

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Las Flores High School

Address: 5900 Bamford Dr, Sacramento, CA 95823
Principal: Justine Fuller

Phone: 916-399-9890
Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Las Flores High School K-12
A Community of Lifelong Learners!

Las Flores High School provides a unique online educational experience for K-12th grade students that includes a supportive learning environment as well as rigorous and comprehensive curriculum aligned to the Common Core State Standards. Our K-8th grade students participate in an online virtual program while our High School students participate in an A-G independent study program utilizing online curriculum. Both schools offer in person supplemental opportunities. Students are encouraged to participate in Career Technical Education (CTE) classes and work study programs to prepare for college and/or careers. All aspects of the school contribute to providing students with the skills necessary to be successful independent learners.

The EGUSD mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Las Flores supports the district's mission through the Schoolwide Learner Outcomes.

- All students will take responsibility for learning
- All students will be able to think critically and problem solve
- All students will be able to communicate and collaborate effectively

Our success in implementing the district's mission can be evidenced through our strengths which include:

- An individualized learning plan developed for each student
- A focus on our core values: Las Flores Falcons are Respectful, Responsible, and Resilient
- An independent study format that allows students to pursue assignments at their pace
- Chromebooks provided for every student
- Concurrent enrollment at local community colleges for qualifying students

Parental support and involvement continue to be important aspects of the success of Las Flores High School students. Parents are encouraged to join our School Site Council which is instrumental in developing and monitoring our site Local Control Accountability Plan (LCAP) that describes the actions, services, and expenditures that support student growth. Parents are welcome to visit or call our school at any time (916) 399-9890.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

The current Las Flores campus became the Las Flores site in 1988 and the campus staff work together to ensure that the site is clean, safe, and functional. Electrical and plumbing improvements have been made over the years, and new furniture and electrical upgrades were recently completed in 2022. The custodians provide daily upkeep and the district Maintenance and Operations department provides ongoing maintenance and improvements to the facilities and buildings. The campus has a facilities survey that is conducted yearly to ensure the site repairs and updates are made regularly. We share a large back field where students participate in PE activities and social events and are developing a Farm to Fork Garden Club.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's Maintenance and Grounds departments work with the administrator and school site custodians to ensure that school buildings, classrooms, and grounds are maintained to provide a safe and functional learning environment for all students and staff. Repair needs are resolved by the school custodian or maintenance staff. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. Masks are available in the front office and sanitation and child safe cleaning equipment and supplies are provided to each classroom.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In 2022 the Las Flores campus received an upgraded electrical and lighting remodel and all new classroom furniture. In August 2024, the High School staff moved back onto the campus. In November of 2024, Measure N (a school facilities bond) was approved by California voters. The district has developed a Facility Master Plan to outline upgrades and modernization for school sites. Some of the projects planned for Las Flores include modernizing classroom features, building a playground, building upgrades including heating/air conditioning, roofing and alarms, and technological improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Career Technical Education (CTE) Programs (School Year 2023 - 2024)

Career Technical Education (CTE) provides opportunities for LFHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits they will need to succeed after graduation. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Guidance counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile. LFHS students have access to Explore CTE programs such as medical assistant, EKG technician, phlebotomy technician, culinary arts, video production, and more. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. Individual student assessment of work readiness skills takes place through end-of-course exams, projects, portfolios, industry certifications, or other means. We measure the success of the program by the certificates of completion earned based on the number of units students complete, and the college credits earned. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process. Onsite our career studies course introduces students to multiple career options and preparation for college through portfolios, mock interviews, and investigations. Students may also enroll in work experience, providing both employment and credits, with the benefit of LFHS teacher guidance.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

Parents are encouraged to volunteer at student activities and field trips, attend school functions, and join the School Site Council or English Learners Advisory Council - parent groups that assist the principal with important decisions. We also host quarterly Family Engagement Nights, weekly PE and art classes and offer our Falcon TV Media Club to provide in person learning and socialization opportunities for our students and families. For more information, contact the school secretary at (916) 399-9890 or via email at vecrowde@egusd.net.

School Safety Plan (School Year 2024 - 2025)

A safe, caring, and supportive learning environment is important to the academic success of all of our students. The Las Flores School Safety Plan is reviewed and updated annually, and was most recently updated in September 2024. All campus visitors must register in our school office prior to coming on campus. Supervision is provided during school hours and at all after school events and the district's Safety and Security Department works closely with our school site to provide a safe environment for all students. An Emergency Handbook, outlining a plan of action for emergencies, is kept in the school office and in all classrooms. Regular student safety drills are conducted quarterly and random school safety inspections are conducted by the district and County of Sacramento.

Types of Services Funded (Fiscal Year 2023 - 2024)

Las Flores High School uses an online independent study platform to deliver curriculum. We have highly qualified staff to assist students in meeting the state and district standards. Las Flores also utilizes a Multi-Tiered System of Support (MTSS) in concert with Positive Behavioral Interventions and Supports (PBIS) to assist students with academic, behavioral, or social emotional issues. EGUSD provides many opportunities for students to broaden their education by offering a wide variety of Career and Technical Education (CTE) courses and Las Flores students are encouraged to enroll in one or more that may interest them. Students wishing to further enhance their education, and who meet the appropriate requirements, may concurrently attend community college. We offer a variety of tutoring options and elective courses both online and in person.

Professional Development

Las Flores and the Elk Grove Unified School District offer a variety of professional learning opportunities for teachers and support staff. Las Flores has implemented a professional development emphasis on the principles of High Quality Instruction, which include clear learning targets and success criteria, formative and summative assessments, opportunities for student talk, and active student participation. These principles are designed to foster and improve student learning. Las Flores teachers regularly attend training opportunities and workshops focusing on English Language Arts and Mathematics curricular materials as well online learning teaching strategies and technology. Wednesday afternoons are dedicated to professional development and staff training. All staff members are supported in participating in activities and in attending trainings outside of the school day that enhance their professional growth.
