

California Department of Education School Accountability Report Card

Reported Using Data from the 2023 - 2024 School Year
Published During 2024 - 2025

For: Raymond Case Elementary

Address: 8565 Shasta Lily Dr, Elk Grove, CA 95624
Principal: John Santin

Phone: 916-681-8820
Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu>.

School Description and Mission Statement (School Year 2024 - 2025)

Raymond Case Elementary - Our Cougars ROAR with Pride!

Raymond Case Elementary, a 2016 California Gold Ribbon School and a 2024 California PBIS Platinum School, is home to some of the finest young minds in Elk Grove. Raymond Case Elementary School's vision is to provide a positive, safe, and culturally responsive environment that ensures exemplary academic growth for all students to become lifelong learners and productive citizens on their path to college and career readiness.

Raymond Case Elementary will accomplish our vision by:

- teaching a relevant and rigorous CCSS based curriculum, using assessments to drive instruction to meet the needs of our diverse student population
- providing a safe environment through PBIS and character education for students and staff
- collaborating effectively within and across grade-level teams
- encouraging involvement by partnering with parents and community

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Parent support and involvement continue to be the cornerstone of our success at Raymond Case Elementary. This support is given, recognized, and appreciated in many different ways. Some parents help plan the programs and policies, while others volunteer in the classroom, library, and plan school activities. Parents also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family. Parent volunteers are always welcome at Raymond Case Elementary. We hope every family will become a 5-STAR family.

The safety of our students is Raymond Case Elementary's first priority and the discipline policy is strictly enforced. We emphasize safe, respectful and responsible behavior before, during, and after school. All adults visiting our campus are required to check in through the school office. The safe atmosphere of the school makes our students feel comfortable and secure.

The Raymond Case Elementary School community is committed to excellence in education in an environment where all children can succeed. We value our children and we value their learning! Go to Case, Go to College!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (School Year 2024 - 2025)

Raymond Case Elementary School was built in the year 2000. The school classrooms are permanent buildings and grade levels are grouped together. All classrooms are equipped with computers, document cameras, and new, state-of-the-art interactive whiteboard and speaker systems to support instruction. There is a computer lab with 40 computer stations recently refreshed in 2025. Our library has over 18,000 books for students use. The multipurpose room at Raymond Case is one of the largest in the Elk Grove Unified School District with a well-used stage. Raymond Case Elementary School is situated on approximately 10.55 acres with a large blacktop area, playground structure and large grass area for outside physical activities. During the summer of 2025 the entire school will be modernized.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The EGUSD maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment. The district utilizes the latest electronic work order system enabling site staff to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available in the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Five years ago, the district's governing board approved deferred maintenance projects for this school that will result in a variety of repairs around campus. Raymond Case Elementary will be receiving funds for maintenance updates with the passing of Measure M. On-going repairs will be conducted as facility needs arise. During the summer of 2025, the entire school will go through a modernization process.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).
- The CAASPP System encompasses the following assessments and student participation requirements:
 1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

[Opportunities for Parental Involvement \(School Year 2024 - 2025\)](#)

Our school values each family's involvement in their child's education. There are many ways to become involved at the school. Our PTO actively raises funds to provide both educational and fun activities for students. The School Site Council, English Learner Advisory Council, and Monterey Trail Regional Equity Coalition are involved in school decision making as well. All parent volunteers on campus must be cleared through EGUSD fingerprinting. Please contact Mr. Santin at (916) 681-8820 or jsantin@egusd.net for parent involvement questions.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2024 - 2025)

At Raymond Case Elementary School, we believe nothing should get in the way of the academic achievement or social development of our students. Our students are supervised before and after school as well as during the school day. Our campus is locked down with a secured fence and gates. All visitors must come through and report to our office before entering onto the campus. Our staff and School Site Council reviews and updates our Comprehensive Safe School Plan annually, and it was last updated in May 2024. Our students and staff participate in regularly planned fire and lock down drills. Each classroom has an emergency flip chart to reference in case of an emergency. The District's Police Services works closely with our school site to provide a safe and secure environment for all students.

Types of Services Funded (Fiscal Year 2023 - 2024)

We have highly qualified staff at our school to assist students with special learning needs. Our Learning Center provides support to students with individualized plans, as well as general education students who need additional support to meet the grade level standards. Students who are designated as English Language Learners receive instructional support during WIN time. Gifted and Talented students participate in accelerated instruction during the instructional day. Students are also invited to participate in extended-day programs such as Expanded Learning afterschool programming, tutoring, Kindness Club, and Intramural Sports.

Professional Development

Our school offers a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our school has a weekly Early Out schedule in which students leave school early. Teachers use this time to meet and review student work (strengths and weaknesses), formal review and informal assessments, and plan instruction to meet student needs. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes, challenges, and new ideas for their classrooms. Finally, the district offers a variety of classes that relate to the work of support staff, including classes on computer skills.
