2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff.

West Shores High School provides instruction for students in grades 7 -12. During the 2022-23 school year, a total of 520 students were enrolled. The school's enrollment was comprised of 93.8% Hispanic students, 0.8% African-American students, 0.6% American-Indian students, and 3.8% White students. During the 2022-23 school year, the 520 students enrolled included 93.5% socioeconomically disadvantaged students, 30.2% English Language Learners, 7.3% Migrant students, 11.3% students with disabilities, 1.2% Homeless Youth and 1.0% Foster Youth.

During the 2022-23 school year, the enrollment by grade level was as follows:

Grade 7 = 81 students
Grade 8 = 82 students
Grade 9 = 102 students
Grade 10 = 84 students
Grade 11 = 92 students
Grade 12 = 79 students

2023-24 School Description and Mission Statement

Our school has adopted the following vision and mission statements:

School Vision

West Shores High School will encourage, guide, and support all students to reach their highest potential and to become lifelong learners.

School Mission

The West Shores Middle and High School community will collaborate to establish a positive school climate where there are effective support systems, clear and consistent expectations, and opportunities for learning and growth. Students will achieve academic success and social-emotional well-being while learning to be safe, responsible, and respectful.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at West Shores High School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 12, 2023 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2024-13 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. To assist in this effort, the LEA uses the facility survey instrument developed by the State of California POSC. The results of the survey are available at the school office. West Shores High School originally opened in 1980. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate routine maintenance requests.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. West Shores High School custodians are responsible for:

- Cafeteria Cleanup/Setup
- Classrooms
- General Maintenance
- Emergency Custodial Needs
- Locker Rooms
- Moving Furniture
- Multipurpose Room
- Restrooms
- Special Events Preparations/Setups

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The assistant principal communicates with custodial staff daily concerning maintenance and school safety issues.

2021-22 Campus Improvements:

- Replacing the flooring in the student and faculty restrooms in the middle school area.
- Replacing picnic tables around campus that are damaged.
- Replace any damaged ceiling tiles from classrooms and student common areas.
- Replace the landscaping in the front of the school.

2022-23 Planned Campus Improvements:

The following are planned campus improvements at our site:

- Resurfacing of our gym floor
- Replacement of gym bleachers
- Installing a new portable classroom
- Install a Student Wellness Center
- Remodel the school library
- Improve the curb appeal of the front of the school
- Acquire a new scoring table for athletics

2023-24 Planned Campus Improvements:

The following are planned campus improvements at our site:

- Replacement of gym bleachers
- Build counselor office and college and career center
- Paint and Remodel cafeteria
- Install shade structures above baseball and softball bleachers
- Remodel conference room in main office
- Remodel staff lounge
- Clean surplus areas behind room 23 and between library and room 4

School Facility Conditions and Planned Improvements

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, administrators and yard duty supervisors are strategically assigned to designated entrance areas, the breakfast area and surrounding areas. Yard duty supervisors monitor lunch time activity in the cafeteria and surrounding areas. At dismissal, students are monitored to ensure a safe and orderly departure. West Shores High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education visit Coachella Valley Unified School District's schools that are in Comprehensive Support & Improvement (CSI) or Additional Targeted Support & Improvement (ATSI). West Shores High School was identified as an ATSI School based on the 2022 CA School Dashboard. The inspection is designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for West Shores High School completed by the county took place on October 19, 2023. Results of the inspection are provided in table below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Career Technical Education Programs

West Shores High School is a small school with only one CTE program – AP computer Science with a total enrollment of 28 students. The two-course sequence of curriculum is College Board approved and approved as A-G science and math credits. This small but mighty program has 100% of students meeting A-G requirements, 100% of students passing AP Computer Science Exams, and higher than average GPA's.

Both courses in the sequence have key assignments aligned with both CTE and Academic standards, the program is evaluated using the eleven elements of high quality CTE with goals set for any element not meeting high quality. All student populations are supported through after school tutoring to ensure success in all CTE programs. Because this school is rurally located, field trips to post-secondary institutions and industry, guest speakers, and online student competitions make up a majority of exposure to workforce readiness as there is very little industry located near the school site.

Program data collected confirmed higher A-G rates for CTE students versus the general population of students across the School site (100% vs. 38%), higher post-secondary enrollment (100% vs. 45%) and overall higher attendance rates, lower suspension and expulsion rates, and higher GPA's to highlight a few. The schools host two advisory meetings each year with representatives from each of the industry sectors. Kim McNulty, Director of One Future Coachella Valley is the CTE Advisory Committee Chair.

The school hosts two advisory meetings each year with representatives from the Information Communication Technologies Industry. Kim McNulty, Director of One Future Coachella Valley is the CTE Advisory Committee Chair.

2023-24 Opportunities for Parental Involvement
West Shores High School values parents as partners in their child's education. Parents are encouraged to participate in a decision-making committee, school committees, district level committees, monitor their child's progress, and participate in school events. Our school hosts a Parent Back to School Night, parent conferences, and informational meetings that include graduation and promotion requirements. Our staff provides information and presents on our AVID program, our ELD program, and any curriculum being presented to our students. Our parent center provides a place for parents to receive assistance, be supported and informed of the educational process, and be provided with information on becoming a volunteer. Parents are also invited to particular leadership team meetings and faculty meetings to provide feedback on our school's educational program. Parents are invited to attend all activities pertaining to their students including athletics, band, and academic awards. Our school's English Learner Advisory Committee, School Site Council, and Parent Involvement Committee is open to all parents. Opportunities to volunteer are also available during our Fall and Spring Festivals, Campus Beautification projects, and any other school wide event. School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through flyers, weekly ConnectEd messages, the school website, and Facebook page. Contact the principal Olivia Mejorado or Dr. De Feo in the school office at (760) 848-1360 for more information on how to become involved in your child's learning environment. 2023-24 School Safety Plan

The Comprehensive School Site Safety Plan was developed for West Shores High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school safety plan was reviewed and updated by staff and the SSC on February 17, 2023, and board approved on March 9, 2023.

Professional Development

West Shores High School works with the Coachella Valley Unified School District to focus on site-based areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of school and district representatives, professional training concentrations are identified based upon teacher survey results, student performance data analysis results, past practices, and new programs. Training activities are designed to complement and support district-wide training efforts.

During the school year(s), West Shores High School allocated time before school, after school, and through teacher release time for professional development and Professional Learning Community activities focused on:

2023-24 school year:

- i-Ready Diagnostic Assessment and Data Monitoring
- Integrated and Designated English Language Development and EL Data Review
- Best Practices in Reading and Writing Literacy
- Writing using Claim-Evidence-Reasoning
- Marking the Text
- Close Reading Strategies
- Literacy Scaffolds and Strategies for English Learners
- Canvas LMS and MasteryConnect for assessments
- UCI Math for Conceptual Understanding and Common Core Standards
- Transformational Model (Restorative Practices)
- Positive Behavioral Interventions and Supports (PBIS)
- McGraw Hill Inspire Science
- National Geographic Impact and Time Zones ELD
- AVID Strategies
- Student Collaboration Strategies
- Instructional Leadership

Additionally, the district offers two distinct programs to support professional growth and improve instruction in the classroom. The New Teacher Induction Support Program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period. The Peer Assistance and Review (PAR) program is available

Professional Development

to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Teachers are also provided with additional support and assistance from a district Instructional Coach. The instructional coaches build the capacity of teachers by integrating the use of evidence-based practices and strategies in all content areas, as well as various technologies, with an equity lens focused on the progress of all students. This is done through a variety of instructional practices that include: modeling, co-teaching, the cognitive coaching model, demonstration lessons, and data analysis and lesson planning between the teacher and the coach.

Classified staff receives job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions.

- 2023-2024 Site Professional Development
- Professional development at the site level occurs on designated professional development time on early release Wednesdays. During the 2022-2023 school year, professional development focused on the following:
- Multi-Tiered System of Support
 - Comprehensive Support and Improvement (CSI)
 - School Climate: PBIS, Socio-Emotional Learning
 - ELPAC
 - English Learners Writing Instruction and Support: Seven Sentence Paragraph
 - English Learners: Structured Conversations
 - Student Engagement: Entry/Exit Tickets as formative assessments and instructional tools
 - Transformational Justice
 - Instructional Norms: Student Engagement
 - Close Reading Strategies: Marking the Text, Reading with Purpose
 - CER: Claim Evidence Reasoning
