

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Jessie Baker School

Address: 8850 Southside Avenue, Elk Grove, CA 95624
Principal: Cynthia Shapton

Phone: 916-686-7703
Grade Span: K-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Jessie Baker School is a dedicated and nurturing educational environment for students with special needs. Our top priority is to create a physically and emotionally safe space where students can grow, learn, and thrive. Every day, our students experience friendship, respect, high self-esteem, and personal development as part of their educational journey.

We are deeply committed to providing a superior, individualized education that serves as a foundation for endless possibilities. Because we believe in the potential of every child, the entire Baker community collaborates to ensure that our students develop critical thinking skills, act with compassion, and build the resilience needed to face life's challenges.

Our teachers hold advanced degrees and have received specialized training in curriculum development, Social Emotional Learning (SEL), PBIS (Positive Behavioral Interventions and Supports), and behavior management strategies for students with learning disabilities. They are proficient in utilizing tools like Unique Learning Systems, News2You, and TouchMath, and follow a school-wide PBIS framework that emphasizes respect and positive behavior.

The involvement of exceptional parents, caregivers, student volunteers, community members, and district administrators further enriches our learning environment. Together, this diverse team works to fulfill our mission of providing an enhanced, enriching education for our extraordinary students.

Our comprehensive educational approach addresses the academic, social, emotional, behavioral, self-help, community, vocational, and recreational needs of each student. We recognize and celebrate the unique abilities and challenges of every individual. Through our dynamic curriculum—Unique Learning Systems—we equip our students with the tools they need to become productive, contributing members of society. We maintain high expectations for all students, continually supporting their progress toward achieving their full potential.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Jessie Baker School was built as the first special needs school in California in 1964. The buildings and facilities have been modified and added on to throughout the years. The last addition was in 1996, where more classrooms and an office were built. The playground was built soon after the additional building. Our track was upgraded in 2012 from dirt to a rubberized surface. Our Therapeutic pool was completely updated in May of 2016. Our roofs were updated in 2018. Our classroom technology was updated in 2021. We have an updated covered patio for our students in 2022. We are getting an entire school refresh this summer. We have 13 classrooms. We have a multipurpose room and staff room.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are stocked, safe, and sanitary.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

At this time, Baker has two projects that were recently completed. We have upgraded our classroom technology. All of our classrooms now have SMART boards. Our curriculum is web based so this allows the students great accessibility to the curriculum with their own special needs. Our school also has a brand new outdoor covered patio area, where the students can work and eat outside. This project was completed in November of 2021. Our school will get a complete refresh this summer with new paint, floors, ceilings and a new kitchen for students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

There are a number of ways to become involved in your child's education. Our school has a PTO, which provides support to all families, as well as social events, and fundraising activities. This year's activities include Our 60th, Baker Games and Movie Night. Parents and caregivers can also attend Back-to-School Night in the fall, Open House at Baker Games and Our Spring Fling. There are many volunteer opportunities, as well as Project RIDE. Contact the President of the PTO or the school secretary, Lori Wallace, at 686-7703.

School Safety Plan (School Year 2024 - 2025)

Safety on the school campus for all students and adults is a primary focus and is top priority in making sure our students and families feel safe and secure. Jessie Baker School is a locked campus that provides monitoring for students from the beginning of the school day at our before school EXL program, to the end of the day at our after school EXL program. Gates are locked during school hour and visitors must be buzzed in through our front gate to enter any part of the campus. Visitors must be buzzed in through the front gate and come to straight to the office. All visitors are escorted throughout the campus by a staff member to wherever they are going. They must sign in and out with a visitors pass to walk on campus. Our school safety plan is updated annually and was completed in October of 2024.

Types of Services Funded (Fiscal Year 2023 - 2024)

All programs at Jessie Baker are considered special. Each class is specially designed to meet the unique needs of each grade. All of our curriculum is aligned to the Common Core State Standards. We have outstanding Designated Instruction Services, including Adapted Physical Education, Music and movement instruction, Speech and Language, Occupational Therapy, Physical Therapy, a school nurse, Behaviorist, and a school psychologist. Our students participate in Community Based Instruction with off campus training for jobs. Through enormous community fundraising and district support, our students are able to participate in Project RIDE, a therapeutic horseback riding program, which is located right here on campus.

Professional Development

Our school's curriculum is thoughtfully crafted to equip students with the skills needed to become productive and engaged citizens within their communities. We incorporate Unique Learning Systems and News to You to enrich our educational offerings. In reading and language arts, we employ a diverse range of teaching methods tailored to meet the unique needs of each student, leading to significant successes in both programs. Our math and science instruction emphasizes essential skills such as counting, one-to-one correspondence, addition, subtraction, time management, as well as identifying and using money, making predictions, and reading comprehension. Social studies play a crucial role in our curriculum, with a primary objective of preparing students to be ethical, responsible citizens, family members, and employees. We prioritize the development of pre-vocational and vocational skills throughout our students' educational journey, beginning with fostering responsibility in the classroom for our youngest learners, advancing to campus job opportunities, and eventually engaging in work experiences at job sites. Our community skills curriculum covers vital topics such as street safety, public transportation, available community resources, community service, and vocational training. Additionally, our adapted physical education program emphasizes physical fitness.
