2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Our Mission at SCALE Leadership Academy-East is to establish a TK-12th grade independent, virtual, non-classroom-based public charter school that sets students on a path to success. SCALE will support students at their academic level through an Individualized Learning Plan (ILP) that incorporates strategies to help the whole child academically and emotionally. It is our aim that upon leaving SCALE Leadership Academy East, students:

1. Are prepared to perform to their individual best and identify personal strengths to achieve success.
2. Utilize technological resources and problem-solving to execute life skills and learning.
3. Are motivated and can effectively communicate how to succeed and have had awareness of college expectations.
4. Have developed a personal commitment to serve as leaders of the 21st century.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	24	24	16	16	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

As SCALE Leadership Academy enters its fourth year of offering Career and Technical Education (CTE) courses, we proudly look back on the journey that commenced during the 2020/2021 academic year. The initiation of the CTE program was a pivotal step in broadening and enhancing our educational offerings. Over these years, we've seen a steadily growing interest in CTE among our students, reflecting the program's relevance and impact.

Our comprehensive CTE curriculum is designed for students in grades 6-12, seamlessly integrating core academic subjects with specialized CTE coursework. The program includes a diverse array of courses in the Arts and Media Industry such as Multimedia I, Photography, Digital Marketing, Graphic Design, Film Production, Audio Production, and Media Broadcasting. We also offer Medical Terminology within the Health and Science Industry. These courses not only adhere to rigorous academic standards but also equip students with practical skills that are in demand in today's job market.

In addition to classroom instruction, SCALE Leadership Academy has established partnerships with third-party vendors to provide experiential, hands-on training. This practical aspect of our CTE program is carefully tailored to align with each student's Individual Learning Plan (ILP), focusing on their specific goals and fostering growth in targeted tasks, skills, and standards.

The growing interest and enthusiasm from our students as we enter the fourth year of our CTE program are a clear indicator of its success. At SCALE Leadership Academy, we are committed to continuing our efforts in providing a dynamic educational environment that not only fosters academic excellence but also prepares our students for successful and fulfilling careers.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

We are committed to fostering a collaborative environment where parent input is not only sought but also highly valued in shaping the educational landscape. Our initiatives include:

1. ****Regular Communication Channels****: Establishing open lines of communication, such as newsletters, parent-teacher meetings, and digital platforms, to keep parents informed and involved in ongoing school activities and decisions.
2. ****Parent Surveys and Feedback Forms****: Conducting regular surveys and providing feedback forms to gather parents' opinions, suggestions, and concerns, ensuring their voices contribute significantly to decision-making processes.
3. ****Parent Committees and Councils****: Encouraging parents to participate in various committees, including the School Site Council, where they play a direct role in reviewing and influencing key decisions, especially in the development of the Local Control and Accountability Plan.
4. ****Parent Involvement in School Events and Programs****: Inviting parents to take part in school events, workshops, and other programs, providing them opportunities to engage with the school community and influence school culture and policies.
5. ****Inclusive Decision-Making Meetings****: Holding meetings where parents can discuss and provide input on important school matters, ensuring transparency and inclusivity in the decision-making process.

Through these efforts, our district demonstrates a strong commitment to prioritizing Parental Involvement, recognizing the crucial role parents play in the educational journey of their children and the community at large."

C. Engagement

State Priority: Pupil Engagement

2023-24 School Safety Plan

At SCALE Leadership Academy East, we prioritize safety by implementing a comprehensive and adaptable safety plan. This plan, designed to address various disaster scenarios, is subject to yearly updates as needed. Our staff is well-prepared for diverse emergencies thanks to regular training and participation in bi-annual drills. We actively incorporate group feedback to refine our safety strategies.

A dedicated team within our staff focuses on ensuring all aspects of safety for students and staff. As mandated reporters, all employees are legally required to report any known or suspected cases of child abuse or neglect. Furthermore, many of our staff receive additional, specialized safety training during the year to enhance our preparedness and response capabilities."

Professional Development

SCALE Leadership Academy is committed to providing robust and comprehensive professional development activities for our staff. There is an emphasis on enhancing the skills necessary to deliver effective data driven instruction through the implementation of Common Core Standards and beyond. Trainings include opportunities in researched-based instructional strategies and technological competencies as well as a variety of professional development activities that are grade level and content specific.

Professional Development is conducted in person, virtually, and off site as necessary. Trainings occur on an individual basis, large group, or small group as necessary. The majority of trainings are conducted by school leadership staff. Teachers also have the opportunity to present trainings in specialized areas. Learning platform specialists routinely conduct trainings on the curricular and intervention platforms. Additionally, staff are selected to attend workshops and conferences such as the National Charter School Convention. Added educational resource developmental workshops such as Acellus curriculum training, as well as any opportunities for workshops offered by state and or county departments are added as they arise. Teachers are supported through continuous observations, individual coaching, peer coaching, evaluations, regular feedback, and data analysis. Starting 2018-19 school year a teacher liaison was designated among the leadership team to provide additional support to teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
