2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

FAMILY PARTNERSHIP CHARTER SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Family Partnership Charter School ("FPCS" "The Charter" "Our Charter") opened In Solvang, during the summer of 2006. A group of education innovators led by Tom Goodman, were persuaded to write a charter petition for a new independent study charter school. Together they worked with experienced charter school administrative assistant, Suzanne Clark, to plan, organize and develop a school dedicated to providing a learning environment in which students and their teachers could develop the kind of one-on-one relationships that promote deeper learning and motivated students. The school is authorized by the Blochman Union School District's Governing Board. FPCS is a tuition-free public school and follows the same California State Laws as a traditional public school. However, public charter schools are structured differently than traditional public schools. The primary goal of our charter school is to maximize individualized learning opportunities for students to guarantee our students can master the necessary skills to succeed.

FPCS allows for wide differences in student learning styles, abilities, and interests. Unlike a traditional public school, in partnership with parents FPCS personalizes the learning environment to meet the unique needs of each student. The Charter offers an education that focuses on personalized learning through solely independent study or a blended program with in-person instructional days. Through all programs, a partnership between the school, teacher, family, and student is built to support student learning. FPCS is a direct funded, non-classroom based independent study charter school and is WASC accredited through 2027. FPCS serves students that reside in Santa Barbara and San Luis Obispo Counties. Our charter serves students and families from grades Kindergarten to 12th grade students whose needs are met by an alternative, personalized educational program coordinated with our fully credentialed instructional staff.. FPCS remains committed to their purposeful Mission, Vision, and Motto.

MISSION: Provide a personalized and nurturing learning environment to inspire lifelong learners.

2023-24 School Description and Mission Statement

VISION: Creating innovators with skills to thrive in the 21st century.

MOTTO: Bringing the best together for student success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each year, FPCS staff reviews textbook and online curriculum to determine its effect on student academic progress. The Governing Board approves the selected curriculum after stakeholder input is given for effectiveness of instruction and interventions. All students (100%) have access to curriculum, both hard copies and online formats, devices, and materials for learning at FPCS. Additionally, High school students may elect to enroll at a local community college for courses earning credits both schools..

School Facility Conditions and Planned Improvements

Family Partnership Charter School leases space for each of its learning centers from a variety of entities including local school districts, private landowners, community organizations, or property management companies. Each Learning Center has been selected for its appropriateness for the students, families, community and instructional methods that it serves.

All learning centers are clean and in good repair. Inspection by a representative from the charters' sponsoring district, the Fire Marshall, and insurance carrier is conducted to identify areas of concern and no serious facility issues were noted.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

FPCS continues to increase Career Technical Education (CTE) courses and pathways for it's high school students. Three pathways have been established within the Edgenuity courseware and provide students with online curriculum and training in the areas of Patient Care, Biotechnology, and Information, Communication, and Technology. FPCS continues to explore ways to expand CTE options for students. Culinary Arts1 a-g A/B provides a virtual, interactive course which has not been an option in the past. A Culinary Arts Pathway was added in the 22-23 school year with . This year a Fashion and Interior Design 1 courses was added with year 2 being offered in 24-25. Most years FPCS have no CTE Pathway completers. With new interactive options our goal is to create a LCAP goal and data. High school students are also encouraged to enroll in local community college courses where they receive dual credit. Some courses available are CTE subjects.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

FPCS is a non-classroom based charter school that offers a variety of educational models designed to support the individual learning needs of each student while ensuring the acquisition of the skills necessary for success in the 21st century. Family input and participation are at the core of each educational model and require families and teachers to work closely together on activities such as the creation of a student learning plan, providing support to the student during the learning process, monitoring student progress, identification of needs, with implementation of interventions or enrichment opportunities for the student. The collaboration and communication between the teachers and families are vital not only to the success of the student, but also to ensure that families have the information and resources that they need to remain active and effective in their child(ren)'s education.

Families are also provided with several opportunities to engage in the decision-making process throughout the year on programs and student progress. Family meetings with school leadership are conducted regularly in both small and large group settings to address school components such as the allocation of resources, additional learning opportunities for students, instructional resources and material, and the evaluation of the school's progress toward goals and outcomes. In addition, the family involvement opportunities range in the level of commitment required in order to increase participation and the amount of feedback received from parents. Formal parent committees such as the FPCS Advisory Committee (FAC) and the Science Fair Committee are established annually, while individual meetings focused on a specific topics are also conducted for families who have particular areas of interest or concern. Stakeholders are also invited and encouraged to complete surveys to give input on school climate and another about instruction and FPCS programs.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2023-24 School Safety Plan

FPCS complies with all applicable state and federal laws. Each Learning Center is unique in location and facilities features. Their specific Disaster Preparedness Plans are reviewed with staff on an annual basis and includes instructions for evacuation procedures, evacuation posters, lockdown emergency kits, family emergency notifications, and contact logs related to students and staff present at a time a disaster may occur. FPCS has updated and adopted policies related to health, safety and risk management issues including but not limited to:

- A requirement that all enrolling student and staff provide records documenting medical needs or food allergies.
- A roster of students with emergency contact information updated monthly in center safety binder.
- Policies and procedures for response to natural disasters and emergencies including fires and earthquakes.
- Training and notification of child abuse reporting protocols that conform to current law.
- A set of student-related policies that cover, the administration of medication to students while at school, that address food allergies/special dietary needs, an allergy action plan, and suicide prevention. In addition, an individual health care plan have been adopted.
- A policy that the school will be housed in facilities that comply with State Fire

2023-24 School Safety Plan

Marshal standards and adhere to Title 24 of the Uniform Building code.

- Policy stating that the school functions as a drug, alcohol and tobacco free workplace.
- A requirement that each employee of the school submits to a criminal background check and furnish a criminal record summary as required by Educational Code Section 44237, 45122.1, and 45125.1.
- FPCS requires initial and ongoing tuberculosis screenings of employees.

These policies are incorporated as appropriate into the school's student and staff handbooks. The protocols are reviewed on an ongoing basis, revised and adopted by the Governing Board as required by changes to law or statute. The school requires staff to be certified in first aid and CPR, as well as a variety of protocols which include but are not limited to: sexual harassment, blood borne pathogens, and mandated reporting. Families understand that FPCS complies with all applicable laws concerning immunizations, health and safety, child abuse reporting, and all related issues for both employees and students.

Fiscal Year 2022-23 Types of Services Funded

FPCS provides instructional assistants in each K-5 classroom to work with small groups and individual students to support their skill development and differentiated instruction. Educational technology or programs to support students in the classroom and remote learning environments as an independent study charter school. Programs such as iReady's individualized lessons build skills in mathematics, phonics, and reading.

FPCS provides students with supplemental services to address their specific learning needs based on monitoring academic progress. Services related to specific, unique student needs are provided to students both in-person and through teletherapy. Tutors may be contracted for students in grades 6-12 provide one-on-one direct instruction and guidance to students in the areas of reading, English language development, and math. Specific services including speech, occupational therapy, and mental health services are provided through a process through a Student Study Team (SST), 504 Plans, and Individualized Education Plans (IEPs) based on individual needs..

Professional Development

FPCS is committed to providing teachers with ongoing professional development (PD) in their individual areas of professional interest and growth, as well as in areas of need indicated by state or local benchmark assessments. . California has provided grant funds in the area in PD to improve instruction. In 2021-22 a plan for the Effective Educator Block Grant ("EEBG") was to determine areas of need and what funds will fill that need. Staff were part of the planning and decision to designate funds for 2022-23.

During the 2022-23 school year, the following professional development opportunities were provided to certificated staff: Universal Design for Learning, iReady Benchmark Data training, Social Emotional Learning, Trauma Informed Instruction, and Special Education/504 training. Throughout the school year, teachers and administrators continue to work closely together to monitor the implementation and the effectiveness of the strategies and activities obtained from the professional development opportunities and to also determine ways in which impactful practices can be shared with other teachers. The Universal Design For Learning PD's were scheduled as one full day training along with 3 partial day training as follow up and monitoring opportunities. Social Emotional PD's were also scheduled throughout the school year as the first year of implementation for our Ruler program. The remaining professional development sessions consisted of one training session. Teachers have also opted to attend self-selected professional development sessions such as Montessori training, or the Central Coast Science Project summer institute at Cal Poly.

FPCS also utilizes collaborative teacher teams to provide teachers with additional opportunities to reflect on instructional practices and strategies for improving student learning. Professional Learning Communities (PLC) with teachers meeting regularly to further explore the Common Core State Standards (CCSS) and to evaluate individual student progress. During these meetings, grade-level teacher groups review instructional plans and coursework in order to develop a common articulation of each standard and to establish an example of acceptable evidence of learning for each standard. The deeper understanding of the CCSS and evidence of learning gained from the PLC, enables teachers to better evaluate the progress of each student and to provide immediate and appropriate interventions and support to those students who need it. Each year there are five staff full day PD trainings and 3 hours per Monday throughout the instructional year.

This table displays the number of school days dedicated to staff development and continuous improvement.
