About This School

Mission Statement

"William Collier Elementary-Where Children Excel" - For our school, this means all students will have maximum opportunities to strive to meet and/or exceed grade-level standards. All students will have maximum opportunities to acquire the learning, skills, and strategies necessary to be successful in their education and life. As educators, this year, we are focusing on growing our instructional strategies and ensuring that we are trained in analyzing data and making instructional decisions accordingly. We teach students to put into practice what they learn and, as adult learners, strive to pass along a lifelong love of learning to our students. We are dedicated as a school to be a community of learners who are actively applying gained knowledge and reshaping the world around us into a better place. To this end, you will find our Rubner's Garden, an active Recycling Program, and a focus on Kindness and Advocacy (for ourselves and others).

Belief Statement: We believe all students will be successful as we provide responsive and equity-minded environments and instruction.

Principal's Message

William Collier Elementary School is a neighborhood school that cares about our students and our community. In the past, William Collier has been awarded several prestigious awards: the "2011 National Blue-Ribbon School Award" and the Riverside County Office of Education "Models of Academic Excellence Award," as well as the Title I Achieving School Award, and the California Distinguished School Award in 2010. These awards reflect our long-standing commitment to our students and their success. We are extremely proud of how our staff, students, and community work diligently to support this neighborhood school.

Our school-wide goals this year are to focus on collaborative conversations in our classrooms and to meet the individual needs of our students by accurately assessing their progress, meeting as teams to devise plans, and adjusting our instruction to the student strengths and areas needing support. Every teacher strives to meet the academic needs of our students through targeted and focused instruction and collaboration with colleagues to design the best instruction. Teams are working toward the identification of essential and development of common assessments. Utilizing instructional aides and common schedules, we are creating FOCUS time to address specific needs and accommodate and support struggling students in reaching grade-level performance standards through strong enrichment and interventions.

Technology is integrated into all areas of the curriculum. Students use iPads in various ways to enhance, enrich, and remediate skills. We want to share our successes and the areas that need improvement. We hope this School Accountability Report Card (SARC) will initiate discussions among our professional staff and you, our valued community supporters, to increase our effectiveness as educators and parents.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time ; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2023-24)

Lake Elsinore Unified School District chooses instructional materials that are aligned with State content standards, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. Materials for grades K-8 are chosen from the State-adopted list. Subject area teachers evaluate and recommend materials for grades 9-12. Curriculum and textbook subcommittees are comprised of teachers (subject or grade level) and administrators. The subcommittee recommends instructional materials to the Curriculum Advisory Committee (CAC), which has representatives from every school. The CAC evaluates and recommends materials to the school board, which gives final approval to all adopted instructional materials. Parents and community members may review adopted materials at the district office. Lake Elsinore Unified School District held a hearing for the sufficiency of textbooks on September 14, 2023.

Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board to use in class and to take home.

School Facilities

School Facility Good Repair Status (School Year 2023-24)

To determine the condition of our schools, the district sends experts from the facilities team to inspect them. The facilities team uses a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. The latest inspection took place on January 11, 2024. The information from that survey, as outlined below, reflects the condition of our buildings as of the date of the report. Since that time, circumstances may have changed.

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	No repairs needed at the time of the inspection.
Interior: Interior Surfaces	Fair	Cracked linoleum in multi-purpose room. Damaged wall at baseboard in one room. Ceiling tiles need replacement in more than one room. Dirty carpets in more than one room.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	No repairs needed at the time of the inspection.
Electrical: Electrical	Good	No repairs needed at the time of the inspection.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	No repairs needed at the time of the inspection.
Safety: Fire Safety, Hazardous Materials	Good	No repairs needed at the time of the inspection.
Structural: Structural Damage, Roofs	Good	No repairs needed at the time of the inspection.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	No repairs needed at the time of the inspection.
Overall Rating	Good 98.52%	

School Facility Conditions and Planned Improvements

Our school opened in July of 1998. William Collier has 26 regular classrooms, 9 portables, a library, a motor lab, a multi-event room, a multi-purpose room, two special education rooms, and a preschool. The designed capacity of the school is 750 students. Athletic facilities include the MPR, motor lab, and outside courts and fields.

Cleaning Process, Maintenance, and Repair

The Lake Elsinore Unified School District (LEUSD) is dedicated to upholding a safe, secure, and visually pleasing environment for our students. The LEUSD Governing Board has established cleaning standards for all schools within the district. A summary of these guidelines can be obtained from the school office or the District Office. The principal collaborates daily with the custodial team to create cleaning schedules that guarantee a clean and safe school environment.

In addition to providing district-level support for routine and periodic maintenance, LEUSD maintains high standards for the cleanliness, appearance, and overall condition of all campuses on a daily basis. These standards are upheld through the combined efforts of students, staff, day custodians, evening custodial crews, and the District Maintenance Department.

Site administrators, custodians, and district personnel conduct regular physical inspections to ensure safety and maintenance requirements are met. The district's maintenance staff ensures that any necessary repairs to maintain the school's good condition and functionality are promptly addressed. A streamlined work-order process is employed to ensure efficient service, with emergency repairs receiving top priority. LEUSD consistently evaluates maintenance, modernization, and new construction needs. Any pesticide usage at our school sites adheres to the Healthy Schools Act of 2000.

Pupil Outcomes

State Priority: Pupil Achievement

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Opportunities for Parent Involvement

Contact Person: Bernarda Granja, Community Liaison

Contact Phone Number: (951) 253-7630

We are excited to welcome parents onto campus. Our PTA has been a vital part of our campus for many years and is always looking for active members to support our students, staff, and families. We hold bi-annual Town Hall meetings to give families an opportunity to ask questions, provide feedback, and address any concerns. These meetings are held one in the morning and one in the evening. Many other opportunities for parent participation/involvement exist, including:

- ParentSquare Communications from school to families.
- ParentSquare messaging from families to staff.
- Volunteering in the classroom
- Participating in School Site Council (SSC)

- Volunteering for Parent Teacher Association (PTA) activities
- English Learner Advisory Committee (ELAC) meetings
- Interpretation available to support participation in our meetings/events.
- Title I meetings
- Parent Workshops
- Student Success Night
- Family Events, such as Harvest Festival, Science/Math Night, Literacy/Art Night

School Safety

SB187 Safety Plan

Date the plan was last approved: 11/16/2023

Date the plan was reviewed by staff: 11/14/2023

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures, and compliance with laws including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school-wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lockdown procedures. In addition, a copy of the plan is available for inspection by the public at each school.

Fire drill evacuations are conducted monthly at all elementary and middle schools and twice a year at the high schools in the district. The Riverside County Fire Department conducts a fire safety inspection annually, while site personnel conduct site inspections regularly. The school's Disaster Preparedness Plan is updated annually, and disaster drills are conducted four times per year at each elementary school and middle school and once each semester at the high schools.

Currently, the District provides storage areas for emergency supplies to be kept on campus in the event of a disaster. A radio communication system allows for continuous communication with the district office in the event of a disaster.

A Crisis Intervention Team has been identified and trained to deal with stress experienced by students and staff because of a crisis. Team members are called upon to assist across the district as necessary. School Resource Officers provide prevention and intervention procedures on all LEUSD campuses at least part-time as part of the comprehensive School Safety Program.

Discipline

A progressive discipline plan is in place, and multiple discipline procedures, character pillars, and Boys Town social skills are taught throughout the year. Four campus supervisors and a part-time School Resource Officer also help maintain a safe environment. The school has an Anti-Bullying Policy that is reviewed by staff and students.

Average Class Size and Class Size Distribution (Elementary)

The average class size is calculated by dividing the number of students enrolled in classes, excluding special education and a few other minor categories, divided by the number of classes. The following table provides three years of data.

Grade Level	2020-21			2021-22			2022-23			
	Avg. Class Size	Number of Classes*		Avg. Class Size	Number of Classes*		Avg. Class Size	Number of Classes*

Number of school days dedicated to Staff Development and Continuous Improvement	0	0	2

Each year, LEUSD strongly supports and encourages teachers, administrators, and support staff to participate in professional development on a regular basis throughout the school year. LEUSD's first priority is to assist teachers and classroom Para-Educators. Workshops and trainings scheduled throughout the year are based on the academic needs of students. Offerings include data analysis, curriculum and content knowledge, Standards-based instruction, instructional strategies, and leadership skills. After initial training, follow-up and coaching take place district-wide. The district aims to provide teachers, administrators, and staff opportunities to meet all students' learning needs. Staff members are encouraged to use SCHED to sign up for professional development opportunities. These sessions are created based on educator feedback gathered from surveys, questionnaires, and data analysis.

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/.

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/.

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
