close bond between parents and the school. Additionally, parents are encouraged to come in to classrooms as docents or guest speakers to share their professional expertise as it aligns with current units of study. Parents are also encouraged to join with other Loomis Union School District parents in volunteering for and attending Loomis Basin Education Foundation events. LBEF raises money for arts and technology in all Loomis Union School District schools.

2023-24 School Safety Plan

The safety of students and staff is a primary concern at Loomis Basin Charter School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The Comprehensive School Safety plan was reviewed and updated on October 4th, 2023 by the School Site Alliance and reviewed with all staff at a staff meeting on August 21, 2023. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster or crisis. The Safety Plan outlines disaster and crisis response procedures, including information about ingress and egress routes, evacuation and relocation destinations, staging areas, and a plan for recovery. Evacuation, shelter in place, lockdown and safety drills are conducted on a regular basis throughout the school year. In addition, students and staff receive ALICE (Active Shooter Preparedness Training) in order to be better prepared in the event that an active shooter enters campus.

The plan also outlines check-in and check-out procedures. All visitors must sign in at the school office and sign out upon leaving, and they must wear an identification badge identifying them as visitors. All LBCS and district staff also wear the LUSD badge while on campus. The designated drop-off and pick-up area for students is in the front of LBCS and Franklin campuses. Suspension and expulsion data for the last three years is included in the plan, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

Professional Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offered an average of three staff development days annually during the last three years where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies.

In addition, Loomis Basin Charter School offered three staff development half-days focused on curriculum, high quality first instruction, social-emotional supports, IB and student learning. Staff members at Loomis Basin Charter School attend annual IB workshops and trainings. Staff development needs are based on annual staff surveys, feedback from IB evaluation visits, and the release of new standards. Teachers work collaboratively with the IB Coordinator and the director to reflect on best practices and Program of Inquiry. Staff are encouraged to attend trainings and professional development outside of IB when training is appropriate for the teacher and the program. These types of trainings have included The Reading & Writing Project, The California Reading & Literature Project, Google Certified Educator training (level 1 and 2), Area 3 Writing Project. Teachers who attend outside Professional Development are expected to bring their learning back to the staff via presentations during Staff Meetings and PD days.

This table displays the number of school days dedicated to staff development and continuous improvement.
