About This School

Mission Statement

Railroad Canyon Elementary will be a cooperative learning community working together toward a common goal that fosters success. Our leadership team of teachers and staff work alongside our School Site Council and Parent Teacher Association to ensure all educational partners are informed, engaged and supportive of our Single Plan for Student Achievement, SPSSA.

Principal's Message

At Railroad Canyon Elementary, we operate as a cooperative learning community working together to ensure student success. We continue with our mission to provide a safe, supportive learning environment in which students reach their highest potential. Student progress at Railroad Canyon is continually and collaboratively monitored through the Multi-Tiered System of Support (MTSS) model of instruction and by providing a Response to Intervention (RTI). In this model, teachers provide early, effective assistance to students with difficulty learning and extend learning for students who master content easily. Railroad Canyon teachers meet in grade-level teams weekly to analyze student data and use this information to guide instruction. Teachers develop group and individual goals at each grade level. An important aspect of education is preparing students to become good citizens with the skills necessary for social mobility. Each classroom stresses the importance to both students and parents of focusing on attending college after high school.

We have developed success criteria to help facilitate the creation of a safe, respectful school climate where all students can learn and do their personal best. We continue to focus on Boys' Town Social Skills and three school rules: 1. Be Safe, 2. Be Respectful, and 3. Be Responsible. Students are awarded with "Scholar Dollars" that they may use at our mobile Scholar Store. Our goals are set, and our expectations are high.

Railroad Canyon is now proud to offer the Dual Immersion program in grades TK-5. Our Dual Immersion program aims to develop a child's proficiency in English and Spanish through reading, writing, speaking, and listening. The program is academically sound, based on more than 40 years of research. In our Dual Immersion program, English speakers and Spanish speakers are brought together in the same classroom to develop fluency and literacy in both languages. In kindergarten and first grades, the core focus is on Spanish-language arts. We aim to provide students with a strong academic foundation in Spanish so they can easily transfer their knowledge and skills to English. English-language arts instruction is slowly introduced in second grade and continues to increase in time through fifth grade. For the 23-24 school year, Railroad Canyon's Dual Immersion team will work with the Riverside County Office of Education to review our Dual Immersion Policies and ensure our program is educationally sound, providing students with dynamic opportunities to excel in both English and Spanish.

Sincerely,
Lori Recatto, Principal

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time ; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

Lake Elsinore Unified School District chooses instructional materials that are aligned with State content standards, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. Materials for grades K-8 are chosen from the State-adopted list. Subject area teachers evaluate and recommend materials for grades 9-12. Curriculum and textbook subcommittees are comprised of teachers (subject or grade level) and administrators. The subcommittee recommends instructional materials to the Curriculum Advisory Committee (CAC), which has representatives from every school. The CAC evaluates and recommends materials to the school board, which gives final approval to all adopted instructional materials. Parents and community members may review adopted materials at the district office. Lake Elsinore Unified School District held a hearing for the sufficiency of textbooks on September 14, 2023.

Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board to use in class and to take home.

School Facilities

School Facility Good Repair Status (School Year 2023-24)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on January 11, 2024. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	No repairs needed at the time of inspection.
Interior: Interior Surfaces	Fair	Stained ceiling tiles in more than one room.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	More than one restroom needs deep cleaning. Carpets need cleaning in more than one room.
Electrical: Electrical	Good	Missing diffusers in more than one room. Lights out in one room. Broken diffuser in one room.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Fair	Faucet leaking at base in one room. Rust and calcification on faucet and sink in one room. Rust and calcification on drinking fountain.
Safety: Fire Safety, Hazardous Materials	Good	No repairs needed at the time of inspection.
Structural: Structural Damage, Roofs	Good	No repairs needed at the time of inspection.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	No repairs needed at the time of inspection.
Overall Rating	Good 94.87%	

School Facility Conditions and Planned Improvements

Railroad Canyon Elementary School opened its doors in 2001. We have 17 regular classrooms, 22 portables, a library, a multipurpose room, and 3 special education rooms. The designed capacity of the school is 900 students. Athletic facilities include outside courts and fields.

During the 23-24 school year, Railroad Canyon had undergone major school improvement in order to meet the needs of our growing community. Three TK triple-wide portables were placed on campus, in addition to 4 additional portables to house our fourth-grade students. Furniture and supplies were purchased to ensure the classrooms were ready and useful for instruction. Painting occurred throughout the campus as well to modernize the facilities. Finally, new flooring was replaced in the administration building.

Cleaning Process, Maintenance, and Repair

The Lake Elsinore Unified School District (LEUSD) is dedicated to upholding a safe, secure, and visually pleasing environment for our students. The LEUSD Governing Board has established cleaning standards for all schools within the district. A summary of these guidelines can be obtained from the school office or the District Office. The principal collaborates daily with the custodial team to create cleaning schedules that guarantee a clean and safe school environment.

In addition to providing district-level support for routine and periodic maintenance, LEUSD maintains high standards for the cleanliness, appearance, and overall condition of all campuses on a daily basis. These standards are upheld through the combined efforts of students, staff, day custodians, evening custodial crews, and the District Maintenance Department.

Site administrators, custodians, and district personnel conduct regular physical inspections to ensure safety and maintenance requirements are met. The district's maintenance staff ensures that any necessary repairs to maintain the school's good condition and functionality are promptly addressed. A streamlined work-order process is employed to ensure efficient service, with emergency repairs receiving top priority. LEUSD consistently evaluates maintenance, modernization, and new construction needs. Any pesticide usage at our school sites adheres to the Healthy Schools Act of 2000.

Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.

SCHOOL ACCOUNTABILITY REPORT CARD

2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

School Safety

SB187 Safety Plan

Date the plan was last approved: November 31, 2023

Date the plan was reviewed by staff: November 31, 2023

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

Fire drill evacuations are conducted monthly at all elementary and middle schools and twice a year at the high schools in the district. The Riverside County Fire Department conducts a fire safety inspection annually, while site personnel conduct site inspections regularly. The school's Disaster Preparedness Plan is updated annually, and disaster drills are conducted four times per year at each elementary school and middle school and once each semester at the high schools.

Currently, the District provides storage areas for emergency supplies to be kept on campus in the event of a disaster. A radio communication system allows for continuous communication with the district office in the event of a disaster.

A Crisis Intervention Team has been identified and trained to deal with stress experienced by students and staff because of a crisis. Team members are called upon to assist across the district as necessary. School Resource Officers provide prevention and intervention procedures on all LEUSD campuses at least part-time as part of the comprehensive School Safety Program.

*One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

Average Class Size and Class Size Distribution (Elementary)

The average class size is calculated by dividing the number of students enrolled in classes, excluding special education and a few other minor categories, divided by the number of classes. The following table provides three years of data.

Grade Level	2020-21			2021-22			2022-23		
	Avg. Class Size	Number of Classes*		Avg. Class Size	Number of Classes*		Avg. Class Size	Number of Classes*

- English Language Development
- Resource Specialist Program (RSP)
- Special Day Class (SDC)
- Gifted and Talented Education (GATE)
- Dual Immersion
- Intervention Teacher Program

Professional Development

Measure	2021-22	2022-23	2023-24
Number of school days dedicated to Staff Development and Continuous Improvement	0	0	2

Each year, LEUSD strongly supports and encourages teachers, administrators, and support staff to participate in professional development on a regular basis throughout the school year. LEUSD's first priority is to assist teachers and classroom Para-Educators. Workshops and trainings scheduled throughout the year are based on the academic needs of students. Offerings include data analysis, curriculum and content knowledge, Standards-based instruction, instructional strategies, and leadership skills. After initial training, follow-up and coaching take place district-wide. The district aims to provide teachers, administrators, and staff opportunities to meet all students' learning needs. Staff members are encouraged to use SCHED to sign up for professional development opportunities. These sessions are created based on educator feedback gathered from surveys, questionnaires, and data analysis.

SCHOOL ACCOUNTABILITY REPORT CARD

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
