2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.80	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.80	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	60	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Black Butte Union Elementary School District held a public hearing on September 13, 2023, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbook used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September, 2022, about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	9	18	14	19	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Black Butte Jr. High school benefits from its supportive parents. The school has parent/guardian volunteers who donate time in the classroom supporting student academic activities under the supervision of the classroom teacher. Parents are welcome to join the school site council to provide feedback for academic achievement. Parents are also encouraged to participate in school functions.

Black Butte School has developed a relationship with Shingletown Emergency Food and Outreach Center, a community organization, sponsored by the Shingletown Medical Center, that offer quality programs and services to the Shingletown area. Programs such as the emergency food bank, a Wellness Center, and resource information for housing concerns, drug abuse/domestic violence prevention assistance and nutrition/health issues are referred to the Shingletown Medical Center, as well as Community Connect.

2023-24 School Safety Plan

The safety of students and staff is a primary concern of the school. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan, which is a living document, was reviewed on January 2023. All revisions will be communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster.

Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held as needed. Students are supervised before and after school, and during lunch. There is a designated area for student drop off and pick up. Fencing has been placed around the campus to assist with campus safety.

To ensure the safety of students and staff and avoid disruptions, all visitors must register in the school office immediately upon entering any school building or grounds when school is in session. Visitors will be issued a visible means of identification while on school premises.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2022-23 Types of Services Funded

All Classroom Teachers; Attend monthly Professional Learning Committee (PLC) staff and grade level meetings to review student assessment results, attendance, and teaching strategies. All teaching staff have also been learning about Multiple Tiered System of Supports (MTSS), and Universal Design for Learning (UDL) strategies. Shasta County Office of Education has been providing staff development support for increasing positive student attendance data and support along with academic support in Mathematics, English Language Development, and in reviewing new California Science Standards Science Curriculum.

New Teacher (e.g., Teacher Induction Program) TIP; At this time we have no new teachers needing this support system. When new teachers are hired the district supports the TIP program. Intern teacher on PIP professional Internship Permit.

Non-Classroom Teachers; The district has one Intervention Teacher that attends all staff and grade level PLC training's and meetings. The intervention teacher attends training offered through the Shasta County Office of Education on the California Assessment of Student Performance and Progress (CAASPP) coordination and any other pertinent training's that are offered regarding teaching strategies, academic, or social/emotional development.

National Board Certified Teachers; Currently the district has none.

Teachers experiencing difficulty/in need of improvement (Peer Assistance and Review); Teachers are evaluated every other year unless a "Need of Improvement" category has been identified. Should that occur a corrective action plan is developed and followed with other formal reviews. The plan may involve peer review, coaching from outside source, and/or specific professional development in the area in need of improvement.

Paraprofessionals (e.g., instructional aides, teacher assistants); Staff development is offered throughout the year through the district, on-line, or the Shasta County Office of Education.

Non-instructional support staff (e.g. clerical, custodial, transportation). Staff development is offered throughout the year through web-casts, CDE, and Shasta County Office of Education. Bus drivers must receive 10 hours of training per year through a certified transportation instructor. These training's are offered through the Shasta County Office of Education transportation department or privately contracted through the school district.

Student Support: Speech, counseling, tutoring, Project SHARE after school services, interventions, and Shingletown Emergency Food and Outreach Center.

Professional Development

The primary factors for determining professional development is based on reviewing student data including classroom formative assessments, K-3 Reach Higher reading and math assessments, Dibels assessment for reading, I-Ready reading and math assessments and reviewing the California Assessment of Student Performance and Progress (CASSPP) results.

Professional Development

Student attendance and discipline records are also reviewed on a regular basis. The school calendar has ten early release days scheduled, dedicated to Professional Learning Collaboration meetings, and three full days dedicated to professional development spread throughout the school calendar year. The school administrator and two teachers are participating with ongoing training on Multi-Tiered System of Supports (MTSS) and Universal Design for Learning (UDL). The team then brings that information back to the staff during PLC meetings. All staff are also making positive student attendance a priority with the district receiving support from the Shasta County Office of Education. We are reviewing attendance data, academic achievement, student engagement strategies, and how to improve and increase school to home communication regarding student attendance. All teaching staff have also participated in professional development activities related to social/emotional development which includes Fred Jones "Tools for Teaching", Capturing Kids' Hearts, Trauma Informed Instruction, and Restorative Practices. Shasta County Office of Education (SCOE) also provides various opportunities throughout the school year in the areas of math, language arts, writing, science, and technology, that are offered during the school day or in afternoon sessions. Summer professional development opportunities are also offered through SCOE.
