2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff.

Desert Mirage High School provides instruction for students in grades 9 -12. During the 2022-23 school year, a total of 2,018 students were enrolled. The school's enrollment was comprised of 98.7% Hispanic students, 0.2% African-American students, 0.8% American-Indian students, and 0.2% White students. During the 2022- 23 school year, the 2,018 students enrolled included 97.3% socioeconomically disadvantaged students, 25.1% English Language Learners, 15.8% Migrant students, 14.7% students with disabilities, 0.8% Homeless Youth and 0.2% Foster Youth.

During the 2022-23 school year, the enrollment by grade level was as follows:

2023-24 School Description and Mission Statement

Grade 9 = 488 students
Grade 10 = 510 students
Grade 11 = 541 students
Grade 12 = 479 students

As the principal of Desert Mirage High School, it is my priority to keep students at the forefront of every decision we make as a school. At DMHS, we believe all students can learn and we are equipped with the necessary tools to make sure all students receive the best education possible. We are proud of our whole-child approach which includes social-emotional support with our wellness center. Academic support with our caring staff and guidance with our counselors and career center staff. Students at DMHS can join any of our programs like PUENTE, AVID, CTE, Sports, Link Crew, and ASB to name a few. We understand our areas of need and we are working hard to make sure students are supported instructionally, emotionally, and socially. We believe that strong relationships with staff, parents, and community members can provide what is best for every student. We are committed to providing students with the knowledge, skills, and mindset necessary to be productive members of society.

School Vision
Collaborative creating lifelong learners for a productive global citizenry.

School Mission
At Desert Mirage High School we prepare all students to be lifelong learners with the necessary skills to be college and career ready, so that they may become productive members of society.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Desert Mirage High School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 12, 2023 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2024-13 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

Campus Facilities & Maintenance

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. To assist in this effort, the LEA uses the facility survey instrument developed by the State of California POSC. The results of the survey are available at the school office. Desert Mirage High School's original facilities were built in 2004; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate routine maintenance requests.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. The custodians are responsible for:

- Cafeteria Cleanup/Setup
- Classrooms
- General Maintenance
- Emergency Custodial Needs
- Locker Rooms
- Moving Furniture
- Multipurpose Room
- Restrooms
- Special Events Preparations/Setups

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The assistant principal communicates with custodial staff daily concerning maintenance and school safety issues.

2022-23 Campus Improvements:

- PBIS signs posted throughout the campus
- Scoreboards for football, baseball, and softball installed.
- A safety buzzer for the main entrance was ordered.
- Ordered School surveillance cameras - in progress
- Wellness Center is open
- Two more murals were completed and a "Home of the Rams" sign was placed at the football stadium
- College and career center is fully furnished and operating
- Entry gates with key access to enter the school site
- Front and back admin entry doors have been tinted for protection in case of an intruder
- Mission and vision flags have been ordered
- Foyer film in the process to provide a welcoming message to parents and the community

2023-2024 Planned Campus Improvements

- All school AC units will be replaced by the summer of 2024
- Two shaded structures will be added for students at the lunch area.
- More trees and plants will be added around campus
- Continue to paint areas of need around our school
- Work on getting furniture for our college and career center
- Work on a bigger location for our parent center

School Facility Conditions and Planned Improvements

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, Administration and campus security are strategically assigned to designated entrance areas, the breakfast area and surrounding areas. Desert Mirage High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds. All students and staff are required to have a school ID.

Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education (RCOE) visit Coachella Valley Unified School District's schools that are in Comprehensive Support & Improvement (CSI) or Additional Targeted Support & Improvement (ATSI) to conduct a Facility Inspection. Desert Mirage High School was identified as an ATSI School based on the 2022 CA School Dashboard. The inspection is designed to evaluate and verify that the school facilities' conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Desert Mirage High School completed by the county took place on October 18, 2023. Results of the inspection are provided in table below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	7	4	13	14	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Career Technical Education Programs

Desert Mirage High School offers eight pathways (Aviation, Dance, Film, Professionals Theatre, Sports Medicine, Website Development, Green Energy, Building & Construction Trades) across six industry sectors with a total enrollment of 1103 students. All pathways have updated curriculum with key assignments aligned to both CTE and academic standards. A total of 22 courses are offered throughout the eight pathways, 14 of the courses have been approved through the UC/Cal State system and award A-G credit. Of these 14 courses, 8 courses offer A-G academic credit in fine arts. The remaining 8 courses offer A-G elective credit. All student populations are supported through after school tutoring to ensure success in all CTE programs.

Each program is evaluated yearly using the rubric for the eleven elements of high quality CTE, with goals set for each pathway for elements that do not meet high quality. Program data collected confirmed higher A-G rates for CTE students versus the general population of students across the School site (44% vs. 38%), higher post-secondary enrollment (55% vs. 28%) and overall higher attendance rates, lower suspension and expulsion rates, and higher GPA's to highlight a few. The schools host two advisory meetings each year with representatives from each of the industry sectors. Kim McNulty, Director of One Future Coachella Valley is the CTE Advisory Committee Chair.

Professional Development

Desert Mirage High School works with the Coachella Valley Unified School District to focus on site-based areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of school and district representatives, professional training concentrations are identified based upon teacher survey results, student performance data analysis results, past practices, and new programs. Training activities are designed to complement and support district-wide training efforts.

During the school year(s), Desert Mirage High School allocated time before school, after school, and through teacher release time for professional development and Professional Learning Community activities focused on:

2023-24 school year:

- i-Ready Diagnostic Assessment and Data Monitoring
- Integrated and Designated English Language Development and EL Data Review
- Best Practices in Reading and Writing Literacy
- Writing using Claim-Evidence-Reasoning
- Marking the Text
- Close Reading Strategies
- Literacy Scaffolds and Strategies for English Learners
- Canvas LMS and MasteryConnect for assessments
- UCI Math for Conceptual Understanding and Common Core Standards
- Transformational Model (Restorative Practices)
- Positive Behavioral Interventions and Supports (PBIS)
- McGraw Hill Inspire Science
- National Geographic Impact and Time Zones ELD
- Houghton Mifflin Harcourt English 3D
- Instructional Leadership

Additionally, the district offers two distinct programs to support professional growth and improve instruction in the classroom. The New Teacher Induction Support Program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period. The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or

Professional Development

related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Teachers are also provided with additional support and assistance from a district Instructional Coach. The instructional coaches build the capacity of teachers by integrating the use of evidence-based practices and strategies in all content areas, as well as various technologies, with an equity lens focused on the progress of all students. This is done through a variety of instructional practices that include: modeling, co-teaching, the cognitive coaching model, demonstration lessons, and data analysis and lesson planning between the teacher and the coach.

Classified staff receives job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions.
