About This School

Vision Statement

SJMCHS students will reach their individual PEAKs by graduating from a 4-year college and be equipped with the necessary skills to be problem solvers, effective communicators, adaptable individuals, and kind members of their community.

Mission Statement

SJMCHS provides access without barriers for students as they enhance their high school experience through college partnerships and build opportunities for future stability and success.

Principal's Message

I am Steve Simpson, Principal of San Jacinto Middle College High School. We are incredibly grateful for our partnership with Mt. San Jacinto College and the vision we have built together to support our students. This partnership allows for academic opportunities unlike any other in the San Jacinto Valley.

As a student of SJMCHS, you will complete classes that allow you to graduate from high school and complete college courses simultaneously. You will get an early start on your college education and a wider selection of classes. We aim to offer you a competitive advantage and prepare you to be ready for college and your career. In addition, our school provides an alternative high school experience with real-world connections and endless opportunities that will meet market demands and needs after high school.

SJMCHS offers a nurturing and academically challenging environment while supporting students in reaching their full potential and goals in a non-traditional high school setting. We are proud to be called a school of choice, one with a small school connection that offers students an expedited path to college.

I am excited to serve the San Jacinto Middle College High School students and look forward to building a culture and identity that everyone can be proud of here in our community.

Steve Simpson, Principal

Student Enrollment and Demographics

Enrollment and demographic information for San Jacinto Middle College High School (SJMCHS) students are recorded at their home school, as SJMCHS classes occur at Mt. San Jacinto College.

School Facilities

School Facility Conditions

San Jacinto Middle College High School opened in August of 2023. The classes take place at Mt. San Jacinto College. For this reason, there are no annual facility inspections, as the inspections are performed at the student's home schools.

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the students home high school; whether the textbooks and instructional materials are from the most recent adoption (yes/no); and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. The adoption of the resolution regarding sufficiency of instructional and supplemental instructional materials for fiscal year 2023-24 pursuant to Education Code Sections 60119, 60422(b) and 60451 was done on September 13, 2023. San Jacinto Unified School District provides all students, including English Learners, with textbooks that meet state adoption criteria to use in class and to take home. Quality, highly motivating instructional materials are provided to fulfill and reinforce the district's outlined curriculum.

SJUSD is committed to providing quality ongoing support to all teachers and staff supporting student learning. Several training programs are in place to ensure staff quality and effectiveness to provide ongoing support. New Teacher Support is provided through a vigorous approach to Induction. The District contracts with the Riverside County Office of Education to provide the Center for Teacher Innovation (CTI) Induction program to all newly hired teachers new to the profession. As a part of this program, the District provides each new teacher with a mentor teacher who has full-time release to provide coaching support.

The District also provides support to ALL teachers who are new to the District. This support includes teachers new to the profession and experienced teachers beginning service in SJUSD. Additionally, the District provides a mentor teacher/coach to all interns and teachers on special waiver certification, i.e., Provisional Intern Permit (PIP) and Short-Term Staff Permit (STSP). Finally, the District provides the New Teacher Academy to all these teachers, including a five-day general academic academy and an additional two-day boot camp for Special Education teachers. The academy covers all aspects of teaching or professional service in the District. There are also follow-up sessions. Usually, about four to six a year,

that are fluid and are planned in response to identified teacher needs.

The District provides a Peer Assistance and Review (PAR) program for struggling veteran teachers who need improvement. These teachers are identified through the evaluation process and are provided with a support coach. The teacher is given regular, scheduled feedback on efforts to implement the action plan collaboratively developed through working with the support coach and the administrator. Release time is available for teachers to visit other classrooms and/or collaborate with the support coach. Teachers may participate in the Teachers in Partnership (TIP) program as an option to the PAR Program. In TIP, teachers voluntarily seek coaching assistance from the District to meet their specific needs within the desired timeframe.

All newly hired certified and classified staff must attend a New Hire Orientation. At this training, policies, procedures, laws, and regulations are shared with new employees. Finally, specialized training is provided to our classified support staff to ensure that all staff is consistently and highly trained. This training targets the skills and knowledge needed in the employees' positions.

With regard to professional development for certificated staff, the District provides three full days of professional development for all teachers through various site-based professional development sessions connected to our students' behavioral, social, emotional, and language needs. Additionally, the District provides time through early release each week for teachers to participate in collaboration or professional learning activities with their grade level or department colleagues. This training reflects the District's annual professional development calendar, where centralized support staff rotates at each school to provide embedded professional development. This allows teachers to plan lessons together that address the individual needs of our learners utilizing our core, adopted curriculum, connected to our focus on evidence-based strategies.

Finally, the District provides Guest Teacher Workshops, Interpersonal Relations training, UCP training, and professional administrative training for staff throughout the year. These efforts work together to provide a positive, safe learning environment with the best staff for the SJUSD student body.

SCHOOL ACCOUNTABILITY REPORT CARD

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
