About This School

Mission Statement

"At San Jacinto High School, we will challenge and empower all students to be independent thinkers, lifelong learners, and responsible citizens."

School's Vision Statement

"San Jacinto High School seeks to become an exemplary school promoting a learning culture of independence, innovation, and ethical leadership."

School Description

San Jacinto High School continues to foster a small school feeling of tradition and community even though it has grown tremendously over the past few years into a school of a little over 2,500 students. We are a school that values and celebrates our diversity, realizing that these differences help improve our school by preparing our students for the diverse world after high school. Many of our students have grown up in the San Jacinto Valley, with generations passing through SJHS. This continuity has helped develop meaningful traditions that unite our school and community. Our school facility blends our older traditional campus with its bell towers, senior walk, and quad with an updated gym, classrooms, and athletic facilities. San Jacinto High School provides our students with an attractive, safe, clean learning environment. A caring staff, modern technology, and consistent instructional practices guide our school toward continuous academic improvement.

As a school, one of our goals is to provide opportunities for students to connect to the school through various activities and events. An active Associated Student Body organization that plans and implements multiple activities, a successful athletic program, exceptional art and music programs, multiple clubs, AVID, MSJC Trio Program/Talent Search & Upward Bound, Air Force Junior ROTC, various Career Technical Education (CTE) pathways including culinary arts, agricultural FFA, industrial arts, graphic design, video production, sports medicine, and health professions. Our school is focused on providing students with skills to prepare them for college and career options upon graduation from high school. Our varied program offerings make the school relevant and help students develop and implement college and career goals while motivating them to meet rigorous academic standards in all classes and with expanded Advanced Placement and International Baccalaureate programs. We know that learning will take place if students look forward to coming to school, feel that the instruction is relevant, have excellent instruction, and enjoy the atmosphere.

Principal's Message

It is an honor and privilege to serve as principal of such a special school. I am very excited for this year as it brings a new opportunity for staff, students, and families to come together to ensure that each and every student graduates college career-ready. The SJHS Staff is committed to providing rigorous instruction and timely intervention specific to students' needs. We know that each student is capable of learning at high levels, and we are focused on doing what needs to be done for students to achieve success. A variety of pathways, clubs, sports, and activities are offered to ensure that students have options that keep them connected to school. From Culinary Arts, Welding, Athletics, Agriculture, AVID, AFJROTC, Dual Enrollment, Advanced Placement, and International Baccalaureate, I am confident that you will find your passion through one of our many pathways, clubs, and activities. San Jacinto High School is an amazing place to be! Our families, students, staff, and community share a special sense of pride in being a Tiger. Students will always be encouraged and expected to be positive and hard-working and become contributing members of the spirit of excellence deeply rooted in traditions on our beautiful campus. Let's make it a great year, Tigers! Earn your stripes!.

SCHOOL ACCOUNTABILITY REPORT CARD

Student Enrollment by Grade Level (2022-23)

Grade Level	Enrollment
Grade 9	665
Grade 10	664
Grade 11	711
Grade 12	577
Total Enrollment	2617

Student Enrollment by Subgroup (2022-23)

Student Group	Percent of Total Enrollment
Female	47.5
Male	52.5
Non-Binary	0.0

Migrant	0.0
Socioeconomically Disadvantage	87.5
Students with Disabilities	17.2

Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority, 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	Number 2020-21	Number 2021-22
Permits and Waivers	1.0	1.1
Misassignments	2.6	3.1
Vacant Positions	0.0	0.0
Total Teachers Without Credentials and Misassignments	3.6	4.2

Teachers Without Credentials Assigned Out-of-Field (considered “out-of-field” under ESSA)

Authorization/Assignment	Number 2020-21	Number 2021-22
Credentialed Teachers Authorized on Permit or Waiver	2.3	1.3
Local Assignment Options	0.8	3.5
Total Out-of-Field Teachers	3.2	4.8

Class Assignments

Indicator	Percent 2020-21	Percent 2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	5.0	2.1
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	6.0	0.0

Teacher Preparation and Placement (2020-2021)

Authorization/Assignments	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	97.0	87.1%	460.1	88.5%	228,366.1	83.1%
Intern Credential Holders Properly Assigned	2.9	2.7%	11.9	2.3%	4,205.9	1.5%
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	3.6	3.2%	8.4	1.6%	11,216.7	4.1%
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	3.2	2.9%	15.0	2.9%	12,115.8	4.4%
Unknown	4.5	4.1%	23.9	4.6%	18,854.3	6.9%
Total Teaching Positions	111.4	100.0%	519.6	100.0%	274,759.1	100.0%

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

SCHOOL ACCOUNTABILITY REPORT CARD

Teacher Preparation and Placement (2021-2022)

Authorization/Assignments	School Number	School Percent	District Number	District Percent	State Number	State Percent

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school; whether the textbooks and instructional materials are from the most recent adoption (yes/no); and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. The adoption of the resolution regarding sufficiency of instructional and supplemental instructional materials for fiscal year 2023-24 pursuant to Education Code Sections 60119, 60422(b) and 60451 was done on September 13, 2023. San Jacinto Unified School District provides all students, including English Learners, with textbooks that meet state adoption criteria to use in class and to take home. Quality, highly motivating instructional materials are provided to fulfill and reinforce the district's outlined curriculum.

Specialized Services

Our school provides educational services to assist academically struggling students, English Language Learners, and Students with Disabilities. We offer community-based instruction courses on campus for transition activities and instruction for our 18-to 22-year-old students with disabilities. These students go into the community to develop skills and strategies to become self-sufficient adults. Additionally, we offer our BRIDGES Program for Emotionally Disabled students in a safe and caring environment where they receive appropriate rigorous instruction and specialized Educationally Related Mental Health Services (ERMHS). Teachers are continually learning techniques to assist all students in their classes. To further assist students, we also have instructional aides. We have used special categorical funds to assist in purchasing instructional materials for intervention programs, which are research-based programs that promote high performance and learning for all students.

The goal for students with special needs is that they participate as successful learners in a program tailored to meet their learning needs. Several supplementary services are provided to help attain this goal. These include the English Language Learner program, the Student Study Team, resource specialist services, speech services, counseling services, after-school tutoring, and other specialized programs. We aim to fully include all special needs students in the mainstream classes whenever possible.

Gifted and Talented Education Program (GATE)

The GATE program serves students in grades nine through twelve. GATE students receive specialized instruction in the regular classroom with enrichment activities outside the classroom. The district uses a multi-step process for GATE identification. The process begins with a GATE screening in third grade, with referrals for screening taking place until eighth grade. At SJHS, we offer advanced math and language arts

classes for ninth and tenth graders with Advanced Placement, Dual Enrollment, and International Baccalaureate courses at the higher grade levels.

English Learner Program

All students not yet fluent in English participate in the English Language Development program. Students are assigned language arts classes based on their language proficiency, as identified by their ELPAC tests and academic achievement. Students receive instruction in all content areas by authorized teachers trained in working with English Language Learners. Students receive additional support through designated ELD courses that support the continued development of language proficiency.

Special Education Programs

Students who meet qualification criteria are entitled to individual education plans and specially designed programs. Students enrolled in Special Education meet regularly with a Special Education teacher who provides specialized individual and small-group instruction based on the student's Individualized Education Plan (IEP). To meet the needs of our students with special needs, we offer a continuum of services that help to meet the needs as decided on by the IEP team. In addition to our 9-12 diploma and certificate programs, our Community-Based Instructional program for 18-22-year-old students focuses on preparing students to be independent and contributing members of their community.

Advanced Placement Classes

Advanced Placement classes are offered in various courses for all grade levels.

SCHOOL ACCOUNTABILITY REPORT CARD

Concurrent/Dual Enrollment College Classes

Sophomores, juniors, and seniors with a 3.0 or better grade point average and on schedule for graduation may take concurrent classes at the college or dual enrollment classes on our campus. These classes allow them to receive credits toward high school graduation and college concurrently. Grades from these classes are on a 5-point scale compared to the regular 4-point scale. The approved classes all meet the UC/CSU entrance requirements and are transferable for UC/CSU credit. Several of our CTE courses are also articulated with Mt. San Jacinto College, allowing students to receive dual credit.

School Facilities

School Facility Conditions and Planned Improvements

Since the late 1990s, San Jacinto High School has experienced rapid growth, which means building new facilities to house those new students. The current San Jacinto High School was built in 1968, with additions of the 400-classroom wing, the library and theater complex, and the athletic stadium, which took place in the late 1990s. The expansion of the campus has continued over the years, and we continue to update facilities to meet the needs of our students, athletic teams, and academic courses. Notable additions are the world-class weight room, state-of-the-art culinary kitchen, and a beautiful aquatic center, all finalized within the last four years.

Our campus is built around a beautiful grass-filled quad. It is constantly undergoing beautification and facility upgrades using a checklist of standards, identified safety needs, and an automated work order system; our campus facility and safety needs are taken care of on a timely basis. We realize that a learning environment that is safe, clean, and attractive creates an atmosphere conducive to learning. San Jacinto High School is a safe, clean, and orderly campus that our staff, students, and community are proud to see and visit.

Cleaning Process and Schedule

The site administrators, custodians, and district personnel

conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the Operations Supervisor and the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean. The district takes great effort to ensure that all schools are clean, safe, and functional.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

School Facility Good Repair Status (School Year 2023-24)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on August 15, 2023. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	No repairs needed at the time of inspection.
Interior: Interior Surfaces	Good	Stained ceiling tile in two rooms. Library has nine light fixtures out.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	No repairs needed at the time of inspection.
Electrical: Electrical	Good	Outlet missing wall plate in one room.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	No repairs needed at the time of inspection.
Safety: Fire Safety, Hazardous Materials	Good	No repairs needed at the time of inspection.
Structural: Structural Damage, Roofs	Good	No repairs needed at the time of inspection.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	No repairs needed at the time of inspection.
Overall Rating	Exemplary 99.39%	

SCHOOL ACCOUNTABILITY REPORT CARD

Pupil Outcomes

State Priority: Pupil Achievement

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2021-2022	2022-2023	2021-2022	2022-2023	2021-2022	2022-2023
ELA/Literacy	51	40	33	31	47	46
Mathematics	9	9	16	16	33	34

Note: Double dashes (--) are used in the table to protect student privacy when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group for Students Grades Three through Eight and Grade Eleven (School Year 2022–2023)

Students Receiving Migrant Education Services	—	—	—	—	—
Students with Disabilities	181	173	95.58	4.42	9.83

Note: Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) are used in the table to protect student privacy when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

SCHOOL ACCOUNTABILITY REPORT CARD

Career Technical Education Participation (2022-23)

Our Career Technical Education Program is integrated with our academic courses to provide multiple career pathways that make classes relevant to real career opportunities, including those pursuing a path toward 4-year or 2-year college/university, technical school, military, or career paths. Our CTE classes are available to all students and provide them with opportunities to be exposed to various careers with the desire that some students will set goals and begin their career pathways. Students can take classes in industry sectors such as Agriculture & Natural Resources, Arts, Media & Entertainment, Building & Construction Trades, Business Management, Health Science & Medical Technology, Hospitality, Tourism & Recreation, and Information & Communication Technology. Several of our classes are articulated with Mt. San Jacinto College (MSJC), so qualified students may receive college credit. Additionally, San Jacinto High School is working closely with Riverside County and Mt. San Jacinto College to provide opportunities for students to earn career pathway certificates to enhance job opportunities.

The CTE Department Chair, who works closely with the Principal and the San Jacinto Unified School District Director of Secondary Education, manages oversight and direction of our CTE programs. Additionally, San Jacinto High School has a CTE advisory committee that meets four times yearly to review, oversee, and advise the program. The committee comprises teachers, administrators, students, and industry representatives. Industry representatives from health services, cabinetry, agriculture, and the food industry belong to our committee. Annual reporting is accomplished through the CTE Department Chair, Administration, and the Director of College and Career Readiness for the Carl Perkins Grant, CTE Incentive Grant, CTE Agriculture Incentive Grant, and other funding sources.

These sources help to monitor student results and completion of the program pathways. Our administrative team and School Site Council monitor success rates and program effectiveness as a part of our School Plan duties.

San Jacinto High School CTE courses include the following:

- Agricultural Biology
- Agricultural and Soil Chemistry
- Agricultural Systems Management
- Agricultural Vet Science
- Commerce and Finance
- Culinary Arts I, II
- Digital Media
- Digital Web Design
- Floral Design
- Floral Design-Advanced
- Introduction to Medical Professions
- Medical Assisting—Administration
- Medical Assisting—Clinical
- Sports Medicine I, II
- Sports Medicine- Advanced
- Pre-Industrial Wood Design
- Video Production
- Video Production- Advanced
- Welding I, II, III
- Wood Technology 1,2,3,4

Career Technical Education Participation (2022-23)

Measure	CTE Program Participation
Number of Pupils Participating in CTE	1298
Percent of pupils completing a CTE program and earning a high school diploma	51.4
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	—

SCHOOL ACCOUNTABILITY REPORT CARD

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

California Physical Fitness Test Results (2022-23)

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
9	83.8	85.9	86.3	82.8	89.1

Note: The administration of the PFT during the 2021–22 and 2022-23 school years requires only participation results for these five fitness areas.

Note: Percentages are not calculated, and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Courses for UC and/or CSU Admission

	Percent
2022-23 Students Enrolled in Courses Required for UC/CSU Admission	96.99
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	53.25

Freshman Transition Programs

San Jacinto High School has implemented programs to assist with the transition from 8th to 9th grade by building positive relationships, building a sense of pride and connectivity to the school community, and fostering success in the classroom.

Since 2016, San Jacinto High School has implemented the Link Crew program, specifically designed to integrate our incoming freshmen into the school community by linking them with positive influences and mentors from the upperclassmen. Link Crew holds events, freshman induction, and social activities while providing connection services to new students on campus.

During the summer of 2019, San Jacinto High School hosted its first XLR8 transition program, bringing incoming 9th graders to campus for three days to focus on team building, and getting to know the campus and their peers. The program was a huge success, and the team continued with XLR8 via the virtual model at the start of the 2020-2021 school year. We are proud that it continues to be a foundation program for students at San Jacinto High School.

Since the fall of 2019, San Jacinto High School has fully implemented the Building Assets Reducing Risks (BARR) program. BARR focuses on a comprehensive and intentional approach to meeting 9th-grade students' academic, social, and behavioral needs.

Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parent Involvement

Contact Person: Nadia Cova, Parent Liaison

Phone Number: (951) 654-7374 ext. 2986

The responsibility to educate a child needs to be a partnership between the school and the home. We want to encourage parents to get involved in their children's education. One opportunity for parents to get involved is through volunteering on campus. We welcome the opportunity for parents to get involved in the education process.

San Jacinto High School significantly involves the community, which it serves in the educational process through venues such as the School Site Council, band and athletic booster organizations, business and service club partnerships, coffee with the principal meetings, and various other special events and activities.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Suspensions	0.2	3.17	3.6
Expulsions	0.0	0.07	0.08

Positive Behavior Interventions and Supports (PBIS)

San Jacinto High School has phased in the implementation of PBIS interventions, including a Student Success Room (SSR) as an alternative to the suspension program. SSR was established to support students who would otherwise receive an Off-Campus Suspension for a behavioral incident. With the recommendation of the school administrator, parents may choose to have their child participate in the program instead of the Off-Campus Suspension.

While in SSR, students are recorded as being present in the school and allowed to complete assignments and receive credit for their completed work. The goals for SSR include socially and emotionally competent youth skilled in five core areas:

- They are self-aware. They can recognize their emotions, describe their interests and values, and accurately assess their strengths. They have a well-grounded sense of self-confidence and hope for the future.
- They can regulate their emotions. They can manage stress, control impulses, and persevere in overcoming obstacles. They can set and monitor progress toward achieving personal and academic goals and express their emotions appropriately in various situations.
- They are socially aware. They can take the perspective of and empathize with others and recognize and appreciate individual and group similarities and differences. They can seek out and appropriately use family, school, and community resources.
- They have good relationship skills. They can establish and maintain healthy and rewarding relationships based on cooperation. They resist inappropriate social pressure, constructively prevent, manage, and resolve interpersonal conflict, and seek and provide help when needed.
- They demonstrate responsible decision-making at school, at home, and in the community. In making decisions, they consider ethical standards, safety concerns, appropriate social norms, respect for others, and the likely consequences of various courses of action. They apply these decision-making skills in academic and social situations and are motivated to contribute to the well-being of their schools and communities.

SCHOOL ACCOUNTABILITY REPORT CARD

Chronic Absenteeism by Student Group (2022-23)

School Safety

SB187 Safety Plan

Date the plan was last updated: 10/17/2023

Date the plan was reviewed with staff: 10/15/2023

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws, including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

Our school and grounds are very safe. Staff members monitor the campus before, after, and during breaks. Our discipline

policies curtail fighting and bullying. A school Resource Officer is on campus full-time to support student safety. School Unity Programs, anti-bullying programs, peer mediation, and other activities help students value their differences and learn to get along with each other. Students and staff regularly participate in emergency preparedness drills to ensure their safety in an emergency. The safety plan is developed with the input of local agencies and the school community. The School Site Council (SSC) and a discipline committee composed of staff, students, and parents review and approve the plan. This plan is presented at several awareness sessions during the school year.

Visitors must show identification and sign in at the front office before visiting the classrooms. There is enough campus supervision before and after school. Also, newly enhanced and expanded high-definition security cameras have been installed to protect students and our school. The District's liability insurance carrier and the local fire department inspect each facility annually.

Other SARC Information

Average Class Size and Class Size Distribution (Secondary)

The average class size is calculated by dividing the number of students enrolled in classes, excluding special education and a few other minor categories, divided by the number of classes. The following table provides three years of data.

Grade Level	2020-21				2021-22				2022-23			
	Avg. Class Size	Number of Classes*			Avg. Class Size	Number of Classes*			Avg. Class Size	Number of Classes*		
		1-22	23-32	33+		1-22	23-32	33+		1-22	23-32	33+
English	31.0	24	30	50	26.0	32	33	47	28.0	63	32	119
Mathematics	30.0	16	16	57	27.0	23	28	42	28.0	42	48	85
Science	27.0	19	16	31	26.0	23	17	31	28.0	30	38	60
Social Science	28.0	23	10	39	28.0	21	17	39	28.0	42	31	81

*Number of classes indicates how many classes fall into each size category (a range of total students per class). At the secondary school level, this information is reported by subject area rather than grade level.

SCHOOL ACCOUNTABILITY REPORT CARD

Academic Counselors and Other Support Staff

Professional Development

Measure	2021-22	2022-23	2023-24
Number of school days dedicated to Staff Development and Continuous Improvement	54	54	54

SJUSD is committed to providing quality ongoing support to all teachers and staff supporting student learning. Several training programs are in place to ensure staff quality and effectiveness to provide ongoing support. New Teacher Support is provided through a vigorous approach to Induction. The District contracts with the Riverside County Office of Education to provide the Center for Teacher Innovation (CTI) Induction program to all newly hired teachers new to the profession. As a part of this program, the District provides each new teacher with a mentor teacher who has full-time release to provide coaching support.

The District also provides support to ALL teachers who are new to the District. This support includes teachers new to the profession and experienced teachers beginning service in SJUSD. Additionally, the District provides a mentor teacher/coach to all interns and teachers on special waiver certification, i.e., Provisional Intern Permit (PIP) and Short-Term Staff Permit (STSP). Finally, the District provides the New Teacher Academy to all these teachers, including a five-day general academic academy and an additional two-day boot camp for Special Education teachers. The academy covers all aspects of teaching or professional service in the District. There are also follow-up sessions. Usually, about four to six a year, that are fluid and are planned in response to identified teacher needs.

The District provides a Peer Assistance and Review (PAR) program for struggling veteran teachers who need improvement. These teachers are identified through the evaluation process and are provided with a support coach. The

teacher is given regular, scheduled feedback on efforts to implement the action plan collaboratively developed through working with the support coach and the administrator. Release time is available for teachers to visit other classrooms and/or collaborate with the support coach. Teachers may participate in the Teachers in Partnership (TIP) program as an option to the PAR Program. In TIP, teachers voluntarily seek coaching assistance from the District to meet their specific needs within the desired timeframe.

All newly hired certified and classified staff must attend a New Hire Orientation. At this training, policies, procedures, laws, and regulations are shared with new employees. Finally, specialized training is provided to our classified support staff to ensure that all staff is consistently and highly trained. This training targets the skills and knowledge needed in the employees' positions.

With regard to professional development for certificated staff, the District provides three full days of professional development for all teachers through various site-based professional development sessions connected to our students' behavioral, social, emotional, and language needs. Additionally, the District provides time through early release each week for teachers to participate in collaboration or professional learning activities with their grade level or department colleagues. This training reflects the District's annual professional development calendar, where centralized support staff rotates at each school to provide embedded professional development. This allows teachers to plan lessons together that address the individual needs of our learners utilizing our core, adopted curriculum, connected to our focus on evidence-based strategies.

Finally, the District provides Guest Teacher Workshops, Interpersonal Relations training, UCP training, and professional administrative training for staff throughout the year. These efforts work together to provide a positive, safe learning environment with the best staff for the SJUSD student body.

SCHOOL ACCOUNTABILITY REPORT CARD

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
