About This School

Mission Statement

The purpose of Monte Vista Middle School is to educate, equip, and empower our students to be independent thinkers, problem-solvers, and leaders.

Vision

Monte Vista Middle School will be the model of academic excellence and innovation, where every student's academic experience is engineered to equip them with the choice of college and/or career by providing universal access to rigorous learning opportunities that foster social and academic growth.

Values

- Respect: Treat all with dignity.
- Responsibility: Take ownership for learning and behavior.
- Commitment: Educate and engage students in a respectful, responsible, and supportive way.

Principal's Message

The academic, social, and emotional success of our students is our top priority. Our dedicated and passionate team of educators will ensure that all students have endless possibilities for growth. To increase the success of our students, we will build upon connections, focus on engagement, and provide meaningful learning experiences. We are committed to offering all students a positive middle school experience that supports their individual needs and adequately prepares them for the future.

The challenges we face are clear. However, we are prepared and more than ready! Our team knows the needs and has the specific skills to support our students. In addition, we will collaborate and communicate with our parents. As a team, we will do what is best for our students. Our entire staff is excited about a productive school year!

School Description

Monte Vista Middle School is one of three San Jacinto Unified School District middle schools. We have a student population of approximately 925, composed of sixth, seventh, and eighth graders. The school year comprises two semesters, with progress reports sent home midway through each quarter and report cards sent each quarter. Additionally, most teachers send home a print-out of assignments and grades bi-weekly. We are a school proud of the rich history that solidly links us to the San Jacinto community.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority, 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school; whether the textbooks and instructional materials are from the most recent adoption (yes/no); and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials. The adoption of the resolution regarding sufficiency of instructional and supplemental instructional materials for fiscal year 2023-24 pursuant to Education Code Sections 60119, 60422(b) and 60451 was done on September 13, 2023. San Jacinto Unified School District provides all students, including English Learners, with textbooks that meet state adoption criteria to use in class and to take home. Quality, highly motivating instructional materials are provided to fulfill and reinforce the district's outlined curriculum.

SCHOOL ACCOUNTABILITY REPORT CARD

Specialized Services

Our school provides educational services to assist English Language Learners and Special Education students. We continually implement new instructional strategies to assist all students in their classes. We also have instructional assistants to support the needs of students further. Our site plan makes provisions for the support of all students, including our researched-based intervention programs that promote high performance and learning for all students.

The goal for students with special needs at Monte Vista Middle School is to participate as successful learners in the regular school program. Therefore, many supplementary services are provided to help attain this goal. These include the English Language Learner Program, the Student Study Team, education specialist services, speech services, counseling services, and other specialized programs. In addition, all K-8 schools have an Outstanding After-School Instruction and Safety (OASIS) program that operates until 6:00 p.m.

English Learner Program—All students not yet fluent in English participate in the English Language Development program. We strive to provide all English Learners with the skills to succeed in all classes. Students are carefully scheduled to have extra language support. We are currently implementing differentiated ELD classes to meet the diverse needs of our qualifying students. The ELD classes use the English 3D curriculum and StudySync ELD component as a language intervention and support for Long-term English Learners (LTELs). AVID WICOR strategies are being revisited to support our English learners in developing and acquiring academic language and gear them to the AVID path.

Special Education Program—Students with mild-to-moderate and moderate-to-severe learning needs are entitled to individual education plans. Students with mild-to-moderate needs are enrolled in Special Education at Monte Vista and meet regularly with a Special Education teacher who provides specialized individual and small-group instruction based on the student's Individualized Education Plan (IEP).

Over the last two years, we have implemented an inclusion program that benefits all students. Students with moderate-to-severe learning needs are offered special classes with services for at least 50% of their day. We also provide services for students with socio-emotional needs. This year, we added two functional skills classes to serve students with higher needs who live within our school boundaries.

Struggling Students: Additional academic periods of instruction are available to support struggling students, as well as access to a state-approved intervention curriculum, targeted pull-out, in-school tutoring, and other MTSS Tier 2/Tier 3 services. In addition, Monte Vista has a well-defined Student Study Team (SST) that allows us to work as a team with parents to address student needs consistently and promptly.

AVID (Advancement VIA Individual Determination)

AVID is an academic, regularly scheduled elective program based on writing as a tool for learning, inquiry methods, authentic reading, and collaborative grouping. The program's main components are academic instruction, tutorial support, motivational activities, and a college-going culture. Monte Vista is working on completing AVID certification by increasing team members and redefining previous members. We would like to reach a school-wide site of distinction status soon.

We currently offer elective sections in 6th, 7th, and 8th grade. AVID classes use research-based best practices to engage students in learning and help them become college- and career-ready. We will be merging AVID classes with STEM electives to provide students with the best of two worlds. The Biomedical AVID class and Advanced Robotics have incorporated the tutorial methodologies embedded to offer students the benefits of the AVID elective. AVID strategies are also implemented school-wide so that all students benefit.

STEM (Science – Technology – Engineering – Math)

Our STEM implementation began in 2015-16 with elective offerings in the 6th and 8th grades. The **2020-21** school year brought these offerings at every grade level. We also offer a Biomedical pathway for 8th-grade students that aligns with our feeder high school. In addition, we offer the engineering pathway, which includes coding and robotics, starting in the 6th grade.

School Facilities

School Facility Conditions and Planned Improvements

Monte Vista Middle School opened in September 2004. The site has expansive lawns for student recreation activities at lunch and nutrition. A full-time groundskeeper oversees the clean, attractive atmosphere for the school community. Monte Vista maintains a systematic approach to checking for maintenance and safety needs. We have emergency medical supplies and communication equipment on campus for emergencies.

Cleaning Process and Schedule

The site administrators, custodians, and district personnel conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the Operations Supervisor and the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean. The district takes great effort to ensure that all schools are clean, safe, and functional.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

SCHOOL ACCOUNTABILITY REPORT CARD

School Facility Good Repair Status (School Year 2023-24)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on August 14, 2023. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	No repairs needed at the time of inspection.
Interior: Interior Surfaces	Good	No repairs needed at the time of inspection.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	No repairs needed at the time of inspection.
Electrical: Electrical	Good	No repairs needed at the time of inspection.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	No repairs needed at the time of inspection.
Safety: Fire Safety, Hazardous Materials	Good	No repairs needed at the time of inspection.
Structural: Structural Damage, Roofs	Good	No repairs needed at the time of inspection.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	No repairs needed at the time of inspection.
Overall Rating	Exemplary 100%	

Pupil Outcomes

State Priority: Pupil Achievement

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Our school is actively building avenues of communication with our parents and the surrounding community. We welcome parent involvement and encourage participation in many activities, including Back to School Night, Open House, Parent Conferences, student orientations, music programs, AVID parent nights, and sporting events. In addition, several organizations need parental input, including our ELAC, SSC, and PBIS incentive events. Finally, we welcome all parents who want to become involved with our school.

SB187 Safety Plan

Date the plan was last updated: 10/19/2023

Date the plan was last reviewed with staff: 11/08/2023

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws, including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

Monte Vista is a closed campus. We have an Assistant Principal, a full-time Dean, five campus security, and staff members who monitor the campus before, after, and during breaks. The school site continuously collaborates to maintain a clear and consistent plan for student discipline. We work to provide students with appropriate guidance and build upon social, emotional, and behavioral skills. Staff efforts are focused on providing a safe and positive learning environment. A safe campus is an essential goal of our school site plan. Students and staff regularly participate in emergency preparedness drills to ensure their safety.

Average Class Size and Class Size Distribution (Secondary)

The average class size is calculated by dividing the number of students enrolled in classes, excluding special education and a few other minor categories, divided by the number of classes. The following table provides three years of data.

Grade Level	2020-21				2021-22				2022-23			
	Avg. Class Size	Number of Classes*			Avg. Class Size	Number of Classes*			Avg. Class Size	Number of Classes*		
		1-22	23-32	33+		1-22	23-32	33+		1-22	23-32	33+
English	21.0	12	16	5	21.0	15	15	2	19.0	19	16	3
Mathematics	23.0	9	13	3	24.0	6	17	1	25.0	6	14	4
Science	25.0	4	17	2	25.0	4	15	4	23.0	8	14	4
Social Science	22.0	9	18		23.0	9	15	2	25.0	7	11	6

*Number of classes indicates how many classes fall into each size category (a range of total students per class). At the secondary school level, this information is reported by subject area rather than grade level.

SJUSD is committed to providing quality ongoing support to all teachers and staff supporting student learning. Several training programs are in place to ensure staff quality and effectiveness to provide ongoing support. New Teacher Support is provided through a vigorous approach to Induction. The District contracts with the Riverside County Office of Education to provide the Center for Teacher Innovation (CTI) Induction program to all newly hired teachers new to the profession. As a part of this program, the District provides each new teacher with a mentor teacher who has full-time release to provide coaching support.

The District also provides support to ALL teachers who are new to the District. This support includes teachers new to the profession and experienced teachers beginning service in SJUSD. Additionally, the District provides a mentor teacher/coach to all interns and teachers on special waiver certification, i.e., Provisional Intern Permit (PIP) and Short-Term Staff Permit (STSP). Finally, the District provides the New Teacher Academy to all these teachers, including a five-day general academic academy and an additional two-day boot camp for Special Education teachers. The academy covers all aspects of teaching or professional service in the District. There are also follow-up sessions. Usually, about four to six a year, that are fluid and are planned in response to identified teacher needs.

The District provides a Peer Assistance and Review (PAR) program for struggling veteran teachers who need improvement. These teachers are identified through the evaluation process and are provided with a support coach. The teacher is given regular, scheduled feedback on efforts to implement the action plan collaboratively developed through working with the support coach and the administrator. Release time is available for teachers to visit other classrooms and/or collaborate with the support coach. Teachers may participate in the Teachers in Partnership (TIP) program as an option to the PAR Program. In TIP, teachers voluntarily seek coaching assistance from the District to meet their specific needs within the desired timeframe.

All newly hired certified and classified staff must attend a New Hire Orientation. At this training, policies, procedures, laws, and regulations are shared with new employees. Finally, specialized training is provided to our classified support staff to ensure that all staff is consistently and highly trained. This training targets the skills and knowledge needed in the employees' positions.

With regard to professional development for certificated staff, the District provides three full days of professional development for all teachers through various site-based professional development sessions connected to our students' behavioral, social, emotional, and language needs. Additionally, the District provides time through early release each week for teachers to participate in collaboration or professional learning activities with their grade level or department colleagues. This training reflects the District's annual professional development calendar, where centralized support staff rotates at each school to provide embedded professional development. This allows teachers to plan lessons together that address the individual needs of our learners utilizing our core, adopted curriculum, connected to our focus on evidence-based strategies.

Finally, the District provides Guest Teacher Workshops, Interpersonal Relations training, UCP training, and professional administrative training for staff throughout the year. These efforts work together to provide a positive, safe learning environment with the best staff for the SJUSD student body.

SCHOOL ACCOUNTABILITY REPORT CARD

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
