PRINCIPAL'S MESSAGE

Welcome to Chaffey High School! The purpose of this School Accountability Report Card is to provide parents and the community with information about academic achievements, adequacy of instructional materials, status of campus facilities, student safety practices, qualifications of professional staff, and progress in meeting state standards. This report is provided in accordance with Proposition 98; every school in the state of California is required to publish this report annually.

We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. Chaffey High School strives to provide a welcoming, stimulating environment where students are actively involved in learning academics through a standards-based curriculum. We hold both staff and students accountable for their work, as we provide educational programs that meet or exceed state standards. With the implementation of Academic support programs for all students, Chaffey High School feels all students can and will learn. Using assessment data to drive curricular programs, teachers analyze this information to develop effective instructional strategies and differentiated instruction that enable our students to reach proficiency. Collaborative efforts among administration, teaching staff, and parents will ensure students thrive in an environment that fosters emotional and academic success leading to college and career readiness.

DISTRICT & SCHOOL DESCRIPTION

CHAFFEY JOINT UNION HIGH SCHOOL DISTRICT
Chaffey Joint Union High School District offices are located in the northwest region of the city of Ontario. During the 2022-23 school year, the district's eight comprehensive high schools, one continuation school, one community day school, and one online high school served a total of 23,145 students in grades 9-12 residing in the

communities of Ontario, Montclair, Etiwanda, Rancho Cucamonga, and portions of Fontana, Upland, Chino, and Mount Baldy. The district's student population is comprised of 13.9% qualifying for special education services, 8.7% identified as English learners, 0.5% identified as foster youth, 3.3% identified as homeless, and 62.4% enrolled in the Free & Reduced-Price Meal program.

The district has always maintained an emphasis on academic excellence, including fundamental skills essential for continuing learning. High school staff take pride in providing their students with the experiences and opportunities to prepare for responsible citizenship and successful careers.

CHAFFEY HIGH SCHOOL

During the 2022-23 school year, Chaffey High School served 3,346 students in grades 9-12. Student enrollment included 15.6% receiving special education services, 17.7% qualifying for English learner support, 0.6% identified as foster youth, 4.3% identified as homeless, and 87.5% enrolled in the Free & Reduced-Price Meal program.

At Chaffey High School, academics are important. A wide range of advanced, college prep, vocational, and general education courses are offered. An outstanding, standards-based curriculum complemented with extensive elective courses and co-curricular activities prepare students for success in their future educational pursuits and career choices.

Chaffey High School encourages its students to pursue an A-G curriculum when selecting their classes. Students who successfully complete A-G courses are eligible to apply for entrance into a four-year university. Counseling staff assist students with course identification and selection as well as following up on their progress in meeting UC/CSU entrance requirements.

SCHOOL MISSION

Chaffey High School's mission is to engage students in a rigorous curriculum that fosters ownership of learning and prepares all students for college and career success.

SCHOOL VISION

All Chaffey High School students will graduate ready for college and careers.

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP).

The SARC provides the following information relevant to the State priority: Basic (Priority 1)

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- School facilities are maintained in good repair

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the

Common Core State Standards (CCSS) for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8)

- Pupil outcomes in the subject area of physical education

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3)

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5)

- High school dropout rates; and
- High school graduation rates

The SARC provides the following information relevant to the State priority: School Climate (Priority 6)

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

PARENT INVOLVEMENT

Parents are encouraged to get involved in Chaffey High School's learning community by volunteering their time, attending school events, or sharing in the decision-making process.

Parent representation is an integral component of the School Site Council, English Learner Advisory Council, Booster Clubs, WASC Focus Group, and coffee with the principal. Each of these groups is responsible for leading and evaluating the school's progress to provide a safe, supportive, and effective learning environment. Parents seeking more information about becoming an active member in the school community may contact the school receptionist, principal, or principal's secretary at (909) 988-5560.

Chaffey High School provides a broad range of activities and events to support the learning process in and beyond the classroom environment. Throughout the year, staff encourage parents to attend:

- Back to School Night
- Coffee with the Principal
- Parent Academy
- Student Performances
- Sports Events
- Parent Conferences
- Parent Education Workshops

California Physical Fitness Test Results 2022-23

Note: The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress Test Results in Science

	Chaffey High		CJUHS		CA	
	21-22	22-23	21-22	22-23	21-22	22-23
Science (Grades 5, 8, & 10)	16.93	19.58	27.3	NT	28.72	29.47

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

SCHOOL NEWS

All school-to-home communication is provided in both English and Spanish. Through routine correspondence and special announcements, parents are kept informed on school news, student activities, schedules, policy changes, and class curriculum updates in the following formats:

- Aeries
- ParentSquare
- Canvas
- Letters and flyers
- School website
- Monthly calendars
- Principal's Message

STUDENT ACHIEVEMENT

PHYSICAL FITNESS

In the spring of each year, Chaffey High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

CALIFORNIA ASSESSMENT OF STUDENT

PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the

general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

SCHOOL FACILITIES & SAFETY

FACILITIES PROFILE

Chaffey High School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in 1911. Many of the school buildings were rebuilt between 1933 and 1939 and many have undergone modernization. Chaffey High School's Gardener Spring Auditorium is a regional performing arts center and used by local community organizations. Monthly safety inspections and ongoing maintenance ensures school facilities are kept safe, in good working condition, and provide adequate space for students and staff.

2022-23 Campus Improvements:

- South hall renovation (completed 2023)

2022-23 Planned Campus Improvements:

- North hall renovation (complete Spring 2024)
- Creation of a new aquatic center by tearing out the old pool and creating a new multi-sport facility

SUPERVISION & SAFETY

All staff share in the supervision of students throughout the day. As students arrive on campus each morning, administrators, and seven security officers are stationed in strategic locations throughout the campus. During the lunch period, administrators and security staff share supervision of students in the cafeteria and common gathering areas. When students are dismissed at the end of the day, school

administrators and seven campus security officers are located in designated areas to ensure students leave campus or travel to after-school activities in a safe and orderly manner. Campus security officers patrol the campus during class time and passing periods to minimize student loitering in buildings, restrooms, and parking lots. One resource officer is on campus Monday through Friday to support current security staff to provide a peaceful and safe campus. A probation officer is on campus Monday thru Friday from 8:00 a.m. to 4:00 p.m. Chaffey High School has a full-time probation officer to assist with contacting families regarding those students who have chronic absences.

To maintain a safe and secure environment, all parents and visitors are required to check in at the school office, obtain and wear a visitor's badge, are escorted to their meeting location by security staff, and then return to the office upon departure. During the lunch period from 11:18 a.m. to 12:50 p.m., visitors are generally not permitted beyond the school's main office.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Safety Plan (CSSP) was developed for Chaffey High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, the sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated, and shared with school staff in September 2023.

Campus culture promotes a secure learning environment that encourages mutual respect, safe and healthy relationships, dignity, and equality. Bullying and harassment are not tolerated. The district has employed policies, procedures, and practices to reduce and

eliminate bullying and harassment as well as the means to address such incidents when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

SCHOOL INSPECTIONS

Every morning before school begins, the principal, custodians, and campus security officers inspect the campus for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Chaffey High School took place on August 15, 2023. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2023-24, all restrooms were fully functional and available for student use at the time of the inspection.

COE WILLIAMS SCHOOL INSPECTION REPORT

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitor school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection completed by the county took place on 9/1/23. Results of the inspection and corrective action taken by the district are provided on the last page of this report.

FACILITIES MAINTENANCE

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic (web-based) work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Chaffey High School's repairs, maintenance projects, and work order requests are performed by district maintenance personnel. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation.

A team of one full-time day custodian (Operations Foreman) and eight full-time evening custodians are assigned to Chaffey High School for routine maintenance, daily custodial duties, and special events preparations. The assistant principal in charge of facilities, custodians, and groundskeepers communicates daily regarding campus cleaning needs and safety concerns. The day custodians are responsible for setting up the cafeteria for meals and activities, keeping restrooms clean and stocked, gymnasium cleaning, removing debris, and emptying trash receptacles. Custodians check restrooms twice a day as a proactive measure in keeping restrooms fully stocked, safe, and sanitary. Evening custodians are responsible for daily comprehensive cleaning of classrooms, office areas, library, career center, locker rooms, gymnasium, restrooms, and other areas as assigned. A team of groundskeepers is responsible for general landscaping, irrigation, litter/trash removal, and athletic field maintenance.

School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians receive training from qualified supply vendors regarding proper cleaning methods, use of chemicals, and use of equipment. The district provides appropriate equipment and supplies to maintain a clean, healthy environment.

CLASSROOM ENVIRONMENT

CLASS SIZE

The Average Class Size & Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students.

*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary level, this information is reported by subject area rather than grade level.

DISCIPLINE & CLIMATE FOR LEARNING

All staff believe that a safe learning environment is an effective learning environment. Behavior management practices and discipline policies are based upon district standards, board policies, and California Education Codes. School and classroom rules are posted in each classroom. Teachers have developed individual classroom management and incentive programs for behavior and academics. At the beginning of the school year, school rules, district policies, and academic expectations are clearly addressed in the student handbook; sent home in the summer mailer; reinforced at rallies and assemblies; and reviewed by school administrators and counselors in classroom visits as part of the back-to-school process. To create an environment where staff feel safe, staff have focused on professional development related to Social Emotional Learning (SEL) and trauma informed practices.

Progressive discipline begins in the classroom when students are disruptive or demonstrating poor citizenship. The behavior improvement process involves the student, teacher, parent, and administrators. Students continuing to have difficulty with their behavior are referred to the assistant principal of discipline, a counselor, the psychologist, or the principal for further intervention measures, taking into consideration past behavior trends. Administration and teaching staff employ restorative justice practices to handle behavior issues.

EXTRACURRICULAR & ENRICHMENT ACTIVITIES

Students are provided a variety of avenues to explore their personal interests and talents while developing their academic and physical fitness outside the classroom environment. Chaffey High School sponsors many school clubs, college prep courses, performing arts programs, and interscholastic athletic programs. Detailed information about these programs can be found in the student handbook, in the athletics office, in the activities office, on the school website, and in the course catalogue.

DROPOUTS & GRADUATION RATES

Chaffey High School's teachers and administrative staff have been trained and are skilled in developing ways to detect the early identification of students exhibiting the warning signs and/or behavioral traits that typically lead to dropping out of school.

Behavior and academic intervention strategies provide the support and motivation some students require to earn their diploma. Counseling, tutoring APEX Online, ROAR (Saturday Learning Opportunities), social emotional learning (SEL), trauma informed practices, concurrent enrollment in community college, concurrent enrollment in adult school, and school transfers to Valley View Continuation High School are available to resolve issues for those students having difficulty with subject area content or social interactions. Chaffey High's online program offers students the opportunity to quickly remedy credit deficiencies. Supervised by certificated staff, students are engaged in an intense computer-assisted, self-paced curricula which fulfills many graduation coursework requirements.

The PBIS Committee is comprised of administrators, counselors, and school staff who review teacher recommendations to monitor student behavior and credit accumulation efforts. Department teams review student performance data to collaborate and identify students for referral to the Student Study Team (SST) for intervention planning. Counselors meet with students and may recommend SST support based upon individual circumstances and status of course credits.

Detailed information about dropout rates and graduation rates can be found on the DataQuest web page at <http://dq.cde.ca.gov/dataquest/>.

CHRONIC ABSENTEEISM

The chart in this report identifies the chronic absenteeism rates by student group for Chaffey High School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

CURRICULUM & INSTRUCTION

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Chaffey Joint Union High School District are being aligned to the California State Standards. Instructional materials for core content areas are approved by the district's Board of Education. The district follows the State Board of Education's adoption cycle for core content materials and for textbook adoptions in foreign language, visual and performing arts, and health.

On September 12, 2023, the Chaffey Joint Union High School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted [Resolution No. 2023-25](#) which certifies as required by Education Code §60119 that (1) sufficient textbooks and instructional materials have been provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and context of the curriculum frameworks in the following subjects: history/social science, mathematics, reading/language arts, and science, (2) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, (3) laboratory equipment was available for science laboratory classes offered in grades 9-12, inclusive. In addition, each student enrolled in a performing arts class was provided sufficient textbooks or instructional materials to use in class or to take home.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2023-24 school year, Chaffey Joint Union High School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

DISTRICT-SPONSORED STAFF DEVELOPMENT

All curriculum and instructional improvement activities within the Chaffey Joint Union High School District are aligned to the California State Standards. Staff development is selected and identified based upon student assessment results, state content standards, professional development staff surveys, and district/school goals. The district and site level staff development committees work as a team to identify areas of need and deliver innovative training programs to support the district's efforts to increase student performance levels. The district-level committee is a collective of district and school level representatives who share curricular goals and objectives as well as evaluate staff development programs and opportunities. Site level committees are

responsible for overseeing the staff development budget and approving training programs and opportunities. Both district and site level committees consider objectives identified in school plans, Federal Program Monitoring (FPM) review results, and input from various state and federal agencies to identify staff development needs to improve instructional practices and student achievement. Professional Development initiated by district and/or site administration involves all stakeholder groups and is data driven and research based.

The CJUHS continues to develop and enter into a District Reform Initiative. This initiative focuses on improving instruction and increasing student achievement utilizing essential measurement standards, formative assessment, student learning scales and trackers and involving students in their own assessment of learning. Since the inception of this initiative, every District teacher has received training in the use of student performance data and the development of essential standards. Training has been ongoing and additional training has focused on learning scales, assessment development and training related to the use of technology in the classroom and communicating with the home. This ongoing initiative and related outcomes continue to provide for growth and reform within the District.

Chaffey Joint Union High School District offers supplemental training and support for new and ongoing program implementation. Training activities take place throughout the school year and generally focus on curriculum, teaching strategies and methodologies.

During the 2021-22, 2022-23, and 2023-24 school years, Chaffey High School's teachers had the opportunity to attend supplementary professional development offered by the district on the following:

Chaffey Joint Union High School District and the Association of Chaffey Teachers (ACT) have joined efforts to provide the Peer Assistance for Teachers (PAT) Program to develop and retain high-quality teachers who have the ability to maximize student potential and learning. Support Provider teachers who have had substantial experience in classroom instruction and demonstrate exemplary teaching ability serve as mentors and provide individualized support for new and experienced teachers. PAT's wide range of services included:

- BTSA - Credentialing program for teachers
- New Teacher Induction
- Support for Intern teachers
- Peer Assistance & Review (PAR) Program (for permanent teachers requiring/requesting assistance)

Additionally, the ACT has developed an Instruction & Professional Development (IPD) program providing professional development in many different areas to teachers. New and veteran teachers meet to discuss topics pertinent to the classroom and participate in workshops related to improving instruction.

SITE-BASED STAFF DEVELOPMENT

During the 2022-23 school year, Chaffey High School focused staff development efforts on student achievement, instructional strategies, best practices, and data analysis. Supplemental training takes place during the week, on late-start Fridays, or on a Saturday. On Fridays, school starts 60 minutes later to facilitate staff collaboration; one Friday each month is dedicated to staff meetings, one Friday is dedicated to department level meetings. The remaining two late-start Fridays each month are used for staff collaboration. In 2022-23, late-start Friday staff collaboration activities focused on:

- Achievement Teams
- AVID Strategies
- Career Readiness
- Collaborative Practices
- Common Core Standards
- Differentiated Instruction
- Essential Measurement Standards
- Equitable Grading Practices
- Formative Assessments
- Social Emotional Learning (SEL)
- Student Achievement
- Technology
- Trauma Informed Practices

Staff members are encouraged to attend professional workshops offered by the district, professional organizations, or the county office of education. Substitute teachers are invited to attend an annual orientation to better serve the students of the district; training

addresses district policies and procedures as well as effective classroom management strategies. Classified support staff may receive additional job-related training from vendors, department supervisors, district representatives, and professional trainers. District-sponsored in-service opportunities are provided for technical staff, secretarial support staff, office management staff, customer service staff, and leadership staff.

PROFESSIONAL STAFF

SUPPORT SERVICES STAFF

Chaffey High School's non-teaching support services staff are a specialized team of experts who, through close collaboration, are instrumental in improving student attendance and achievement through the identification, referral, and remediation of health and/or emotional concerns.

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

COLLEGE PREPARATIONS & CAREER READINESS

COLLEGE PREPARATION COURSES

Students meet with their counselor twice a year to review their four-year plan, evaluate progress in meeting personal goals, and review status on fulfilling graduation requirements. Students are encouraged to take required courses if they plan on attending a four-year college or university. The following table in this report illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Enrollment in and Completion of UC/CSU-Required Courses

2022-23 Pupils Enrolled in UC/CSU Courses Required for UC/CSU Admission	96.23
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	52.68

*Most current data available.

UNIVERSITY OF CALIFORNIA ADMISSION REQUIREMENTS

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California website at www.universityofcalifornia.edu/admissions/general.html.

CALIFORNIA STATE UNIVERSITY ADMISSION REQUIREMENTS

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University website at www.calstate.edu/admission/.

ADVANCED PLACEMENT

Advanced placement (AP) programs give students an opportunity to take college-level courses and exams while still in high school. Students who receive a 3, 4, or 5 on their final AP exams qualify for college credit at most of the nation's colleges.

CAREER READINESS

Chaffey High School's career technical education programs, career pathways, and regional occupational programs (ROP) offer a wide range of opportunities for students to get a head start on their future. Counseling staff meet with students annually to help students with coursework selection and maintenance of their four-year education plan as they prepare for college and the work environment. Chaffey High School's career center is staffed with a knowledgeable Career Guidance Technician who assists students with career interest inventories, college and scholarship applications, career exploration, and ROP enrollment forms. All career education courses comply with state-adopted content standards.

The district has established a computer studies graduation requirement, which is met through completion of a variety of career technical education courses, including ROP courses. Completion of a career pathway sequence is one method to fulfill the 20-unit district focus area graduation requirement. Students integrate coursework into their four-year academic plan as core academic, vocational, elective, and technical courses.

Individual student assessment of work readiness skills takes place through end-of course exams, course-required projects, and on-the-job/ classroom observation. Community partnerships and course instructors provide feedback on student progress following an established schedule based on program type. The district conducts a series of surveys of students during their senior term and after graduation to obtain feedback on career technical education programs and follow-up on actual progress/ career outcomes.

Work experience students are partnered with community organizations and employers that provide on-the-job training and mentoring for students 16 years and older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement.

Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan.

Chaffey High School students can also participate in dual enrollment with Chaffey Community College to work toward an AA degree by graduation.

Chaffey Joint Union High School District and Baldy View Regional Occupational Program (ROP) collaborate to support articulation with local community colleges, review employment needs with local businesses and job employment services representatives, and support common efforts between schools, local business and the community. Articulated courses or sequences of courses are comparable to, or acceptable in lieu of, specific course requirements at Chaffey Community College and Mt. San Antonio Community College. Successful completion of an articulated high school/ROP course assures that 1) the high school and student have met course requirements and 2) placement to the next level of instruction at Chaffey Community

College and/or Mt. San Antonio Community College. Baldy View ROP courses prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education. Upon graduation, students completing these programs (career path sequences) possess valuable skills which will give them a significant advantage if they choose to enter the workforce. Students choosing to continue with post-secondary education benefit from the seamless curriculum developed between high school and the post-secondary institutions which allows placement in advanced classes. Students have the opportunity to study the profession in more depth and increase employability upon graduation.

For more information on career technical programs, contact the high school's career center or the state's career technical website at www.cde.ca.gov/ci/ct/.

DISTRICT EXPENDITURES

SALARY & BUDGET COMPARISON

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

EXPENDITURES PER STUDENT

For the 2021-22 school year, Chaffey Joint Union High School District spent an average of \$16,032 of total general funds to educate each student (based on 2021-22 audited financial statements). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

SARC DATA

DATAQUEST

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Chaffey High School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

CALIFORNIA SCHOOL DASHBOARD

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

INTERNET

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

DISCLOSURE

The statistical information disclosed in this report is obtained from the California Department of Education and the Chaffey Joint Union High School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials sections and the school facilities section was acquired in October 2023.
