Principal's Message

Welcome to Mountain High School!

Mountain High School serves the 11th and 12th grade population of Rim of the World Unified School District as an alternative avenue for graduation success. We serve those 16 years of age and older that are also credit deficient. Our small class sizes, personalized and differentiated instruction, and unique credit earning system allow our students to graduate timely and sometimes early. Our graduates may continue their education at any community college and/or career technical school.

Mountain High School staff dedicate their time and energy to student success and enriching the school culture. The personal investment they make in creating an engaging, supportive, and personalized environment for students is exemplary.

At Mountain High School, each student matters. We take pride in building a culture of respect and equity for all!

Mission

At Mountain High School, students will discover and develop their own unique talents and interests while realizing personal success with academics through personalized learning. Each student will be an empowered learner and an engaged citizen to achieve a positive impact in the local and global communities.

Vision

SCHOOL PURPOSE:

The purpose and goal of Mountain High School is to develop and provide an academic program to meet the needs of our diverse student population, whom need an alternative method of learning. Our purpose as educators is to lead students on a pathway of academic success and empower them to be problem solvers and lifelong learners.

School Description

Mountain High School is located in the northern region of Lake Arrowhead and serves students in grades eleven through twelve following a traditional calendar. At the beginning of the 2022-23 school year, 46 students were enrolled, including 4.3% in special education, 15.2% qualifying for English Language Learner support, and 60.9% qualifying for free or reduced price lunch.

Student Achievement

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable

subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

CAASPP Test Results in ELA and Mathematics - All Students						
	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	21-22	22-23	21-22	22-23	21-22	22-23
English-Language Arts/Literacy (grades 3-8 and 11)	13.0	0.0	37.0	35.0	47.0	46.0
Mathematics (grades 3-8 and 11)	0.0	0.0	19.0	17.0	33.0	34.0

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Preparation and Placement, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout & Graduation Rates, including the Dropout chart; and Graduation Requirements, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by participating in a decision-making group or simply attending school events.

Parents stay informed on upcoming events and school activities through the school website and ParenSquare (automated telephone messaging system). Contact Principal Marina Amador at (909) 744-9520 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities

maintenance and campus supervision. Mountain High School's original facilities were built in 1997; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

2022-23 Campus Improvement Projects:

- Replacement of door locks
- Install new security door
- Painting of exterior of school
- Replacement of facia
- Create new admin office through remodel

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian is assigned to Mountain High School. The custodian is responsible for:

- Classroom cleaning
- Groundskeeping
- Lunch area setup/cleanup
- Office area cleaning
- Restroom cleaning
- Snow removal
- Trash removal

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Mountain High School on an annual basis in accordance with Education Code §17592.72(c)(1). Mountain High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Monday, October 02, 2023. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2023-24, all restrooms were fully functional and available for student use at the time of the inspection.

Rating Description

Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, administration, teachers, and campus security patrol the campus, entrance areas, and designated common areas. Administration, teachers, and campus security monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, administration and campus security monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner.

Mountain High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Mountain High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in December 2023.

Classroom Environment

Discipline & Climate for Learning

Mountain High School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students

experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Class Size

The Class Size Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Pupil Engagement

Dropout & Graduation Rates

Mountain High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include parent conferences, counseling, student study team process, after school tutoring, SART/SARB process, and online credit recovery. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Chronic Absenteeism

The following chart identifies the chronic absenteeism rates by student group for Mountain High School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Mountain High School revolve around the California State Content Standards and Frameworks. During the 2022-23 school year, Mountain High School held staff development training devoted to:

- Professional Learning Communities (PLCs)
- WASC Visit

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Mountain High School supports ongoing professional growth throughout the year on minimum days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2021-22, 2022-23, and 2023-24 school years, Mountain High School's teachers had the opportunity to attend the following events hosted by the Rim of the World Unified School District:

2021-22 Training:

- Universal Design for Learning (UDL)
- Aries & Standards-Based Report Cards

- Lesson Design
- Choice Boards
- Hyper Docs
- Smartboard Training
- Positive Behavior Intervention & Supports (PBIS)
- Assessment Calendars
- Leader in Me; Social Emotional Learning; Second Steps
- Lexia Core 5
- Technology Training

2022-23 Training:

- Title IX, Public School Works
- ELLevation
- DRA3
- STAR Assessment Support
- Zones of Regulation
- Next Generation Science Standards
- Studies Weekly Social Studies
- Hostile Intruder

2023-24 Training:

- Professional Learning Communities

Mountain High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Mountain High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's eight-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Thursday, September 14, 2023, the Rim of the World Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 23/24-02 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and

English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Rim of the World Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. Mountain High School offers only those classes required to earn a high school diploma. Any students returning to a comprehensive high school setting will have the option to pursue four-year college required courses.

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California Website at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their junior year, students meet with the counselor to discuss their academic plan and are introduced to Mountain High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses which are offered online to all Mountain High School students.

During the 2023-24 school year, Mountain High School started a new homeroom model to address goals and to talk about credit and career goals every six weeks throughout the school year. A new credit goal is established every six weeks with each student, and guidance is provided in order to assist with meeting graduation requirements and career objectives.

Professional Staff

Counseling & Support Staff

Mountain High School provides professional, highly qualified staff that provide additional services and support

centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Mountain High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2022-23		
	No. of Staff	FTE
Academic Counselor	1	0.6
Psychologist	1	*

* as needed

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Teacher Preparation and Placement

The charts below identify the number of teachers at Mountain High School, Rim of the World Unified School District and the State who are 1) fully credentialed; 2) intern credential holders who are properly assigned; 3) teachers without credentials and misassignments; and 4) credentialed teachers who are assigned out-of-field under ESSA.

The charts also report Mountain High School information related to 1) the number of teachers on permits and waivers; 2) the number misassigned; 3) the number of vacant positions; 4) the number of credentialed teachers authorized on a permit or waiver; 5) the number of local assignment options; 6) the percent of misassignments for English Learners; and 7) the percent with no credential, permit or authorization to teach.

Expenditures Per Student

For the 2021-22 school year, Rim of the World Unified School District spent an average of \$16,706 of total general funds to educate each student (based on 2021-22 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Rim of the World Unified School District receives state and federal categorical funding for special programs. For the 2021-22 school year, the district received categorical, special education, and support programs funds for:

- A-G Completion Grant
- Career and Technical Education Programs
- Child Nutrition
- Child Nutrition: Food Service Staff Training Funds
- Child Nutrition: Kitchen Infrastructure Upgrade Funds

SARC Data

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Mountain High School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Rim of the World Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials section were acquired in October 2023. Data to prepare the school facilities section were acquired in November 2023.
