

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Cosumnes River Elementary

Address: 13580 Jackson Rd, Sloughhouse, CA 95683
Principal: Michael Blomquist

Phone: 916-682-2653
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Welcome to Cosumnes River Elementary School, Home of the Roadrunners! We are looking forward to partnering with you during the 2024-2025 school year. We are confident that this will be a successful year for all our students, and we welcome the challenge to continue to ensure that all students will become lifelong learners and reach their full potential. Cosumnes River Elementary School prides itself on preparing students for a successful academic career, as it has since the 1840s!

We will continue to follow our Positive Behavioral Interventions & Supports (PBIS) this school year with a focus on being: Respectful, Responsible, and Ready to Learn. You will see these behavior expectations posted throughout the school and your child will be learning them during his or her first two weeks at school. We believe that a safe, orderly, positive, learning environment is essential to academic achievement.

Our four main goals here at CRES are: 1) increase academic achievement, 2) increase student social and emotional well-being, 3) ensure a safe, positive learning environment for all students, and 4) increase partnerships with families to promote school improvement.

We, at CRES, are fortunate to have tremendous support from our parents and community partners. I encourage all families to find a way to become involved with our school and teachers. A strong partnership from school to home will always be an important part of a child's educational journey. We look forward to partnering with you throughout the year.

It's a Great Day to be a Roadrunner! Oh, yeah!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Preparation and Placement (School Year 2020 - 2021)

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Cosumnes River Elementary School is located in Sloughhouse, California along the Cosumnes River. Our campus has a two-story classroom building housing up to 20 classrooms in grades 1-6. Our kindergarten wing has three classrooms. Additionally, we have a multipurpose room, a library/computer lab/learning center facility, and an administration building. Our campus partner, Champions, provides fee-based after school childcare on campus in three portables located within the secured part of our campus as well as extended day learning opportunities. We have a large blacktop designed for multi-game basketball, tetherball, 4-square, and kickball. We also have a play structure and large grass field with surrounding track for use during recess and physical education.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with our custodial team to ensure that school buildings, classrooms, and grounds are maintained to provide a safe and functional environment for all students. Emergency repair needs are quickly resolved by our custodian or district maintenance staff. Any needed support is requested through the use of work orders that are sent to the maintenance and grounds department who respond to those work orders with urgency. Our custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Measure M funds allowed us to add an additional shade structure to our blacktop area to provide additional bench seating and shade for all of our students. The CRES PTA provided new picnic benches for the additional shade structure when they are installed. A new solid shed was installed near our CRES garden to house tools and equipment for our afterschool garden program. A CRES PTA funded "hydration station" is located in our cafeteria for student and staff use. Our PTA raised money to provide a Ga Ga ball pit and Ball Wall for additional recess and PE activities on campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

CRES values each family's involvement in their child's education. Back to School Night, Open House, and parent conferences provide parents an opportunity to become a partner in their child's education, in addition to logging into Synergy's ParentVue to keep updated on student progress on a daily or weekly basis. Volunteering in your child's classroom, joining the PTA, or helping with one of our many school-wide activities supports the success of all students. For PTA information, please contact Courtney Reid at cresptapresident@gmail.com

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2024 - 2025)

At CRES, we believe that a safe, positive, equitable learning environment is essential to student success. Our staff and School Site Council reviewed and updated our Comprehensive Safe School Plan in October of 2024. Our students and staff participate regularly in evacuation and lockdown drills. An "Emergency Kit," with a flipchart to reference emergency protocols, as well as accountability forms are easily accessible in every classroom. Our students are supervised both before and after school and gates are kept locked throughout the day. Visitors are required to check-in through the school office and receive a volunteer or visitor's badge before entering campus.

Types of Services Funded (Fiscal Year 2023 - 2024)

The Learning Center provides both "push-in" and "pull-out" services for our special education students reporting progress toward goals on a regular basis. Our English learners receive thirty minutes of English Language Development (ELD) instruction per day to support language acquisition skills and our Gifted and Talented (GATE) students participate in differentiated instruction in their regular classrooms. Visual and Performing Arts (music, theater, art) is infused throughout the regular instructional day. CRES is proud of its student athletes with high percentages of fifth graders mastering physical fitness standards. Our Physical Education program and afterschool athletic clubs support our families' priority of raising healthy and fit children. Several teachers participate in Artist Residency programs and we offer an after school GATE club.

Professional Development

Our school offers a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Our school has monthly professional learning activities and grade level meetings with a focus on student learning. Teaching teams use this time to review student work, make determinations about students' strengths and weaknesses, and plan instruction to meet the needs of all students. Support staff may receive training in CPR, first aid, behavior management, safety procedures, and mandated reporting. Our teachers also take part in district sponsored ELA and mathematics professional learning that supports the implementation of Common Core State Standards, as well as Next Generation Science Standards. The focus is on our district's Instructional Framework training modules that highlight effective instructional planning and delivery, curriculum implementation, and assessment of student progress. Additionally, professional learning opportunities are offered to staff to support our English Language learners, students with disabilities, and PBIS. New teachers who have been teaching less than two years are supported by the district's BTSA program.
