## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

The Orchard School District was founded in 1856 by the early pioneers of Santa Clara Valley and was one of the first schools in San Jose, California. The district has been in existence for over 150 years. The school was founded on the principle of being an independent school that was dedicated to serving the needs of the community. Nestled in the heart of Silicon Valley, the former fruit orchards and garden areas are replaced by business and commercial centers. Today, Orchard School District serves the needs of students in grades transitional kindergarten through eighth grade in a beautiful, modern, state-of-the-art facility that provides a center for both school and community gatherings.

The District has a before and after-school program for school-age children and a preschool program operated by the Champions. The District campus three Santa Clara County special education classes for students with special needs on campus. The Board of Education has been committed to providing leadership and direction to foster an educational environment that places students first. The Board is guided by Orchard's mission, "We will meet you where you are and prepare you for where you are going," and vision, "Inspire: One student, one family, one neighborhood at a time". The Board has also established a set of priorities that is currently guiding the District through continual improvement.

Strategic Focus:

1. Student Achievement
2. Social and Emotional Learning
3. Human Resources
4. Financial Stability and Sustainability
5. Safe and maintained facilities
6. Community Engagement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

The Orchard campus is approximately twenty years old and retains the appearance of a new school. The school meets all requirements outlined in the Williams legislation. There have been no parent complaints regarding cleanliness or disrepair of the facility. The Facilities Committee is consistently exploring new ways to improve and enhance the school grounds and facilities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Orchard School is committed to providing a variety of activities and events to bring the community and parents together to promote involvement in the educational process. The involvement of parents and the morale of students continues to soar. This is due to an active Parent-Teacher Association (PTA), as well as the school staff, whom welcomes and invites families to the school. As per parent engagement survey results, parents and students indicated that they feel welcomed and take pride in being a part of the Orchard School community. Throughout the school year, there are various activities to showcase student learning and talents, including Back-to-School Night, Open House, Art Showcase, Sports Games, Reading and Math Nights, and various student talent shows. Parents are also invited to participate in school governance through the School Site Council/English Learner Advisory Committee, PTA, and Principal's Coffee. Highlights of parent/community events include Annual Spelling Bee, Parent Workshops, Los Dichos (Spanish parent group that reads to students), Student Conferences, and School Assemblies.

## 2023-24 School Safety Plan

Orchard School has established school safety practices, which are listed as part of the Comprehensive School Safety Plan. These practices are implemented through monthly drills as conducted by school staff. Annually, students and staff are trained in following proper procedures and behaviors during various emergencies, including but not limited to earthquake, fire, and lockdown alerts. The lockdown process has been facilitated by the San Jose Police Department. Parent, staff, and community input, as well as input from local government agencies, has been incorporated into the Comprehensive School Safety Plan. The Comprehensive School Safety Plan is reviewed annually by the Instructional Leadership Team (ILT), School Site Council (SSC), as well as the school board. The Board of Education reviews and approves the procedures listed in the Comprehensive School Safety Plan. The District also utilized an independent review of the school safety plan to ensure compliance and best practices.

## Fiscal Year 2022-23 Types of Services Funded

Orchard School receives state and federal funding to equalize opportunities for at-risk students. English Language Learners receive support from primary language assistance in Vietnamese and Spanish. Low achieving students, including those identified as Title I, receive reading assistance from a specialist. The school has implemented several before and after school intervention programs in language arts and mathematics to assist students who are below grade level. Many teachers conduct after-school tutorial sessions for students to help them acquire core content. Each summer, a summer school program for at-risk learners is operated to reinforce basic skills. Champions operates a parent-paid pre-school program on the Orchard campus serving infants through four-year-olds.

In addition, the district has developed an extensive range of opportunities for special education students on the district campus. From a district-operated pre-school program to county classes serving students with Autism Spectrum Disorder and Medical Fragileness, the campus accepts and mainstreams special needs students in a safe protected environment. This successful program continues to grow and serve more students.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

During the 2022-2023 school year, Orchard School allotted four professional development days. New staff members receive training during a new staff member orientation, adopted curriculum training by peers and the creators of the textbooks and curriculum, and support through the new teacher Induction Program.

Teachers receive professional development related to Universal Design for Learning (UDL), Barriers to Learning, and standards-based materials in conjunction with the adoption and implementation of the curriculum. Teachers also receive training on the integration of technology into the delivery of instruction in core curriculum areas. Teachers receive instruction on how to utilize data to make instructional decisions in the classroom. Student behavior and expectations, motivation, and levels of engagement have been important topics of continuous learning on professional development days. In addition, many teachers participate in professional development workshops at the Santa Clara County Office of Education throughout the school year as they continue to implement the Common Core State Standards. These teachers then return from their training and provide professional development to the rest of the staff. Teachers also have the opportunity to attend Responsive Classroom Professional Learning Institute during the summer.

This table displays the number of school days dedicated to staff development and continuous improvement.
