2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Mission:

Estrellita High School's mission is to provide a caring, safe environment where students are empowered to attain academic excellence on their way to obtaining a high school diploma. We offer opportunities for growth in character, citizenship, and career by designing our learning environment with a student-centered and personalized approach.

Principal's Message:

The voters of California first established the School Accountability Report Card (SARC) in 1988. The Report Card, issued annually for each public school in the state, requires schools to provide our community with information regarding the status of our schools. More importantly, the SARC has become a means for initiating conversations that engage our parents and community in the life and improvement of our schools. As you read through the SARC, you will see that the school is deeply committed to the success of each of our students. EHS strives to provide students with a quality education experience and help them create a plan for life after high school.

SCHOOL PROFILE

Estrellita Continuation High School is the only alternative continuation program in Galt. The school was established in 1968, to meet the needs of students seeking an alternative academic program. The student to teacher ratio is 18:1. Estrellita Continuation High School is dedicated to ensuring the academic success of every student by providing a safe and comprehensive educational experience.

Estrellita involves all stakeholders in the education process. EHS has a School Site Council and regularly communicates with families about what is going happening on the campus.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Galt Joint Union High held a public hearing on September 21, 2023, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

SCHOOL FACILITIES

Estrellita Continuation High School moved to a brand new facility in August, 2007. The new building is comprised of nine classrooms, which include a computer lab, a multipurpose room, a community garden, a staff room, and an ROP/food service classroom.

Cleaning Process and Schedule

Estrellita Continuation High School provides a safe, clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. A team of one custodian ensures classrooms, restrooms, and campus grounds are kept clean and safe.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A scheduled maintenance program, as well as a work order process, is administered by Galt Joint Union High School District to ensure that all classrooms and facilities are maintained to provide for good learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at our school. Parents participate in the School Site Council, parent/teacher conferences and graduation activities.

Parents who wish to participate in Estrellita Continuation High School's leadership teams, school committees, school activities, or become a volunteer may contact the school's office at (209) 745-2167. Estrellita principal regularly communicates with parents in bi-weekly newsletters as well as messages on ParentSquare.

2023-24 School Safety Plan

To ensure student safety, supervision is provided on campus at all times. All staff members assist with the supervision of the school. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times. Estrellita Continuation High School's Site Safety Plan is continuously revised by the School Site Committee, which includes parents, teachers, administrative staff, and the principal. The plan was last updated in October 2022. Estrellita Continuation High School is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster drills, including fire, earthquake and intruder/lockdown, are held regularly.

Professional Development

Galt Joint Union High School District plans, implements, and evaluates professional development opportunities for administrators, teachers, and other staff. Staff members are encouraged to attend district-sponsored training and professional development programs.

Galt Joint Union High School District offers two district-wide staff development days annually; as well as many additional opportunities targeted for specific departments or groups. In addition to four full days of district-wide staff development, twenty five partial days of professional development were offered by the district.

During district-wide staff development days, teachers are offered professional growth opportunities in effective teaching strategies in the classroom. Topics for staff development include: English language development, Universal Design for Learning, academic conversations in the classroom, writing across the curriculum, student-centered problem solving in mathematics, implementing California State Standards and Frameworks, and instructional technology.

Galt Joint Union High School District participates in both the Teacher Induction Program which is a mentoring program for new teachers, and Peer Assistance and Review (PAR), a program that pairs exemplary teachers with others to assist in teaching strategies.
