Principal's Message

Welcome to Smythe Elementary School!

Every school in California is required by state law to publish a School Accountability Report Card (SARC) each year. The SARC contains information about the condition and performance of each California public school. This report will provide you with valuable data about our school's achievements, resources, students and staff.

Smythe Elementary School has a strong sense of community. We pride ourselves on being visitor friendly, service-oriented, and child-centered. Our Dragon Family works together in making decisions while accepting responsibility for the success of our children. Smythe Elementary School has a Spanish Dual Immersion program. Smythe Elementary School is committed to biliteracy, as evidenced by our 50/50 dual-language program in English and Spanish for grades K-4. The connection between home and school is necessary for the success of our children. We believe the best way to achieve success is to practice a growth mindset and to engage in continuous reflection toward improvement. We value a multicultural education and see the beauty in diversity.

Students at Smythe Elementary School are empowered with knowledge and skills that will enable them to adapt and transform their community and the world around them. At Smythe Elementary School, students, parents, staff and community members collaborate toward constructing and fulfilling a vision of success for the entire school. Our school is a total learning community committed to a set of common goals that contribute to creating a culture for growth, creativity and powerful learning. Student-based decision-making drives all educational activities, actions and goals. Smythe Elementary creates a learning environment that builds on children's strengths and unique talents while actively exhibiting high expectations for all students. All segments of the school community assume leadership roles in moving our school toward a vision of educational excellence. Smythe Elementary School is a professional community with the expertise to create the best programs for its children, staff and parents. Powerful teaching and learning are based on current research and best practice. At Smythe Elementary, all children have the opportunity to reach their full potential. We plan our teaching to meet our students' individual learning needs.

A dedicated team of professional educators and support staff provide students with a rigorous, California standards-based curriculum, and differentiate according to students' needs: 1. increase academic achievement by 5% in all grade levels in reading and mathematics; 2. strengthen the positive school culture through the implementation of Positive Behavioral Interventions and Supports (PBIS) schoolwide; and 3. strengthen parent success through participation in Parent Teacher Association (PTA), English Learner Advisory Committee (ELAC), Social Site School (SSC), Coffee with the Principal forums and other school volunteer opportunities. Our goal is to raise average daily attendance to 95%.

In order to achieve our school goals, we will work closely with all stakeholders including students, parents, extended family members, community partners, businesses and district office staff.

We encourage all to visit us and become familiar with our school.

School Mission Statement

Our Smythe Elementary School learning community is committed to providing a safe and nurturing environment for students and adults that fosters excellence, respect, responsibility, and a growth mindset. We are a welcoming school, which fosters empathy and compassion for all.

Parental Involvement

At Smythe, parents assist the school by volunteering in classrooms, the library, and participating in the SSC, ELAC, Coffee with the Principal, parent workshops, Parent Advisory Committee (PAC) and the PTA.

Smythe is very proud to provide monthly workshops for parents to help them better understand what their children learn at school and how to support them at home.

The PTA is an organization in which parent leaders support student-centered school programs, coordinate family-focused activities, as well as raise funds for Smythe community events.

We are very fortunate to partner with South Bay Community Resources in the implementation of the federal Promise Neighborhood Grant. This funding will assist us with student engagement, student achievement, student attendance and parent education.

Parents who wish to participate in Smythe Elementary School's leadership teams, school committees, school activities or become volunteers may contact Principal Dr. Rebecca Bravo at (619) 428-4447.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

The mission of the San Ysidro School District:

Quality education and opportunity for all students to succeed.

District Vision Statement

The San Ysidro School District, in partnership with our teachers and community, is committed to providing a high-quality, multicultural learning environment that promotes academic excellence, social responsibility, and physical and emotional well-being for all students.

Enrollment by Student Group

The total enrollment at the school was 578 students for the 2022-23 school year. The pie chart displays the percentage of students enrolled in each group.

Demographics

2022-23 School Year

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

School Safety

The district developed a Comprehensive School Safety Plan in order to comply with Senate Bill 187 of 1997. The plan provides students and staff means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include child-abuse reporting procedures, teacher notification of dangerous-pupils procedures, disaster-response procedures, procedures for safe entering to and exiting from school, sexual harassment policy, suspension and expulsion policies, dress code and discipline policies.

Smythe Elementary School places a strong emphasis on safety for students and staff. Emergency plans are reviewed frequently. Annual training procedures and drills for earthquakes, fires, intruders and bus evacuations are held according to district requirements. Maintenance staff members work with a scheduled preventive program to offset costly repairs. Our staff members model and review safe behaviors and practices with students regularly. We believe in the power of restorative justice practices and espouse the view that implementation of Positive Behavioral Interventions and Supports reduces the number of behavioral referrals and suspensions. The school safety plan was last reviewed, updated and discussed with the school faculty in February 2024.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates collected between July through June, each full school year respectively. Note: Students are only counted one time, regardless of the number of suspensions.

Professional Development

All curriculum and instructional improvement activities at San Ysidro School District are aligned to the California Common Core State Standards and frameworks. The district professional-development program provides opportunities for teachers and support staff to implement the district's core curriculum for all students, update subject-area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies for use in the classroom. Additionally, teachers and support staff have the opportunity to participate in conferences, districtwide professional development throughout the year focusing on Common Core State Standards implementation and specific training to support English language learners and students with special needs.

At the site level each year, targeted professional-improvement activities are provided for teachers and support staff that reflect the specific school goals and objectives reflected in the school site plan such as: Professional Learning Community (PLC); Grade Level Collaborations as well as various conferences and workshops, such as Association of California School Administrators (ACSA), Project GLAD training, English Learner Roadmap, Nonviolent Crisis Intervention, Homeless Conference, AVID Institutes, Critical Issues and School Climate Conferences, as well as training sessions for the newly adopted instructional materials (Benchmark Advance/Adelante, Twig Science, McGraw Hill CA IMPACT and CA Inspire).

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 and 2022–23 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

San Ysidro School District held a public hearing on September 7, 2023, determining sufficiency of instructional materials at all schools within the district. All schools were found to have sufficient and good-quality textbooks, instructional materials or science lab equipment pursuant to the settlement of Williams v. the State of California.

Students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. All teachers review materials approved for use by the state, and a recommendation is made to the board of trustees by a selection committee composed of teachers and administrators.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2023-24 School Year
Items Inspected		Repair Status
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)		Good
Interior: Interior surfaces (floors, ceilings, walls and window casings)		Good
Cleanliness: Pest/vermin control, overall cleanliness		Good
Electrical: Electrical systems		Fair
Restrooms/fountains: Restrooms, sinks and drinking fountains		Good
Safety: Fire safety, emergency systems, hazardous materials		Good
Structural: Structural condition, roofs		Good
External: Windows/doors/gates/fences, playgrounds/school grounds		Good
Overall summary of facility conditions		Good
Date of the most recent FIT report		8/10/2023

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed. For all items inspected that were found to not be in "good repair," a work-order has been created and maintenance will be done before the end of the 2023-24 school year. Maintenance items will be prioritized so that student safety is not compromised.

School Facilities

Smythe Elementary School provides a safe, clean environment for students, staff and volunteers. The nearly 50,000 square foot campus includes 32 permanent and four relocatable classrooms, a cafeteria, library and administrative offices. Originally constructed in 1971, several buildings were added or underwent modernization in 1991, and in 2000, the entire campus underwent complete modernization. The modernized campus includes 36 classrooms, a cafeteria/auditorium, and administrative offices. In addition, the school has a new fence, playground equipment, and every classroom is equipped with SMART Boards, document cameras, Smythe Elementary School's primary concern is the safety of students and staff. All visitors must sign in at the front office and wear identification tags while on school grounds. School staff and administrators are on duty during recess, lunch, and before and after school to ensure the safety of all our students.

The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

Cleaning Process

The District Governing Board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed every other day throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with four custodians to develop sanitation schedules that ensure a clean, safe and functional learning environment.

Maintenance and Repair

A scheduled maintenance program is administered by Smythe Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by San Ysidro School District to ensure school grounds and facilities remain in excellent working conditions. A work-order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Smythe Modernization

Smythe went through a modernization during the months of June to August 2017. Classrooms, bathrooms, MPR, library and offices were renovated. Smythe also received new furniture and computers. The landscaping and parking area is also new. A second phase of the modernization will include the playground and hallways.

"We value a multicultural education and see the beauty in diversity."

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.
