#### **About This School**

##### **Mission Statement**

The mission of Edward Hyatt World Language Academy is to empower multi-linguistic and multicultural leaders.

##### **Vision Statement**

Edward Hyatt World Language Academy will distinguish itself by promoting and empowering leaders of tomorrow. Our success will come from multilingualistic and multicultural competencies that develop from rigorous academics. As a result, our students will become visionary and global citizens that embrace diversity and exemplify respect.

##### **Principal's Message**

Welcome to the 2023-24 school year! I am very enthusiastic for this school year!

We have dynamic teaching and support staff at Hyatt. Our mission at Edward Hyatt World Language Academy is to empower multi-linguistic and multicultural leaders, ensuring that we prepare each child for college and to be career-ready. Rigorous academics, language proficiency, and cultural relevancy drive our academy to ensure we deliver the highest form of education. We promote achievement through guided reading, PBIS (Positive Behavior Intervention Supports), close reading, project-based learning, math-talk strategies, and blended learning implemented daily in every classroom.

Our staff and students continue to learn and apply a growth mindset throughout the school year. A growth mindset helps our students understand that their abilities can develop with hard work and dedication; also, throughout the school year, teachers model goal setting to support our students in understanding how to plan and meet their academic goals by the end of each trimester.

I encourage each of you to be an active volunteer in our school. We need parents to support us in and/or out of the classroom with before and after school functions. Hyatt will have many opportunities for our parents and students to learn about and get involved with our academy. Some of the events or committees are the PTA, School Site Council, Yearbook Club, Fall Festival, Spring Carnival, ELAC, fundraisers, and many others. We encourage you to contact us if you have any questions about becoming an active volunteer.

We look forward to seeing you at school events and parent conferences, and we encourage you to volunteer as much as possible. Also, please make sure to check out our monthly calendar and newsletters, which are available online or in hard copy, for more information on upcoming events and committee dates. We also encourage you to follow us on Twitter @HyattWLA (#HyattPhoenix) and Facebook. As a parent or guardian, you play a significant role in your child's success. Hyatt is here to support you and your students through a collaborative effort.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school; whether the textbooks and instructional materials are from the most recent adoption (yes/no); and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. The adoption of the resolution regarding sufficiency of instructional and supplemental instructional materials for fiscal year 2023-24 pursuant to Education Code Sections 60119, 60422(b) and 60451 was done on September 13, 2023. San Jacinto Unified School District provides all students, including English Learners, with textbooks that meet state adoption criteria to use in class and to take home. Quality, highly motivating instructional materials are provided to fulfill and reinforce the district's outlined curriculum.

## Specialized Services

Our school provides educational services to assist Title I, English Language Learners, and Special Education students. We are continually learning about best practices to assist all students in their classes. In addition, we have used Title I funds to assist in purchasing instructional materials for intervention programs, which are research-based programs that promote high performance and learning for all students.

At Edward Hyatt World Language Academy, students with special needs are to participate as successful learners in the regular school program through a push-in model of support. In addition, some supplementary services are provided to help attain site educational goals. These include the English Language Learner Program, the Student Study Team, Education Specialist services, speech services, after-school tutorials, Response to Intervention, and guided reading grade-level blocks. In addition, Hyatt has an Outstanding After-School Instruction and Safety (OASIS) program that operates until 6:00 p.m., Monday through Friday.

**English Learner Program:** Not yet fluent in English, all students participate in the English Language Development program and are closely monitored for progress. During the 2022-2023 school year, 154 were identified as English Language Learners. Instructional strategies include research-based best practices for English Language Learners. In addition, we have a re-designated process for our students who are ready to exit the English Language Development program. This process includes teacher input on the child's academics, standardized test scores, and parent input. Once a child is re-designated, the child continues to be monitored for four years to ensure continued proficiency. Currently, we have 172 identified ELL students for the 2023-2024 school year. In addition, we have approximately twenty re-designated students exiting the ELD program each year.

## SCHOOL ACCOUNTABILITY REPORT CARD

**Gifted and Talented Education Program (GATE):** The GATE program is for students in grades three through eight. GATE students receive specialized instruction in the regular classroom. In addition, students may occasionally participate in special activities. The district uses a multi-step process for GATE identification. The process begins with a GATE screening in third grade.

**Special Education Program:** Students with mild to severe learning difficulties may be entitled to Individual Education Plan (IEP) and extra attention. Students enrolled in Special Education at Hyatt receive push-in support in their general education classroom based on the Individualized Education Plan (IEP). In addition, our students receive this support in identified academic content areas.

### School Facilities

#### School Facility Conditions and Planned Improvements

Edward Hyatt Elementary School opened its doors on July 1, 1961, and it transitioned into the Edward Hyatt World Language Academy for the 2019-20 school year. Modernization of all classrooms was completed on July 10, 2005. Every classroom has adequate space and materials needed to ensure student success. These classrooms feature the latest advances in educational technology. New devices are purchased in one grade level to ensure devices are updated. To ensure equity, each class has a 1:1 device. In the 2019-2020 school year, all classrooms received new twenty-first-century furniture and technology upgrades. Also, all counters were replaced in all primary classrooms. The multi-purpose room received new paint and a sound system. New bulletin boards were added to exterior walls as well. Cabinets were added to all portable classrooms at the beginning of the 2020-2021 school year. In addition, sixth-grade classrooms received brand-new furniture and technology. Six modules, two restrooms, and PE locker rooms were added to the site to prepare incoming seventh-grade students for the

2021-2022 academic year. The new modules supported the academy's expansion to eighth grade in the 2022-2023 school year. A new track is being installed in the 2023-24 school year.

#### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

#### Cleaning Process and Schedule

The site administrators, custodians, and district personnel conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the Operations Supervisor and the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean. The district takes great effort to ensure that all schools are clean, safe, and functional.

### School Facility Good Repair Status (School Year 2023-24)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on July 10, 2023. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

### Pupil Outcomes

#### State Priority: Pupil Achievement

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

**College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Note:** Double dashes (--) are used in the table to protect student privacy when the cell size within a selected student population is ten or fewer.

**Note:** ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

**Note:** Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**Note:** Double dashes (--) are used in the table to protect student privacy when the cell size within a selected student population is ten or fewer.

**Note:** The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parent Involvement

**Contact Person:** Monica Herrera, Community Liaison

**Phone Number:** (951) 654-9391 ext. 3196

Monica Herrera is our Site Community Liaison. She provides multiple training sessions for parents to gain additional knowledge on supporting their child's educational program. Mrs. Herrera promotes parent involvement and is available to support our parents and students. She oversees volunteer applications and parent involvement opportunities. Parents are included in the School Site Council, English Learning Advisory Council, and District English Language Advisory Committee. Mrs. Herrera assists our Principal with our monthly Coffee with the Principal; this is an excellent opportunity for the administration and parents to share site goals and plans for the academy. In addition, it gives our parents the chance to express their concerns or ask questions. At the Edward Hyatt World Language Academy, Mrs. Herrera translates our documents to support our Spanish-speaking families in their home language. Mrs. Herrera is the liaison between our school and at home. If you have any concerns, questions, or need to talk to a teacher, Mrs. Herrera can assist.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### School Safety

#### SB187 Safety Plan

Date the plan was last updated: 10/23/2023

Date the plan was last reviewed with staff: 11/08/2023

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws, including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

Our school and surrounding grounds are very safe. Staff members monitor the campus before, after, and during student recess and lunch. Our discipline policies ensure safety, respect, restorative practices resolution, and a zero-tolerance policy for fighting and bullying. Students and staff participate in monthly emergency preparedness drills to ensure their safety in an emergency. The safety plan is developed with the input of local agencies and the school community. The School Site Council (SSC) reviews and approves the plan and presents it to parents during Coffee with the Principal and E.L.A.C. meetings

### Average Class Size and Class Size Distribution (Elementary)

The average class size is calculated by dividing the number of students enrolled in classes, excluding special education and a few other minor categories, divided by the number of classes. The following table provides three years of data.

| Grade Level  | 2020-21         |                    |       | 2021-22         |                    |      | 2022-23         |                    |     |

SJUSD is committed to providing quality ongoing support to all teachers and staff supporting student learning. Several training programs are in place to ensure staff quality and effectiveness to provide ongoing support. New Teacher Support is provided through a vigorous approach to Induction. The District contracts with the Riverside County Office of Education to provide the Center for Teacher Innovation (CTI) Induction program to all newly hired teachers new to the profession. As a part of this program, the District provides each new teacher with a mentor teacher who has full-time release to provide coaching support.

The District also provides support to ALL teachers who are new to the District. This support includes teachers new to the profession and experienced teachers beginning service in

SJUSD. Additionally, the District provides a mentor teacher/coach to all interns and teachers on special waiver certification, i.e., Provisional Intern Permit (PIP) and Short-Term Staff Permit (STSP). Finally, the District provides the New Teacher Academy to all these teachers, including a five-day general academic academy and an additional two-day boot camp for Special Education teachers. The academy covers all aspects of teaching or professional service in the District. There are also follow-up sessions. Usually, about four to six a year, that are fluid and are planned in response to identified teacher needs.

The District provides a Peer Assistance and Review (PAR) program for struggling veteran teachers who need improvement. These teachers are identified through the evaluation process and are provided with a support coach. The teacher is given regular, scheduled feedback on efforts to implement the action plan collaboratively developed through working with the support coach and the administrator. Release time is available for teachers to visit other classrooms and/or collaborate with the support coach. Teachers may participate in the Teachers in Partnership (TIP) program as an option to the PAR Program. In TIP, teachers voluntarily seek coaching assistance from the District to meet their specific needs within the desired timeframe.

All newly hired certified and classified staff must attend a New Hire Orientation. At this training, policies, procedures, laws, and regulations are shared with new employees. Finally, specialized training is provided to our classified support staff to ensure that all staff is consistently and highly trained. This training targets the skills and knowledge needed in the employees' positions.

With regard to professional development for certificated staff, the District provides three full days of professional development for all teachers through various site-based professional development sessions connected to our students' behavioral, social, emotional, and language needs. Additionally, the District provides time through early release each week for teachers to participate in collaboration or professional learning activities with their grade level or department colleagues. This training reflects the District's annual professional development calendar, where centralized support staff rotates at each school to provide embedded professional development. This allows teachers to plan lessons together that address the individual needs of our learners utilizing our core, adopted curriculum, connected to our focus on evidence-based strategies.

Finally, the District provides Guest Teacher Workshops, Interpersonal Relations training, UCP training, and professional administrative training for staff throughout the year. These efforts work together to provide a positive, safe learning environment with the best staff for the SJUSD student body.

## SCHOOL ACCOUNTABILITY REPORT CARD

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/).

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/).

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
