2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

School Description:

Hornbrook Elementary is a TK-8 school that serves approximately 40 students. We are a basic aid district drawing revenue from the property tax base of the Irongate/Copco Dam area, timberland, residential, and more.

The staff is comprised of:

- 3 full-time teachers
- 1 part-time team teachers
- 1 full-time Lead-Teacher
- 1 administrative assistant
- 1 special education aide / recess duty / after school coordinator
- 1 cook/cafeteria manager
- 1 bus driver/maintenance
- 1 custodian
- 1 after-school aide / recess duty / paraprofessional

Our little community is located in rural Northern California just below the Oregon border approximately 15 miles north of Yreka. This school is a hidden gem with great teaching, great students, and a culture of caring. Students at Hornbrook Elementary receive a "students first" education. We strive to develop the whole child by dedicating time to art, music, physical education, technology, and more. All people at our school follow the 5 B's, which guide us to Be kind, Be safe, Be respectful and responsible, Be productive, and Be a good listener. We are implementing PBIS and restorative practices. Stakeholders take pride in our graduates who leave ready for the next challenge.

Mission/Vision Statement:

Our goal is to equip students with the necessary skills to prepare them for the rigors of high school, acquire meaningful employment, and obtain additional education in pursuit of a career. Our motto is "Working Together, To Build Student Success, In A Caring Place."

2022-23 School Overview

Hornbrook Elementary School's vision is to ensure that a partnership is developed between students, parents, staff and community so:

- Students and staff are equipped with the necessary skills to access, process and apply information to problems and decisions.
- Students are taught to be responsible and safe in a nurturing learning environment.
- Students experience success in a world where learning never ends.

Currently we are in the process of implementing a Common Core based educational system as evidenced by:

- Training in the teaching of Common Core
- Common Core thematic units that incorporate multiple subjects and meet standards.
- Staff meetings focus on best research practices

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Hornbrook Elementary School involves the staff, parents, and Board of Trustees in the selection and purchasing of state-adopted standards-based instructional materials.

All students have access to current, standards-based textbooks in the areas of reading/language arts, mathematics, science, and history/social science. Teachers have been trained to implement most of these standards-based materials. The district adopted Math curriculum/textbooks in late-spring 2017 and for K-6 in December 2020, Reading/Language Arts in June 2017, Science in December 2020, and History-Social Science July 2018. Also, the district is working closely with Yreka High School to provide smoother transitions for students and better articulation between feeder districts and the high school.

School Facility Conditions and Planned Improvements

The latest FIT Evaluation was done on December 14th, 2022, by Kevin Trout and Matthew Dustan.

Hornbrook Elementary provides a well-maintained and safe school facility. The maintenance staff conducts daily, monthly and quarterly inspections of the school facilities to correct items that do not meet standards. The maintenance/custodial staff routinely cleans and services each classroom and all adjacent offices and buildings on a daily basis. The school grounds, classrooms, and restrooms are exceptionally clean with all items in good working order.

Administration and the school board have maintained a facilities master plan. The plan was developed to address deferred maintenance issues and modernization of the school site. The plan prioritizes needs based with safety first, followed by classroom / instruction, and the rest of the needs on site as lower priorities. The school is approximately 73 years old. A gymnasium was added approximately 39 years ago as well as three additional classrooms. There are six regular classrooms, a library, gymnasium, cafeteria and an office. There are two athletic fields and a well equipped playground that meets safety standards. There is a master plan developed with a landscape architect to improve outdoor facilities systematically. The library is stocked with district owned books. All regular classrooms have computers with internet access.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents of Hornbrook Elementary School have opportunities to be involved in the school and their student's education. **Due to the Pandemic, Parent involvement opportunities have been limited. Parents are advisors for the district with regards to learning plans, etc.

These opportunities include:

- Back-to-School Night
- Family Fun Night
- Volunteer in the classroom
- Volunteer on field trips
- Volunteer at sporting events
- Volunteer at fundraisers
- Parent representatives on Parent Advisory Committee/ LCAP and Wellness Committee
- Board Member
- Volunteer for special class events
- Chaperone at sporting events
- Input on plans through public hearings, surveys, meetings, and contact

Parents who are interested in volunteering at Hornbrook Elementary School should contact: Kelly Bear, Lead Teacher at (530) 475-3598.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	0.00	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The School Comprehensive Safety Plan was reviewed by the school board in December 2022.
The School Comprehensive Safety Plan was discussed with the school faculty in August 2022 and January 2023.

It is of supreme importance to Hornbrook Elementary School to provide a safe, secure & harmonious environment for all who attend or visit our facilities. Annually, the Hornbrook Elementary School staff has in-service on the components of the School Safety Plan; namely, emergency response map, emergency drills, universal health precautions, analysis of student discipline data and discipline procedures. All staff are trained in ALICE active shooter/violent critical incident procedures. All Certificated staff and classified staff are trained in CPR, AED and First Aid. We have one AED on campus. Quarterly safety meetings and inspections of the site are held to evaluate current conditions and address safety needs. Our campus is secured with a perimeter fence with locked gates and the buildings have locked doors where one must be buzzed in to gain access. We have upgraded our security cameras in Fall 2021. Hornbrook Elementary is very conscientious in promoting a safe school. Pandemic procedures and protocols were added to the safety plan, were reviewed by staff multiple times throughout the school year.

2021-22 Types of Services Funded

We spent an average of \$19,861 to educate each student at Hornbrook Elementary School. The figures shown in the table above reflect the direct cost of educational services, per Average Daily Attendance (ADA), excluding food services, facilities acquisition and construction, and certain other expenditures. These calculations are required by law annually and are compared with other districts statewide. Additional funding is allocated for the following services which include but are not limited to: paraprofessional, library assistant, regular classroom teachers and possibly an after-school tutor/ teacher.

In addition to general fund state funding, we receive state and federal categorical funding for special programs, which include the following categorical, special education, and support programs:

- Title I, Part A
- Title II, Teacher Quality
- Title VI, Small Rural Grant
- SAFE After School Program

Professional Development

Hornbrook Elementary School believes very strongly in the professional development of its entire staff. Professional development is an ongoing process evidenced by the current practice of research based development within the setting of staff meetings, collaboration, and teacher activities. Due to the pandemic, most professional development is via online platforms or in-person staff collaborations following public health department guidelines. The PD topics have changed focus to include curriculum implementation in distance learning and independent study; how to connect with students online; student engagement; academic acceleration, etc. Our school is in year five (21/22) of implementing PBIS. All teachers and paraprofessionals attended the PBIS training in 2017; three certificated did a refresher class in 2018; and three certificated did Tier 2 training in fall of 2019. We are planning on having a refresher class in spring of 2022.

Teachers: PD is based on individual need, curriculum implementation, and implementation of learning methods.

Paraprofessionals: PD is a county-wide training held yearly; 20-21 the training was suspended due to the pandemic; finding trainings was difficult in 21/22.

All Staff: PD is based on individual need, current health issues, and safety.

Primary Focus:

- Common Core Standards in ELA and Math
- Next Generation Science Standards
- Visual and Performing Arts
- Smarter Balanced Assessments
- Implementing Technology in the Classroom
- Behavioral support/PBIS
- Achievement and learning loss

Methods:

- Workshops
- Zoom Meetings
- Conferences
- Mentoring
- Online
- In-person

How are teachers supported:

- In-class coaching
- Teacher-Superintendent meetings
- Collaboration
