2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Information

Located in Siskiyou County and within site of Mount Shasta, the Siskiyou, Cascade and Coastal mountain ranges and including the Klamath and Shasta Rivers, Yreka High School is located in a beautiful and geographically diverse region of Northern California. Yreka High School is a public comprehensive four-year high school with an enrollment of approximately 600 students. Yreka serves nine feeder elementary schools including the communities of Big Springs, Delphic, Gazelle, Grenada, Hornbrook, Klamath River, Montague, Willow Creek and Yreka. The boundaries of the student attendance area of Yreka incorporate 1,200 square miles of a predominantly rural, agricultural area geographically isolated from large metropolitan areas. Agriculture, government and tourism are the primary components of the local economy. Though much of the area is comprised of families with moderate incomes, education remains a high priority. Yreka High School offers a full complement of courses preparing students for college, vocational careers and the work force. Advanced Placement courses prepare students for the rigor of four year universities. Career Technical Education courses offer students skills and expertise in Agriculture and Natural Resources, Hospitality Tourism and Recreation, Health Sciences and Medical Technology, Building and Construction Trades, Art, Media and Entertainment . Many students involve themselves with the extensive visual and performing arts program

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Yreka High School believes in maintaining strong relationships with our students and their families. To maintain ties with the parents of our community we offer a variety of ways to stay involved.
- A daily bulletin is sent out to parents on communication of happenings at the school, and a weekly memo is also provided for

2023-24 Opportunities for Parental Involvement

communication on activities.

- A monthly newsletter is mailed out at the first of each month. Our newsletter communicates special dates, events, and information on available services.
- A school website (<https://yrekauhsd.cyberschool.com/YHS>) is continuously being updated. The website provides a daily bulletin, a school year calendar, scholarship information and many other informational links.
- Through the internet we offer a parent portal that has real time access to their students' attendance, and assignment roster.
- Parents meet to support students with participating in the Site Council, Sober Graduation Committee, Miner Booster Committee and United Scholarship Incorporated.
- Student/parent events are scheduled through out the year. The events include Back-to-School night, Miner Showcase, sophomore and junior counseling evenings, senior parent night, parent-teacher conferences, and parent-counselor conferences.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2023-24 School Safety Plan

The new and updated YUHSD School Site Safety Plan was reviewed and approved by the Board of Trustees on, February 15, 2023. The updated Site Safety Plan can be viewed on the YUHSD Web-site.

Yreka High School has an extremely safe campus. School Safety is stressed in all areas of the campus, especially in physical education, laboratory and activity classes. All coaches are required to have current CPR and First Aid Training. Staff members are trained to handle emergencies and disasters to assure student safety. Weekly site administrative meetings address safety concerns along with quarterly safety meetings to address all the necessary protocols for our district.

Daily safety of the campus and students is consistently monitored. A campus liaison and administrative team members supervise the grounds and parking area before school, during breaks, at lunch, and after school. Radios and cell phones are used for communication purposes between administrators, supervisors, and maintenance crew. An all-call system can be used in emergencies to contact all classrooms through the telephone speakers. A modernized fire alarm system has been installed throughout the campus with an audio component to give detailed explanation of the emergency warning. Camera surveillance of the campus is used at seven locations. School activities are supervised and well attended. Visitors are required to check in at the front office immediately upon entering the campus area. Visitors sign in and out and are given temporary name tags which are visible to staff. Visitors must have a specific reason to be on campus or a particular person who is being contacted.

Professional Development

The District coordinated a 2 day training and professional development prior to the first day of school to provide support for staff going into a new school year.

Day 1 Adam Welcome was our motivational speaker. He spoke to the staff about being the best educator you can be, that kids deserve us at our best and they need to believe in them because too often they don't believe in themselves. He spoke to the

Professional Development

staff about challenging students, encouraging them to grow and how to say yes more often. He provided great tools and resources for teachers to be passionate, inspiring, the better version of themselves that they want to be. Scott Eastman spoke and interacted with the staff about understanding different point of views of other staff members and students. Day 2 Crisis Prevention Intervention training was mandatory for all staff who were not certified. This was an all day training providing staff the skills to deescalate a volatile student.

This table displays the number of school days dedicated to staff development and continuous improvement.
