2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

OUR MISSION

The Sparrow Academy mission is to cultivate conscientious, engaged citizens through a scholarly and artistic study of the humanities, math and science, grounded in Waldorf philosophy.

Sparrow Academy is a public charter school in San Diego, California, and a member of the Alliance for Public Waldorf Education. Our mission is to cultivate conscientious, engaged citizens through a scholarly and artistic study of the humanities, math, and science, grounded in Waldorf philosophy.

At Sparrow Academy, our approach to education is based on the understanding that we are guiding complex individuals toward their highest potential as human beings. This includes engaging their intellect, developing their resilience, opening their hearts, and moving their bodies.

By the time Sparrow Academy students graduate 8th grade, they have a deep and lasting foundation of world history, with an understanding of the different perspectives, motives and choices of the many people and cultures that have brought us from ancient times to the present.

This is critical if we are to continue to have an informed citizenry and active participants in our democracy.

By the end of 8th grade, our students have internalized the value of learning for its own sake and the importance of effort. To this end, throughout their years at Sparrow Academy, they will have worked through the challenges of: geometry, knitting, pre-algebra, crocheting, machine sewing, discus-throwing, report-writing, learning Spanish, literary analysis, perspective drawing, chemistry, oral presentations, physics, charcoal drawing, many forms of writing, javelin-throwing, watercolor painting, calligraphy, annual class plays, learning violin, viola, or cello, singing, year-long projects, poetry, long division, recorder playing, and much more. These are not electives. They are core to our curriculum. Through these varied activities, the students not only gain academic, artistic, and motor skills, but they also learn that new skills require effort, perseverance and willingness to push through challenges.

This is critical if we want our citizens to be able to adapt to this rapidly changing world.

2023-24 School Description and Mission Statement

By the time our 8th graders graduate, they have spent many years developing empathy, kindness, respect, and the value of taking responsibility for one's own actions. Our students are trained in positive communication and conflict-resolution practices. They learn to skillfully engage in-class meetings and become effective listeners. They learn to value and consider other perspectives and work together for common goals.

This is critical if we want our citizens to be able to work with diverse groups of people for the good of all.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Sparrow Academy takes great efforts to ensure that the school is clean, safe and functional. The school entrances are gated, and a safety officer is on duty before and during school hours. Classrooms are cleaned daily when in use.

The school administration works with the building owners to ensure that all repairs necessary to keep the school in good repair are completed in a timely manner.

The school has one campus that houses grades TK-8th grade, administrative offices, a resource room, a multipurpose room, school kitchen, staff lounge, gymnasium and stage.

Architectural planning for adding a new building to accommodate the school's growth began during the 2019-2020 school year. The new buildings and classrooms are scheduled to be occupied by students and staff in the 2024-25 school year or earlier.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	36	44	35	36	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 Opportunities for Parental Involvement
The Sparrow Academy culture fosters a sense of community among staff, faculty, parents and guardians, which empowers students to achieve their goals. Parents are viewed as valued partners at Sparrow Academy and are always invited to volunteer in the classrooms, participate in school committees and school events, and attend Board meetings. Sparrow Academy encourages parents to volunteer at least 20 hours per child per school year with tasks that can be done in a variety of venues, at home or on site or with children in the classroom. While parental involvement is highly encouraged, parental involvement is not a requirement for acceptance to, or continued enrollment at, Sparrow Academy. Parent/Teacher Organization (PTO) The Parent and Teacher Organization (PTO) is called NEST, which stands for Nurturing Exceptional Students and Teachers. Monthly meetings are held to discuss fundraising and determine how the funds raised can support the school. Teachers and staff rotate attendance at NEST to enable collaboration and information-sharing. There are many opportunities for committee work through NEST. School Site Council To the extent that Sparrow Academy receives Title I federal funding, Sparrow Academy maintains a School Site Council ("SSC") as a condition of receipt of such funding. The SSC is an advisory committee that works together to support Sparrow Academy's growth as a united and innovative school community. The membership of the SSC represents major stakeholders in order to provide a forum for stakeholder voice and input on school development as it relates to building community, accomplishing school goals, and reaching the mission of the school. The SSC's duties and responsibilities include, but are not limited to, the following: - Develop and approve the Local Control Accountability Plan (LCAP) - Measure effectiveness of improvement strategies at the school - Seek input from other school advisory committees - Reaffirm or revise school goals - Revise improvement strategies and expenditures
