2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission: Collegeville staff will ensure that all students learn at high levels.

Vision: Collegeville staff focuses on student learning and growth through a respectful multicultural and bilingual community.

Goal: For every student to have a comprehensive community-centered learning environment that is safe and fosters opportunities for every child to succeed on their pathway to career and college success.

Core Values: Collegeville's values are based on the three pillars of Dual Language education. Bilingualism and biliteracy, high academic achievement in both program languages, and socio-cultural competence. To the preceding Collegeville has added a fourth pillar: collaboration.

Collegeville Elementary School has a rich history that dates back to 1889. The school's name was derived from an actual college that occupied the land that Collegeville stands on today. In 1867 San Joaquin College, a three-story building, was built on the site. The area around the college became known as Collegeville. On December 4, 1874, a fire destroyed San Joaquin College. The church that owned the land deeded half of its lot to the McKamy School District to build a new school. This new grammar school was built on the site of the former college. On April 3, 1889, the trustees of McKamy School District petitioned to change the name of the district to Collegeville School District. The petition was granted. The cornerstone of the new school was the partnership of home, school, and community to provide a first-class education. Today Collegeville School is home to approximately 150 students, including a small number of charter students. The Escalon Charter Academy allows for students within and outside of the Escalon Unified School District to attend Collegeville School.

2023-24 School Description and Mission Statement

At the beginning of the 2018-19 school year, Collegeville Elementary introduced a Dual Language Immersion (DLI) program. DLI Programs are intended to integrate speakers of different languages in the same classes. All students acquire a second language as they learn grade-level content. Immersion education has been in existence in the United States for nearly 40 years. The number of immersion schools has been on the rise with 300 schools nationwide. The majority of these programs are Spanish/English. DLI is based on the Canadian French-English Immersion Model which has an even longer history. Dual Language Immersion builds student bi-literacy in English and in Spanish. Instruction is provided by highly-trained, caring teachers. Students continue to learn standards-based content while they become fluent in two languages. The curriculum taught is aligned with Common Core state standards in language arts, mathematics and all other subjects. Throughout the program, students help each other to speak, read, write, and understand a second language.

Collegeville Elementary is currently staffed with 12 teachers full-time teachers, a half-time intervention teacher and a half-time Special Education teacher shared with Farmington Elementary, 1 administrative assistant, 5 instructional assistants, 1 full-time food service clerk, 1 full-time custodian, and a principal also shared with Farmington Elementary School. Collegeville Elementary also hosts an Extended Learning Program (known on-site as the After School Program) through an arrangement with the San Joaquin County Office of Education and services contracted through the Boys and Girls Club of Tracy. Boys and Girls Club staff members are employees of the Boys and Girls Club. Students receive homework support, enrichment activities, and healthy snacks as part of this program. The After School Program runs from the end of the school day at 2:00 PM on regular school days and from 1:00 PM on minimum days to 6:00 PM.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The State Board of Education (SBE) has constitutional authority to adopt textbooks for grades one through eight (Article IX, Section 7.5 of the California Constitution). California Education Code (EC) sections 60200–60204 describe the process for the adoption of instructional materials for kindergarten through grade eight (K–8) and mandate that submitted materials be evaluated for consistency with the criteria and standards in the SBE’s curriculum frameworks. The Instructional Quality Commission (IQC) serves as an advisory body to the SBE in the evaluation and adoption process. Instructional materials are broadly defined to include textbooks, technology-based materials, other educational materials, and tests. The SBE traditionally adopts only basic instructional materials programs (i.e., programs that are designed for use by pupils and their teachers as a principal learning resource and meet the basic organization and content requirements of a full course of study, which is generally one school year in length).

Adoptions are conducted every eight years in the curriculum areas of English language arts, mathematics, science, history–social science, visual and performing arts, health, and world languages. An adoption of new mathematics materials aligned to the California Common Core State Standards was completed in 2015, with an adoption of new English language arts/English language development materials in 2019. Additionally, both Science and Social Science curricula were board-approved and adopted for implementation starting with the 2023-2024 school year.

School Facility Conditions and Planned Improvements

Collegeville Elementary School is maintained in good condition by the site custodial staff. School classrooms, library, cafeteria, restrooms, and hallways are cleaned regularly. Students take responsibility to keep the campus clean of personal litter by utilizing garbage cans. The district maintenance staff respond on a timely basis to deal with special needs and repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The Collegeville Staff recognizes that parent involvement is an essential part of a successful school and encourages it in a variety of ways. Our staff invites all parents to volunteer in the classroom on a regular basis. The school hosts a variety of parent events throughout the year to unify the partnership between home and school. These events include but are not limited to Back to School night and Open House. Spanish translation and childcare is provided for all of our events, as well as in all school communications, in order to encourage parent attendance.

Parents at Collegeville School take enormous pride in their school. Volunteers participate in the school program by working in classrooms, organizing special events, and participating in the Parent Teacher Club. The Parent Teacher Club makes it possible for the students at Collegeville to participate in a variety of extra-curricular activities, including field trips, throughout the year. All fundraiser proceeds go directly to the students of the school. The Collegeville Community has always valued education, community, family, and most importantly its students. Every Friday morning, at the start of the school day, all students, staff, and many parents can gather on the playground. The Pledge of Allegiance is recited, many honors and announcement are made, and the final activity is the singing of the Collegeville Elementary School Song.

Collegeville's Parental Involvement Policy, posted on the school website in both English and Spanish is as follows:

Collegeville Elementary School receives federal Title I funding as a School-Wide Title I Program. All Collegeville students are served with Title I funding. Collegeville Elementary School, in consultation with teachers, staff, program administrators, and parents/guardians, have developed and agreed upon this parent involvement policy which is reviewed annually (in conjunction with the development of the School Plan for Student Achievement (SPSA) to reflect the changing needs of parents/guardians and the school. Collegeville Elementary School welcomes the participation of parents/guardians in support of student learning academic achievement and recognizes that parent/guardian involvement increases the opportunities for student success. It is the practice of Collegeville School to foster and maintain ongoing communications with parents/guardians concerning their opportunities for involvement, their children's eligibility for special programs, their children's educational progress, the

2023-24 Opportunities for Parental Involvement

professional qualifications of their children's teachers, and the status of Collegeville School related to state and federal growth targets. We strive to provide such information in an understandable and uniform format including alternative formats upon request, and to the extent practicable in a language that parents/guardians can understand. To the extent practicable, Collegeville School shall provide full opportunities for the participation of parents/guardians with limited English proficiency, parents/guardians with a disability, and parents/guardians of migratory children. Communications with parents/guardians shall, at all times, respect the privacy of our students and their families. In order to build the capacity with parents/guardians for strong parental involvement, Collegeville Elementary School will: 1) Provide assistance to parents/guardians of children served by the school, as appropriate, in understanding such topics as the State's academic content standards, and academic achievement standards, State and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children; 2) Provide materials and guidance to help parents/guardians to work with their children to improve their children's achievement. 3) Educate teachers and other staff, with the assistance of parents, in the value and importance of contributions of parents/guardians, and in how to reach out to, communicate with, and work with parents/guardians as equal partners; 4) Implement and coordinate parent/guardian programs, and build ties between parents/guardians and the school; 5) Ensure that information related to school and parent/guardian programs, meetings, and other activities are sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand; 6) Provide such other reasonable support for parent/guardian involvement activities as parents/guardians may request; and 7) Involve parents/guardians in the development of training for teachers and other educators to improve the effectiveness of such training. Collegeville Elementary School, to the extent feasible, integrates parent involvement programs and activities with other programs that support and encourage parent/guardian participation in the education of their children. Our goal is to improve the academic achievement of students and of the school, and identify barriers to greater participation by parents/guardians in the school's educational program. This annual evaluation will focus particular attention on parents/guardians who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. Collegeville School will use the findings of this evaluation to design strategies for more effective parent/guardian involvement, and to revise, if necessary, the parental policies described herein.

Collegeville Elementary School will: 1) Convene an annual meeting, at a convenient time, to which all parents/guardians of participating children shall be invited and encouraged to attend; 2) Inform parents/guardians of their school's participation in the Title I program, and to explain the requirements and rights of parents/guardians to be involved; 3) Offer a flexible number of meetings, such as meetings in the morning or evening, and provide access to parents/guardians who may need services to participate in parental involvement; 4) Carry out capacity-building activities for parents/guardians; 5) Involve parents/guardians, in an organized, ongoing, and timely way, in the planning, review, and improvement of school-wide planning, and program participation; 6) Provide parents/guardians of participating children: a. Timely information about programs such as Title I; b. A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; c. If requested by parents/guardians, opportunities for regular meetings to formulate suggestions, participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible. 7) Submit any parent/guardian comments on the plan if the school-wide program plan is not satisfactory to the parents of participating children when the school makes the plan available to the local education agency (Escalon Unified School District). As a component of the school level parental involvement policy, Collegeville School developed a school-parent-student compact. The Collegeville "Student - Family - School Alliance (Compact)" outlines how parents/guardians, the entire school staff, and students share the responsibility for improved student academic achievement and the means by which the school and parents/guardians will build and develop a partnership to help children achieve the State's high standards. This compact is included in our Parent and Student Information Handbooks each year. Collegeville School will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables students to meet the State's academic achievement standards. The school works in partnership with parents. Parents are responsible for supporting learning by monitoring attendance, homework completion, limiting TV watching and video games, volunteering in the classroom when possible, using extracurricular time in a positive way, and participating in decisions relating to the education of their children. (See our Student - Family - School Alliance (Compact) in the Parent Information Handbook.) 1) Collegeville School staff members realize the importance of communication between teachers and parents/guardians on an ongoing basis. At a minimum parents/guardians can expect: a) Parent teacher conferences at least one time annually; b) Frequent reports to parents on their children's progress including progress reports and report cards; c) Reasonable access to staff; d) Opportunities to volunteer, participate, and/or observe classroom instruction and activities as arranged; and e) Opportunities to volunteer, participate, and/or observe Collegeville School activities and events; f) To be informed of, and encouraged to participate/attend Collegeville's Back to School Night and other special events (such as jog-a-thon, music performances, and PTA events including the fall carnival). g) The Collegeville newsletter to be sent home with students with information about our program and upcoming events. The newsletter will be also posted on the Collegeville School website; and h) Up to date information on our school website. Current school events, calendar information, and links to important educational resources such as the California State Standards for all subjects and grade levels are just

2023-24 School Safety Plan

The Collegeville Elementary School School Safety Plan is updated on an annual basis. The key component of this plan is the safety and welfare of all children and staff. The plan covers the following: chain of command in an emergency, evacuation and lockdown procedures, assessment of school crime, safe school strategies and programs, child abuse reporting procedures, disaster response procedures, suspension and expulsion policies, dangerous pupils, sexual harassment policy, procedures for safe ingress and egress, a safe and orderly environment, school discipline and a school-wide dress code. The district parent/student manual also provides information to parents on school safety and expected student behavior. Emergency contact numbers and phone trees for district and school staff are included in the Safety Plan as well. Informational sections of the School Safety Plan include: Crisis Intervention, Planning Checklists, Child Abuse Reporting, Dangerous Pupils, Sexual Harassment, Safe Ingress/Egress, Safe and Orderly Environment, Dress Code, and SB187 guidelines.

Evidence that the facility is inspected on a regular basis for hazardous materials and unsafe or unsanitary conditions is maintained on the school campus. Playground equipment was installed according to state regulations for fall zones. The

2023-24 School Safety Plan

Principal and Head Custodian inspect the facility on a monthly basis. Our school is committed to maintaining a safe school with an atmosphere which is at all times conducive to learning. Our district student handbook emphasizes the behavioral expectations all students will be held to at school, as well as going to and coming home from school. Behavioral Expectation posters are posted throughout our campus succinctly displaying behavioral expectations for our students in walkways, at recess, in the cafeteria, during assemblies, in the office, in the library, on the bus, and in classrooms. Our classified and certificated staff have regular meetings to train and discuss the issues of supervising students as situations arise during the year.

Professional Development

Professional Development is aligned to the needs assessment and is focused on SPSA goals and LCAP goals. Teachers receive professional development through various content standard-aligned sources including Solution Tree (PLC), UC Davis

Professional Development

Math Project, Benchmark Adelante (SLA) and Benchmark (ELA), various online vendors (ST Math, Reflex Math, Frax (Math), Reading Eggs), and English Language Development training including GLAD training for newly hired teachers, and which is all standards-based. A partnership with the San Joaquin County Office of Education has also been established to facilitate professional development including ongoing Dual Language Immersion-specific training throughout the 2023-24 school year organized with teacher input regarding professional development content. Teachers also receive support and tailored training through District Coaches. The Escalon Unified School District has also implemented two district-wide professional development days (during the first and sixth months of the ten-month school year) for all district teachers and paraprofessional classroom aides. The focus of these professional development days is to refine the district-wide PLC through the establishment, refinement, and alignment of grade-level guaranteed standards. Classified staff participated in various training opportunities meant to enhance their ability to work with publisher materials and provide needed support for students. Teachers meet every other Wednesday (16 times per school year) to collaborate with their grade-level colleagues in data team meetings focused on analyzing student data and making changes to instruction focused on student outcomes. Through the PLC process, teachers use the four guiding questions to determine the course of action across grade levels based on student achievement data.

This table displays the number of school days dedicated to staff development and continuous improvement.
