2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

El Portal Middle School is part of the Escalon Unified School District, which has an overall ADA of approximately 3000 students. The school is located in the Central Valley and serves a predominantly rural/agricultural community. El Portal Middle School began as a fifth through eighth-grade school in 1970. El Portal Middle School has served students in grades six through eight since 1990. Students from four K-5 elementary schools feed into El Portal Middle School. Escalon Charter students (10+ students) are also embedded within the EPMS student population.

Approximately 48% of the student population at El Portal is socioeconomically disadvantaged. About 12% of the students are English Learners; 12% have been reclassified as fluent, and just over 10% are students with disabilities. El Portal's 6th-8th enrollment is approximately 590 during the 2022-23 school year.

El Portal Middle School is a 1:1 device school, with every student being provided with or having access to their Chromebook. The multipurpose room serves as the cafeteria with a full-service kitchen and a stage. Additional facilities include a gymnasium and separate locker rooms. Students attend six, fifty-three minute class periods, including an elective and P.E. class, and have

2023-24 School Description and Mission Statement

a ten-minute nutrition break and a thirty-five-minute lunch period. Students receive grade-level, standards-based instruction throughout each day. Students have access to ELA and math-level intervention courses. Designated ELD classes are provided in all three grade levels. El Portal Middle School also provides opportunities for students to be involved with after-school athletics. EPMS has an active Parents Club, English Learners Advisory Committee, and School Site Council representing all contingent populations.

EL PORTAL MIDDLE SCHOOL MISSION STATEMENT:

WE LEARN

WE SUCCEED

WE MAKE A DIFFERENCE

WE ARE PANTHERS!

EL PORTAL MIDDLE SCHOOL VISION STATEMENT:

Through our collective commitments, all students will acquire the academic skills, knowledge, and behaviors needed for future success.

EL PORTAL MIDDLE SCHOOL VALUES/COLLECTIVE COMMITMENTS:

COLLABORATION - We work together to ensure all students learn at high levels.

CELEBRATION - We recognize achievement on our campus for both students and staff consistently.

GUARANTEED CURRICULUM - We teach the guaranteed curriculum to all students.

FORMATIVE ASSESSMENTS - We utilize frequent formative assessments to monitor student growth toward learning targets and to direct instruction and student support.

RELATIONSHIPS - We establish connections in an effort to further success.

POSITIVE LEARNING CULTURE - We ensure all students learn in a safe environment.

RESPONSIBILITY - We take collective responsibility.

ACCOUNTABILITY - We hold one another accountable.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The State Board of Education (SBE) has the constitutional authority to adopt textbooks for grades one through eight (Article IX, Section 7.5 of the California Constitution). California Education Code (EC) sections 60200–60204 describe the process for the adoption of instructional materials for kindergarten through grade eight (K–8) and mandate that submitted materials be evaluated for consistency with the criteria and standards in the SBE's curriculum frameworks. The Instructional Quality Commission (IQC) is an advisory body to the SBE in the evaluation and adoption process. Instructional materials are broadly defined as textbooks, technology-based materials, other educational materials, and tests. The SBE traditionally adopts only basic instructional materials programs (i.e., programs designed for use by pupils and their teachers as a principal learning resource and meet the basic organization and content requirements of a full course of study, which is generally one school year in length).

Adoptions are conducted every eight years in the curriculum areas of English language arts, mathematics, science, history–social science, visual and performing arts, health, and world languages. The adoption of new mathematics materials aligned to the California Common Core State Standards was completed in 2014, with an adoption of new English language arts/English language development materials in 2017. The adoption of new science and History-Social Science materials was completed in the 2022-23 school year, with an adoption of new Science and History-Social Science textbooks and materials in 2023.

School Facility Conditions and Planned Improvements

El Portal Middle School's facility is effectively maintained through employment of trained custodial staff who take pride in our school. It is also maintained through periodic safety checks made by the head custodian and administrator as well as regular safety inspections by fire and other safety personnel. Our classrooms, gym, cafeteria, restrooms are cleaned daily and the grounds are kept clean and well maintained. Our fire alarm systems are also regularly maintained.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

It is the belief of the El Portal Middle School community, and research indicates parental involvement is a positive factor in improving student achievement and overall success. Ongoing, open communication, encouragement and support of parental involvement opportunities are inherent to our established "Vision".

Several of our "Values/Collective Commitments" refer to including the El Portal community in the educational processes of our site. These include collaboration, celebration, relationships, and a positive learning culture. Parents/guardians have many opportunities to be involved at El Portal Middle School. They can join our active and supportive Parents' Club; attend school events including, but not limited to, Back-to-School Night, parent conferences, athletic events, band and performing arts performances, and Open House; volunteer to help at school events and activities; be a member of our School Site Council; visit El Portal classrooms to observe their child; and one of the most important ways that parents/guardians can be involved at El Portal is through on-going and open communication with their child's teachers including utilization of the Aeries parent portal, Google classrooms, and the EPMS website.

2023-24 School Safety Plan

El Portal Middle School strives to continue fostering respect, responsibility, and safety through effective school-wide management strategies that address individual needs. This is accomplished through appropriate yard supervision by administrators, teachers, campus SRO, and classified staff; working closely with Student Leadership to obtain student input; implementing campus-wide PBIS that includes providing reinforcers for students demonstrating positive behaviors; and involving parents/community members in activities whenever appropriate. Teacher-led committees, including "Wellness" and "Safety," focus on student needs and how adults can provide for these needs. The staff of El Portal also promotes a positive learning environment through implementing the EUSD Essential Instructional Practices, using effective instructional strategies, arranging furniture for safety and student access, and open communication with parents/guardians. School safety and climate are also promoted through appropriate maintenance and use of school facilities.

Professional Development

Professional Development is aligned with the school and District needs assessment and is focused on SPSA and LCAP goals. Teachers receive professional development through content standard-aligned sources, including Solution Tree (PLC), HMH (ELA), various online vendors, and English Language Development training which is standards-based and has been facilitated through the SJCOE Professional Development Department. Teachers also receive support and tailored training through our District Coaches. The Escalon Unified School District implements two district-wide professional development days (during the first and sixth months of the ten-month school year) for all district teachers and paraprofessional classroom aides. During the 2020-2021 school year, the focus of these professional development days was to continue the development of the district-wide PLC culture through the formulation of grade-level guaranteed standards based on the guidance provided by Solution Tree experts and with the intention of providing all teachers with an opportunity to craft learning standards within their respective content area. Classified staff participated in various training opportunities to enhance their ability to work with publisher materials and provide needed student support. Teachers meet every other Wednesday (16 times per school year) to collaborate with their content area colleagues in data team meetings focused on analyzing student data and making changes to instruction focused on student outcomes. Through the PLC process, teachers use the four guiding questions to determine the course of action across grade levels based on student achievement data.

This table displays the number of school days dedicated to staff development and continuous improvement.
