2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Ophir Elementary School opened its doors in 1856 as a single school district. On July 1, 2008 Ophir Elementary School (now Ophir STEAM Academy) became the sixth school in the Loomis Union School District. Ophir STEAM Academy currently serves approximately 200 students in kindergarten through eighth grade. In addition, Placer County Office of Education's Deaf and Hard of Hearing program is also located on the Ophir campus. Ophir STEAM Academy is a family and community oriented school that takes great pride in maintaining many of the Ophir community traditions dating back to the Gold Rush era.

Ophir staff, families, and community members work collaboratively to create a safe, nurturing and academically engaging school environment, which support the tenets of the Science, Technology, Engineering, Arts/ASL and Mathematics (S.T.E.A.M.) program. Through primary music, instrumental band, the vocal ensemble program, American Sign Language instruction (K-8), art programs, and enrichment opportunities in coding, robotics, and the engineering design process, our students are actively involved within the school community of learners.

For the 2023-2024 school year, Ophir STEAM Academy will focus on the continued student growth towards mastery of the California Common Core State Standards (CCCSS), as measured by the California Assessment of Student Performance and Progress (CAASPP) for English Language Arts, Mathematics, and Science. With an emphasis on professional development, the continued implementation of the Multi-Tiered System of Support (MTSS) and ongoing collaboration, data analysis, high quality core instructional practices, targeted student supports and progress monitoring, all students will receive a rigorous instructional program that meets their individual needs.

Mission:

The mission of Ophir STEAM Academy is to welcome, encourage, and educate all learners by cultivating a safe, caring, and positive community.

Vision:

Ophir STEAM Academy will be recognized as a fundamental institution in our community, dedicated to inclusive, equitable, and STEAM-focused education.

2023-24 School Description and Mission Statement

Collective Commitments:

- As a caring staff, working in partnership with the community, we are committed to the following:
- Providing a rigorous and relevant curriculum through the implementation of the California Common Core State Standards (including the Standards for Mathematical Practice and the College and Career Readiness Standards).
- Developing the S.T.E.A.M. program through integration of science, technology, engineering, arts/American Sign Language, and mathematics.
- Utilizing a Multi-Tiered System of Support (M.T.S.S.) which focuses on the analysis of student assessment data to provide differentiated learning opportunities (both intervention and enrichment) based upon individual student needs (including academic, social, and emotional needs).
- Living by the Ophir C.A.R.E.S. Values of creativity, achievement, responsibility, empathy and safety.
- Promoting the life-long learning of teachers and staff as evidenced through their continued professional growth and development.
- Providing regular collaboration opportunities for teachers and support staff to analyze student data, identify targeted and specific supports for the continued growth and learning of all students, and to promote best instructional practices.
- Celebrating and continuing Ophir traditions that foster a safe, happy and inclusive school climate for all students.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on October 5, 2023 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in November, 2023 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Ophir Elementary School originally opened its doors to students in 1856. The current campus was constructed in 1927 and is comprised of 5 permanent classrooms, 4.5 portable classrooms, a library/media center, a staff/work room, a computer lab, and a playground. School facilities are all clean, safe, and provide adequate space for students and staff. The District will analyze FIT data and will continue to allocate resources from Routine Restricted Maintenance accounts and other funding sources to address deficiencies.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	69	70	63	64	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Ophir STEAM Academy greatly benefits from its supportive parents who care about the traditions of Ophir and its student-centered environment. The school has a strong base of parent volunteers who support our students and staff. There are a multitude of opportunities for parents to be involved in the Ophir school community including: serving on School Site Council (SSC), serving as art and garden docents, serving as volunteers in the classrooms, and participating in the Parent Teacher Club (PTC). The SSC assists in the review, updating, monitoring and evaluation of the Comprehensive School Safety Plan and the Single School Plan for Student Achievement. The PTC helps to organize and facilitate school/community activities, raises money to support our school, and supports our school through encouraging parental involvement. The school also benefits from several community partnerships, including the Loomis Basin Education Foundation (LBEF), Loomis Lions, Loomis Rotary Club, Auburn Assistance League, Soroptimist International, and the UC Master Gardeners. If interested in participating in these opportunities, parents are encouraged to contact the main office at (530) 885-3495.

2023-24 School Safety Plan

The safety of students and staff is a primary concern at Ophir STEAM Academy. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The Comprehensive School Safety Plan is updated annually by the School Site Council, is reviewed on an annual basis by community members (through an open forum), and by staff at the start of the school year. The school's safety plan includes actions for ensuring student, staff and community members' safety during a disaster. Actions include procedures/processes in response to a variety of crises, the incident command system, evacuation and relocation destinations, staging areas, and recovery and aftermath. The Comprehensive School Safety Plan was last reviewed and updated with the input of School Site Council in October 2023. A public hearing was held October 20, 2023 to present the Comprehensive School Safety Plan to faculty, student representatives, and the community.

Fire (evacuation), lockdown, shelter in place, and earthquake (drop-cover-hold) drills are conducted on a regular basis throughout the school year. Staff participate in annual safety training about responding to an active threat, and teachers provide student lessons around this safety measure that are adjusted for their specific grade level. Doors are closed and locked at all times around campus. Site administration conducts frequent walkthroughs with local fire agencies, as well as custodial and maintenance staff.

Professional Development

As part of the professional growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, certificated and classified staff. The district offered three staff development days during the 2021-22, 2022-2023, and 2023-2024 school years. During these staff development days staff members are offered professional growth opportunities to expand staff knowledge in curriculum, assessment and instructional strategies. Monthly after school staff development opportunities are also made available to our staff through staff meetings and optional professional development opportunities. Staff development topics are determined based on student achievement data, new adoption curriculum needs, technological needs, and teacher professional growth requests.

At the site level, Ophir STEAM Academy offers teachers and staff specific training in areas related to our school wide focus of Science, Technology, Engineering, Arts and Mathematics (S.T.E.A.M.) to enhance student learning. We also discuss opportunities to build and promote our C.A.R.E.S. program of schoolwide expectations and core values (creativity, achievement, responsibility, empathy and safety). Specifically, trainings have been offered in the following areas: STEAM, the engineering design process, responding to student behaviors, and high quality first instruction. Staff meetings, teacher-principal academic conferences, grade span planning meetings, and outside conferences serve as platforms to support professional growth for staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
