2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Executive Summary – School Accountability Report Card (SARC)

Welcome to the School Accountability Report Card (SARC) for Horizon Charter Schools!

The contents of this accountability document fulfills state and federal disclosure requirements. Parents and community members will find valuable information about Horizon's academic achievement; student performance and progress (standardized testing); professional staff qualifications and staff development; parent involvement, school climate, and pupil engagement.

School Profile:

Horizon Charter School (HCS) is based in Lincoln, California, offering educational services to over 1575 students throughout six counties: Placer, Nevada, Sutter, Yuba, Sacramento and El Dorado to prepare them for the challenges of the 21st. HCS is a Transitional Kindergarten through twelfth grade (TK-12), non-classroom based independent study charter with one classroom based Montessori program Tk-8, sponsored by Western Placer Unified School District. Proudly serving students since 1993, Horizon holds status as California's fifteen (15th) admitted charter school.

Mission Statement:

Ensure student success by providing flexible learning options and robust support to empower families throughout their educational journeys.

Vision Statement:

Prepare all TK-12 grade students to be life-long learners furthering their educational and/or career goals. We will partner with independent study families to provide robust support that ensure parents are equipped with the resources they need to teach their children so students;

- receive a quality education,
- meet all federal and state standards,
- have opportunities for socialization,
- have the ability to explore a variety of interests, and
- can follow their dreams.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Horizon assures each student has sufficient access to high quality textbooks, instructional materials, and equipment pursuant to the settlement of Williams vs. the State of California. Texts and supplementary materials are adopted to align with the California Department of Education adoption processes and consistent with current state standards and frameworks. All recommended materials are available for parent examination at the district office and prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used by our students.

All K-12 students complete a diagnostic assessment in math and reading at the beginning, middle, and end of each school year. Supplemental standards-based math and literacy curriculum and instruction is provided to all students through appropriate to identified student needs. English language learners are evaluated multiple times through out the year to assure the most adequate curriculum to support accelerated language development. Physical Education for middle school and high school includes content aligned with the CA Healthy Youth Act requirements. All K-12 students complete social emotional assessments multiple times throughout the year and supplementary resources are recommended to support wellness.

School Facility Conditions and Planned Improvements

Horizon Charter Schools (HCS) is an Independent Study non-classroom based educational program and therefore does not maintain traditional school district site facilities, nor is it required to complete the FIT report. HCS does maintain a Learning Center in Lincoln with an underlying rental agreement requiring the lessor to maintain the facilities in proper condition for the programs maintained at those facilities. This site maintains a Site Safety Plan.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	34	34	40	42	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Horizon currently offers 3 CTE Pathways each comprised of a 4-course sequence, including aligned participation activities that are designed to help students connect their learned knowledge with the real world of work in their selected career focus. Students may also select from additional CTE Electives. Our Career Technical Education Pathways are facilitated online by highly qualified instructors and cover 7 3 different industry sectors, including courses in:

- Agriculture and Natural Resources

Additionally, students at Horizon have the opportunity to complete the full sequence of UCOP-approved A-G courses required for UC/CSU college admissions. Guidance Counselors ensure all eligible students are also provided the opportunity to participate in Dual Enrollment college courses. (everyone is eligible)

Horizon Counselors work in tandem with students to participate in Dual Enrollment course offerings to complete courses through local community colleges in all CTE program Sectors: Arts, Media, and Entertainment, Building and Construction Trades, Business and Finance, Education, Child Development, and Family Services, Energy, Environment, and Utilities, Engineering and Architecture, Fashion and Interior Design, Health Science and Medical Technology, Hospitality, Tourism, and Recreation, Information and Communication Technologies, Manufacturing and Product Development, Marketing Sales and Service, Public Services, Transportation

HCS includes CTE and the HS programs as part of the Community Advisory Network (CAN) which evaluates our current programs and provides critical feedback for program development. The CAN includes administrators, Guidance Counselors, Teachers, and families. Additionally, our Guidance Counselors and High School Instructional Leadership Team include CTE program development as part of a continuous effort to enrich opportunities for students. The subcommittee for CTE includes Guidance Counselors, Administration, Teachers, and County leadership.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents or family-assigned home educators support and facilitate their child's education under the direct supervision and guidance of a certified teacher and other school staff in developing and implementing their child's personalized learning plan. Parents oversee the daily engagement of their child's learning and are an integral part of the student's success. They are welcomed to Horizon with direct contact from the program administrator. All high school students are also assigned a Guidance Counselor to develop a personalized course plan. Each Academy also has a Parent Mentor responsible for providing monthly parent workshops and new family orientations and is available at many school-sponsored, in-person events.

Additionally, each academy has an assigned representative to serve on the Community Advisory Network and the ELAC committees. Monthly Parent Workshops are provided throughout the school year to help parents improve their teaching skills and strengthen their teaching strategies. Additionally, each Academy offers weekly drop-in support to assist families with specific technical challenges. New families are invited to a New Parent Information Session Orientation/Onboarding Training and Parent Education Events and are invited to participate in the other professional development opportunities. New students are provided orientation training to assist with a successful transition and improve full engagement.

Parents have many opportunities for involvement through our school program offerings, including weekly regional family and student engagement events, College/Career Readiness Workshops, pop-up curriculum tables out in the community, and virtual information presentations. Additionally, Weekly student engagement events and coordinated virtual Study Trips provide networking opportunities with other families and community education professionals. Parents interested in additional opportunities for involvement with the school are encouraged to share their ideas with HCS staff, to complete our quarterly school surveys, and to consider participation on the LCAP / WASC Planning Teams or the ELAC or Community Advisory Network. Parents may also apply for a role as a Parent Representative on the Governing Board.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2023-24 School Safety Plan

Horizon Charter Schools (HCS) School Safety Plan is reviewed annually. A designated Administrative team provides communications to the entire HCS staff regarding any applicable changes to the School Safety Plan. All facilities that provide student services or house school employees are equipped with written and accessible “Readiness and Emergency Plans” that address classroom/building school wide crisis response protocols and any necessary PPE and COVID safety protocols for in person workers. The school employs Psychologists and Counselors to develop preventive trainings and to provide support in the event of a crisis incident. The Governing Board recognizes that students have the right to a safe and secure school environment, free from physical and psychological harm. Policies have been adopted to maximize school safety, addressing the areas of: Student Conduct, Tactical Response to criminal incidents, and Zero Tolerance around the use of controlled substances. In its commitment to provide a safe and healthful work environment, the school requires staff training in the areas of Mandated Reporting, Universal Precautions for Blood borne Pathogens, Sexual Harassment, Youth Suicide Prevention, and Mandated Reporter/Child Abuse and Neglect.

Fiscal Year 2022-23 Types of Services Funded

Horizon Educational Services are funded by State resources that include the Local Control Funding Formula (LCFF). The LCFF is used to address the 8 State Priorities for All students. Horizon's Local Control Accountability Plan (LCAP) outlines 5 goals that address those State Priorities. The LCAP goals are focused in the following areas:

- All students, TK- grade 12, demonstrating college and career readiness indicators leading up to and upon graduation.
- Students, families and staff demonstrating a focus on learning through active engagement in the Horizon Charter School community as evidenced by communication, collaboration, equity, and efficacy.

These goals are supported by actions that are carried out annually and continuously. The types of services that are funded include; Instructional materials, staff development, TK-12 core and enrichment curriculum and courses, Career Technical Education (CTE), AG/AP courses, Special Education, Counseling Services (Academic and Career), Access to Technology devices and programs, English Learner Development programming, Specialized services to support Foster Youth (FY) and Socio- Economically Disadvantaged students (SED), Intervention/Instructional Support, Staff Professional Development, and Parent Education.

Professional Development

Horizon Charter School continues to develop a continuous improvement model with the intent to regularly assess and improve practices to assure improved outcomes for students and improved instructional practices. Each month HCS administrators review a body of evidence to identify short-term and long-term professional development needs and use a variety of survey tools to formally gather input from all stakeholders. As part of our LCAP development and implementation plan, we develop a professional development plan to support the LCAP goals and action items. The plan outlines training for all administrators, certificated teachers, classified staff, parent educators, Mentors, and TOSAs. Each professional development is reviewed and evaluated for the content, the impact, and the method to inform future training.

This past year, a new curriculum and new interventions were implemented and significant training was provided to prepare for the year, including; pilot programs, ongoing professional development, the establishment of instructional TOSA, and the formation of curriculum leaders to help provide sustained support for the new curriculum. To further support continuous improvement efforts, HCS has further developed the implementation of PLCs for teachers, administrators, TOSAs, and classified staff to provide a forum for focused conversations around student performance and progress, curriculum implementation, standards awareness and alignment, and systems assessment and improvement. Additionally, HCS has developed a distributive model to grow capacity across the organization with multiple training Teams to support and develop internal capacity.

HCS provides annual training relative to ongoing initiatives, including UDL, MTSS, and SEL. HCS has adopted 4 key initiatives: CORE data, Continuous Improvement, PLCs, and smaller Academies with a structural shift to smaller grade level bands to improve understanding of the CCSS, curriculum, and instructional practices appropriate to student developmental needs and grade level. Placer County Office of Education trainers supported the initial training and development of our PLC model and HCS has also partnered with state leaders to provide CORE data training and continuous improvement training for all leaders in a distributive model so that leaders can then train their staff. Administrators meet weekly as part of a problem-solving team to refine ongoing professional development.
