2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Highland Academy Charter School. Situated in the heart of the San Geronio Pass in Beaumont, California, Highland Academy stands as a locally-funded, independent charter school dedicated to fostering educational excellence for students in Transitional Kindergarten through 8th grade.

Since its inception in 2013, Highland Academy has been a collaborative endeavor, involving the active participation of local educators, administrators, parents, and community members. Our primary objective is to facilitate an environment wherein every student can realize their full potential and discover their innate capabilities, irrespective of the form those may take.

Highland Academy places a strong emphasis on academic achievement, encouraging students to pursue excellence through the cultivation of qualities such as diligence, self-discipline, and collaborative engagement with peers. Operating within the educational standards of California, the school provides a project-based learning atmosphere that allows students to explore educational opportunities.

Our institution adopts a flexible instructional approach, affording educators the latitude to tailor their teaching methods and leverage diverse resources and interventions to support student learning. At Highland Academy, we are deeply invested in the individual success of each student, considering their aspirations as our own and committing ourselves to aiding them in attaining their goals.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Highland Academy presently leases its campus situated at 715 Wellwood Ave. from the Beaumont Unified School District. The school assumes responsibility for and ensures the maintenance of the campus, upholding standards of cleanliness, safety, and functionality. The campus encompasses 17 classrooms, a staff lounge equipped with a copy room, an administrative office, and a lunchroom. Custodial services are executed on a daily basis, encompassing the clean up and disinfection of all frequently used and touched surfaces/areas on campus. Highland Academy is committed to ensuring that requisite repairs essential for the upkeep and operational efficiency of the school are expeditiously addressed. Routine inspections are conducted by personnel from the school, city, district, and county.

In our capacity as community members, we take great pride in preserving the condition and visual appeal of our school environment. Over the years, Highland Academy has undertaken numerous enhancements to the facility, including painting, the installation of sidewalks and curbing, cleaning and repairing exterior windows, reseeding the lawn, implementing energy-efficient lighting in all campus buildings, and upgrading the Wi-Fi network and emergency response systems. The district has collaborated in initiatives such as repaving the blacktop across the campus, replacing roofing on multiple buildings to preclude leaks and water damage, and upgrading/replacing various HVAC units as needed. Additionally, the acquisition and placement of new exterior tables and benches throughout the campus create conducive areas for students to engage in outdoor study and lunch activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	25	30	30	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Highland Academy Charter School firmly believes in the collaborative pursuit of educational objectives, recognizing the indispensable role played by parents and family members in this endeavor. Consequently, we actively promote and extend invitations to parents and family members to become integral participants in their student's educational journey. This approach is manifested through various avenues, encompassing attendance and support at evening and weekend events, involvement in our sports and ASB programs, engagement in school-coordinated service opportunities, volunteering within their student's classroom, and participation in monthly school board meetings.

To facilitate effective communication, our school utilizes Bloomz, ensuring comprehensive outreach to 100% of our families through email, text, and phone channels as required. We strongly encourage families to initiate contact with both teachers and administrators when questions or concerns arise, providing multiple avenues for communication. This open-door policy fosters an unrestricted exchange of information, enabling us to address student needs promptly and effectively.

2023-24 School Safety Plan

Our school has established a safety committee comprising administrators, educators, and parent volunteers possessing expertise in the realm of school safety. This committee is tasked with the ongoing enhancement of the safety protocols at the site, focusing on necessary improvements in the spheres of general safety and disaster preparedness. Highland Academy conducts routine emergency drills aimed at practicing evacuations and disaster response procedures.

Highland Academy maintains a comprehensive training program, ensuring that all staff members receive instruction in critical areas such as fire evacuation, first-aid, allergy management, intruder response, suspected child abuse reporting, and anti-bullying measures. The institution is equipped with twenty-four-hour video surveillance and direct police and fire response systems to bolster security measures.

In adherence to a proactive safety approach, our school's safety plan undergoes an annual review and update, with the most recent revision presented to the Board on August 25, 2023. This commitment to regular evaluation and enhancement underscores our dedication to maintaining a secure and resilient educational environment.

Fiscal Year 2022-23 Types of Services Funded

The programs and supplementary services we offer are in accordance with the priorities and objectives delineated in our school's Local Control Accountability Plan (LCAP). Academic interventions are extended in the subjects of English Language Arts (ELA) and mathematics for students requiring more intensive academic support. The progress of all students is systematically monitored and assessed through the utilization of Curriculum Associate's iReady diagnostic program.

Beyond regular school hours, tutoring sessions are made available during both after-school and during lunch periods. Moreover, we extend after-school child care services until 6:00 pm through our HOWL After School Program.

In regards to student well-being, two dedicated school administrators, academic coach, campus supervisor, and school counselor are employed to keep students safe and provide guidance and support to students who need assistance in navigating challenging situations, both within and outside the school environment.

Professional Development

Fridays at Highland Academy are designated as "Early Release Days," providing our staff with weekly occasions for collaborative endeavors, lesson planning, and participation in staff meetings. Throughout the academic year, teachers receive sustained support through classroom observations, coaching sessions, and access to external training and conference opportunities as they arise.

In addition to ongoing support, teachers are allocated two professional development days. During these days, teachers have the option to secure a substitute to facilitate classroom coverage while they engage in observational activities of their peers on campus. These days afford teachers the opportunity to collaborate with our school's academic coach, fostering continuous professional growth and development.

This table displays the number of school days dedicated to staff development and continuous improvement.
