2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Principal's Message

Portola is a culturally rich and diverse school. Portola serves students in grades K-5. Additional resources are allocated to serve students in need of reading and math intervention, English-language instruction, speech and language services, special-education resource services, adaptive PE, occupational therapy, and counseling. Students also participate in music, and physical education taught by specialists. These specialists provide instruction that enhances the classroom curriculum. Portola Elementary School staff is focused on, and dedicated to, teaching students a core academic curriculum based on state standards. Our staff of fully credentialed and Cross-cultural Language and Academic Development (CLAD) certified teachers, collaborate to produce a focused approach to instruction. All students at Portola Elementary School have access to a variety of wonderful opportunities because our small, intimate setting ensures students have frequent adult-child interactions and staff members demonstrate a kind and caring attitude. The decision-making process of the School Site Council (SSC) and Parent Teacher Association (PTA) focuses on balancing the importance of student achievement and the development of the whole child. Portola is a school with many traditions that the students have come to love. In the fall, students participate in an annual schoolwide hike to the top of Sweeney Ridge, where explorer Gaspar de Portolà—for whom the school is named—was the first European to see San Francisco Bay in 1769. Portola is a nationally certified Kindness school. STEM challenges are held monthly across campus and a Science Fair is held annually. In March, the students celebrate Read Across America Day with a schoolwide morning reading program, and each spring, the entire Portola community comes together for an evening of food and fellowship. The end of the year culminates with Field day and 5th-grade promotion.

Dr. Sheila Krotz
Principal

The San Bruno Park School District will engage and inspire our students to be productive critical thinkers who embrace diversity, curiosity, and innovation throughout their lives.

The members of the Portola Elementary School family are committed to developing a positive learning environment that addresses individual learning styles. As a community of teachers, students, staff, and parents, it is our purpose to present a rich, meaningful, developmentally appropriate curriculum. We strive to empower children to set high standards and to achieve their personal best. We aim to ensure that each student acquires the knowledge, confidence, and skills necessary to succeed in our school and beyond. Our ultimate goal is to provide students with a variety of academic and social experiences that promote leadership, creativity, individual responsibility, and the joy of lifelong learning. Portola's mission and vision complement

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The instructional-materials selection process in SBPSD, when there is adequate funding, involves teachers and community members. There is an advisory committee of teachers, known as the Curriculum Council, with representatives from each school. The Curriculum Council narrows the field of state-adopted materials when such a list exists. Then teachers in the district are solicited to do a "comparison pilot," meaning that they have to use the two finalists in an actual instructional setting. They then submit a recommendation to the Curriculum Council. The administration then forwards the recommendation to the board.

The textbook content fits within the State Board of Education-adopted curriculum frameworks.

School Facility Conditions and Planned Improvements

Portola Elementary was originally constructed in 1964 and currently consists of 12 classrooms, a special-education room, a library, a counseling office with a speech/language room, a cafeteria/gym, a staff lounge, a stage, computer carts, and a large playground. The school is in good condition, however, it is in need of a new roof. Portola is cleaned on a daily basis and is staffed with a full-time day custodian and a night custodian. The school is secured on a nightly basis. The San Bruno Park School District maintenance staff makes repairs as needed. A two-year project at Portola Elementary School was completed in the summer of 2003.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	70	N/A	43	N/A	47
Mathematics (grades 3-8 and 11)	N/A	60	N/A	35	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parental Involvement

Portola Elementary is proud of its many opportunities for parents to be involved with their child's education. Volunteer opportunities include assisting in the classroom or library, field- trip chaperoning, Hike-a-Thon, Parent Teacher Association (PTA) membership, School Site Council (SSC), and English Learners Advisory Committee (ELAC). Portola's parents have many opportunities to be informed of school activities. Portola utilizes the Parent Square online portal for mass messaging, as well as a weekly newsletter published every Friday. The school website and the Portola Facebook page are other means of communication. For more information on how to become involved at the school, please contact Jeannette Chapa, parent liaison, at (650) 624-3175.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed. The safety plan is updated each fall and covers various safety procedures, including visitor policy, emergency materials, and evacuation procedures. The safety plan is reviewed with all staff members and the School Site Council. Safety drills are held on a regular basis: Fire drills are held monthly and other drills are held as appropriate. The safety plan is located for the public to access in the school office. All visitors to Portola Elementary School must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, and at lunch. Supervision is a responsibility shared among noon supervisors, teachers, and the school's administration. The Safety plan was approved at the October 5th, 2022 SSC meeting.

Professional Development

The district and school site provide time and resources for collaboration, planning, and professional development for all staff. Teachers at Portola Elementary School receive training directly related to curriculum and instruction by attending workshops and conferences and receiving coaching both during and after school. Based on district and site goals Math, and English language arts and are focus areas for the current year. The Instructional Leadership Team meets monthly to discuss curricular focus areas, in particular vertical alignment in Math and the Accelerated Reader program in ELA. This year's focus is on Social-Emotional Learning. The Instructional Leadership Team received training in an online class at Yale to address the Social-Emotional needs of students; they have trained the Portola faculty to ensure that all teachers are utilizing the curriculum, in addition to District provided resources. Professional Development has increased this year to two hours once a week in order to provide a deeper, more thoughtful look at data and student needs. Student engagement continues to be a pressing concern to address.
