2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Brook Haven Middle School is home to Sebastopol Union School District's fifth through eighth-grade students. Brook Haven has been an integral part of the local community for over 50 years. The school facilities are the hub for many community events and is the quintessential neighborhood school.

Rigorous academics coupled with enrichment programs foster the development of well-rounded students at Brook Haven Middle School. Fifth graders learn in self-contained classrooms with highly qualified teachers. Beyond core academics, fifth graders participate in physical education, STEM enrichment, and band. The sixth-grade curriculum is structured in core blocks with English language arts/history and math/science teachers. Sixth graders also participate in physical education and can choose between electives such as band, STEM enrichment, and woodshop. Seventh and eighth-grade students participate in a standard six-period, departmentalized middle school program with subject-specific instructors. Seventh and Eighth-grade students can choose from various enrichment offerings, including band, music, video production, art, and leadership.

Brook Haven students are provided opportunities to participate in various extracurricular activities. As a member of the West County Athletic League, students can join after-school athletics teams (basketball, flag football, volleyball & cross-country). Additionally, Brook Haven offers many clubs and activities for students, including Student Leadership, Rotary-Interact, Garden, Yearbook, Bike, and Book Clubs. Partnering with North Bay Theatrics offers students the opportunity to participate in an after-school drama program that culminates in full production.

Brook Haven has begun implementing the Wayfinder curriculum built around Six Essential core traits (collaboration, agency, adaptability, self awareness, purpose & empathy). All to help enhance our efforts in creating productive, empathetic, successful people. This program is used in Advisory classes and emphasized throughout the week in student bulletins to put character into action and practice the character traits in their daily lives.

Students are supported through Advisory daily which allows students the opportunity to participate in academic intervention or extension, based on their personal needs or strengths. Students also have the opportunity for before school and lunchtime academic support and after-school homework. The use of classroom aides allows opportunities for small group instruction and differentiation. Brook Haven prides itself on supporting the whole child in a diverse and welcoming environment.

2023-24 School Description and Mission Statement

The SUSD Mission:

As a progressive district that is an integral part of its engaged and diverse community, Sebastopol Union School District graduates all of its students as globally-minded citizens, critical and creative thinkers, skilled collaborators, and fully-engaged learners who achieve academic excellence and are socially and emotionally resilient; we accomplish this with inspired teaching of a rigorous and meaningful curriculum in a dynamic learning environment where we support and challenge every student in partnership with families and community.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Brook Haven Middle School continues to utilize all curricula that is from the most recent list of standards-based materials adopted by the State Board of Education in all academic core areas. There is a full implementation of Benchmark & Study Sync in English Language Arts. The math department continues to utilize Bridges in 5th grade, and Big Ideas in 6th-8th grades. All science is taught through StemScopes and supplemented by Mystery Science in the upper elementary grades. In 5th grade, we recently adopted California Studies Weekly and for 6/7/8 grades we adopted TCI History Alive.

School Facility Conditions and Planned Improvements

General facility grounds maintenance was completed prior to the beginning of school. Several facilities walk-throughs by the maintenance team and district and site administration provided the information needed to prioritize the maintenance and repair projects, placing issues that impact health and safety at the top of the list. Close examination was given to the doors, walls, floors, ceilings, carpets, windows, and working hardware. All areas of each classroom were inspected, including the closets and storage areas, ceilings, vents, and water fountains. We looked for evidence of leaks, discolored walls, or ceiling tiles. HVAC systems were replaced to include GPS Virus Killer technology and MERV 13 filters. All the school bathrooms were inspected, examining the pipes and hardware, walls, windows, and floors. The tiled walls were sound, as were the partitions and plumbing. The school inspections included the Library, Gym, and storage sheds used to house equipment. All of the outside facilities were inspected, including perimeter fences, gates, and locks. In addition, each roof was inspected, swept clean of debris and accumulated branches and leaves, then checked closely for cracks and wear.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are various opportunities for parental involvement at Brook Haven.

Parents may volunteer in the classrooms, in the office, and/or for field trips, as athletic coaches, and other school-sponsored events.

Parents are also members of our School Site Council, DELAC Committee, the Sebastopol Educational Foundation, and LCAP focus groups.

We value parent participation and input, and engagement in the planning and execution of our total school program.

2023-24 School Safety Plan

Brook Haven School's Safety Plan is designed to positively support the health and safety of school employees, students and community. The Safety Plan is designed to serve as a quick reference manual to help all employees become familiar with the proper procedures, telephone numbers and forms to deal with all types of emergencies. The plan is reviewed yearly, and training is provided to all the certificated and classified staff in order to prepare for emergency response to medical emergencies, bomb threats, natural disasters and crisis procedures.

The School and District provide safety in-service opportunities, conduct annual site inspections, review safety suggestions, review hazard reporting, report to School Board annually on the status of repairs, and address compliance issues. Brook Haven adheres closely to all State and Federal regulations that relate to student and employee health and safety issues. The District utilizes the Parent Square parent communication system to get messages to families ranging from routine information to school emergency closures.

Fiscal Year 2022-23 Types of Services Funded

Brook Haven School is very fortunate to be the recipient of additional educational funding through grants provided by SEF, (Sebastopol Education Foundation), a community-supported Parcel Tax, and Parent Committee fundraising, as well as ongoing donations from our community in support of Brook Haven's enrichment programs. Brook Haven offers student counseling and intervention services through its counseling staff, and in collaboration with West Sonoma County Community Services and Side By Side Community Counseling.

District funds provide enrichment opportunities for students who need assistance with their academic work. The school's music program is supported by an active booster group. Funding for the upkeep of instruments, low-cost uniforms and some instrument replacement is provided by fundraising. The group also serves as a rich source of volunteers for events.
