2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff. Cesar Chavez Elementary School is in the northern region of the district's boundaries and serves students in grades kindergarten through six following a traditional calendar.

Cesar Chavez Elementary School is a Transitional Kinder (TK) - 6th grade school, comprised of 98.9% Hispanic, 0.1% African-American, 0.0% American Indian, and 0.6% White. During the 2022-23 school year, Cesar Chavez Elementary had approximately 727 students enrolled, including 89.3% socioeconomically disadvantaged students, 55.2% English Language Learners, 2.8% Migrant students, 9.4% students with disabilities, 2.5% Homeless Youth and 0.3% Foster Youth. During the 2022-23 school year, the enrollment by grade level was as follows:

TK - K = 114 students
Grade 1 = 92 students
Grade 2 = 100 students
Grade 3 = 89 students
Grade 4 = 91 students
Grade 5 = 119 students
Grade 6 = 122 students

It is the belief of Cesar Chavez Elementary School that students can and will excel in an environment that is tailored to their evolving needs. Although we recognize our areas of needs and concern, we are extremely proud as we strive to meet all academic goals established by the district, state, and federal government.

Our hard-working staff are both skilled and dedicated to the success of all students. We are fortunate to have many experienced and knowledgeable teachers eager to make a difference for our students. We believe in a student-centered approach, which provides an atmosphere in which a child's social, emotional, and intellectual needs are equally important. Our goal in presenting you with this information is to keep our community, and the public in general, well informed. In reflection of that goal, we desire to keep the lines of communication open and welcome any suggestions, comments, or questions you may have. It is the opinion of the district and myself in particular that a well-informed public is vital in continuing to advance in an ever-evolving world. Thank you for helping Cesar Chavez Elementary School change with the times and maintain flexibility in this and future generations.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Cesar Chavez Elementary School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 12, 2023 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2024-13 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. To assist in this effort, the LEA uses the facility survey instrument developed by the State of California POSC. The results of the survey are available at the school office. Cesar Chavez Elementary School's original facilities were built in 1990; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate routine maintenance requests.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Cesar Chavez Elementary School custodians are responsible for:

- Cafeteria Cleanup/Setup
- Classrooms
- General Maintenance
- Emergency Custodial Needs
- Moving Furniture
- Multipurpose Room
- Restrooms
- Special Events Preparations/Setups

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The assistant principal communicates with custodial staff daily concerning maintenance and school safety issues.

2022-23 Campus Improvements:

- * Repair restrooms floors/ stalls
- * Retouch painting on outside playground and doorways
- * Re-pavement of the staff parking lot and drop-off zone area
- * Replacement of staff lounge floor
- * Repair A/C in staff and student portable restrooms
- * Replace sand on playground
- * Office floor replaced

2023-24 Planned Campus Improvements:

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, yard duty supervisors are strategically assigned to designated entrance areas, the breakfast area and the playground. During recess, teachers supervise playground activity. Yard duty supervisors monitor lunchtime activity in the cafeteria and on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure. Cesar Chavez Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Condition of Facilities -

Schools are required to have facility inspections. State law requires that information from the facility inspection report be reflected on the SARC in accordance with EC sections 33126 and 33126.1. The Office of Public School Construction (OPSC) Facility Inspection Tool (FIT) or a locally developed instrument that meets the same legal requirements must be utilized during these inspections to determine if a school facility is in "good repair" and to rate the facility accordingly.

LEAs are to use the data collected in the school's most recent FIT report to populate the SARC regarding the school's facility conditions and the "good repair status" of the facility. The year and month of the most recent FIT report are also required to be provided on the SARC.

Condition of Facilities -

On an annual basis, Coachella Valley Unified School District's school facilities are Inspected by CVUSD Facilities and Maintenance Personnel, using an inspection rubric from Riverside County Office of Education (RCOE). The inspection is designed to evaluate and verify that the school facilities' conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Cesar Chavez Elementary School took place on December 6, 2023. Results of the inspection are provided in table below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	29	29	27	26	47	46
Mathematics (grades 3-8 and 11)	14	14	13	14	33	34

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through flyers, school website, monthly newsletters, Blackboard Connect, Parent Square, and monthly calendars. Contact the principal at (760) 398-2004 for more information on how to become involved in your child's learning environment.

2023-24 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Cesar Chavez Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school safety plan was reviewed and updated by staff and the SSC on February 21, 2023, and board approved on March 9, 2023.

Additionally, the district offers two distinct programs to support professional growth and improve instruction in the classroom. The New Teacher Induction Support Program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period. The Peer Assistance and Review (PAR) program is available

Professional Development

to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Teachers are also provided with additional support and assistance from a district Instructional Coach. The instructional coaches build the capacity of teachers by integrating the use of evidence-based practices and strategies in all content areas, as well as various technologies, with an equity lens focused on the progress of all students. This is done through a variety of instructional practices that include: modeling, co-teaching, the cognitive coaching model, demonstration lessons, and data analysis and lesson planning between the teacher and the coach.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions.
