2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Shackelford Elementary School is one of twenty-two elementary schools within the Modesto City School District. It is located in the southernmost point of Modesto, California at 100 School Avenue. Shackelford was constructed in 1945 with additions made in 1984. Portables were added to Shackelford from 1984 through 2001, providing nine additional classrooms. The buildings are in excellent condition despite their age because of the care they receive from Shackelford's custodial staff.

Shackelford serves approximately 450 transitional kindergarten through sixth grade students consisting of mostly Hispanics, Whites and the remaining students are categorized as "other." There are currently 262 English Language Learners. Shackelford has one Head Start and one State Preschool program. Currently, there are two sixth grade classrooms, two fifth grade classrooms, two fourth grade classrooms, three third grade classrooms, two second grade classrooms, three first grade classrooms, three full day kindergarten classrooms and one transitional kindergarten classroom. There are three Functional Skills Special Education classrooms, inclusive of TK-sixth grade students. There is also a full time computer literacy teacher and one 80% enrichment teacher (four days per week at Shackelford). The computer teacher will assist students in becoming proficient in computer skills, specifically keyboarding as well as teaching students how to use important programs, such as PowerPoint, Microsoft Word and Excel. The enrichment teacher provides various re-engagement opportunities for scholars. Shackelford also employs one certificated intervention specialist/coach and four instructional intervention para-professionals who assists with teaching intervention. Additionally, we have a second instructional coach who specialized in Great First Time Instruction. Shackelford has many support staff members: a 5 day per week Registered Nurse or Medical Procedure Specialist, three mental health clinicians to assist students and staff with various mental health needs, four office staff members and three full-time custodians. In November, 2023, Shackelford employed a Student Support Manager who assists students with playground engagement, student discipline, spearheads the Shackelford College and Career Faire and trains all yard-duty staff members.

Shackelford remains committed to providing opportunities for students to participate in the following extracurricular activities and programs: 10K with a Cop Running Program, Yearbook, Associated Student Body, Chorus, Band, Recycling Club, Soccer Club and Garden Club. Shackelford also has a fruitful after-school program (ASES) where students are provided supervision complete with homework support, character education, opportunities to participate in STEAM activities, sports and attend various field trips. Shackelford remains committed to helping struggling scholars succeed by offering a rigorous after school reading intervention called RISE. The goal of RISE is to assist in closing the reading and math achievement gaps. Rise intervention takes place twice per week. During the school day, teachers use Macmillan McGraw Hill (MMH) for English

2023-24 School Description and Mission Statement

Language Arts, SWUN for Mathematics, Discovery Education for Science and Studies Weekly for Social Studies. In addition, Designated English Language Development (ELD) instruction is taught systematically and 25 minutes per day in all classrooms. Shackelford partners with Sierra Vista Mentoring Program to offer mentoring to third through sixth grade students. This program provides students with supports such as reading and/or math instruction, character development and other mental health issues and/or concerns.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Governing Board recognizes that students' educational opportunities are enhanced when they have sufficient access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials must also be up to date. For further information about the selection and adoption of instructional materials at all Modesto City Schools, please reference Board Policies 6161, 6161.1, and 6161.11. All board policies are located at <https://www.mcs4kids.com/district/board/board-policies/board-policies>.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Buildings and grounds are inspected on a daily basis every morning by the Head Custodian, and any safety and or hazard concerns are addressed immediately. An annual facility safety inspection is held and reviewed by site administration. Shackelford has 25 classrooms, a cafeteria, library, Head-Start, Family Center and an administration office. The main campus was built in 1945. Additions were constructed in 1984 and in 1985. Nine portable classrooms were constructed over the periods of 1984, 1985, 1990, 1991, 1992, 1994, 1998, 2000, and 2001. The school opened in 1945. Our Multi-Purpose Room is set to open October, 2022.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings:

This school has classrooms, a cafeteria, library, an early childhood education program, family learning center and an administration office. The main campus was built in 1945 and opened in 1945.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The Operations Department has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the Maintenance & Operations office. The Operations Department works continuously with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. Carry-over funds for deferred maintenance projects throughout the District in Funds 01 and 14 have been exhausted. The Board has authorized the General Fund (Fund 01) to annually contribute \$2 million to Facility Maintenance (Fund 14) to be used for new construction and maintenance projects throughout the District, \$2 million to Routine Restricted Maintenance (Fund 14) for maintenance projects throughout the District and \$2 million to Facility Improvements (Fund 40) for the District's high schools. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Contact Person: Mrs. Sue McHann, Principal or Ms. Erica Del Toro, Vice Principal at 209 574-8422

Parents are always welcomed onto Shackelford's campus and considered an integral part of our school and student success. Here are examples of on-site parent opportunities at Shackelford during the 2023-24 school year: Round-Up, Back to School Night, Open House, Parent-Teacher Conferences, PBIS Meetings, Social Media Safety, Understanding ELA and Math Standards (for EL families), English as a Second Language Classes (8 weeks), Safety Committee Meetings, First Teacher Parent Breakfast, Parent Involvement and Engagement Committee, High School Diplomacy for English Learner Parents, School Site Council and English Language Advisory Committee. All of the aforementioned parent opportunities take place at Shackelford Elementary School in-person. Additionally, there are times throughout the year when parents are invited to attend assemblies such as Student of the Month, Principal Award and Perfect Attendance assemblies. Parents are encouraged to visit Shackelford's webpage, Facebook and/or Instagram pages or contact the school for more detailed information regarding opportunities to participate in their child's education.

2023-24 School Safety Plan

Safety is Shackelford's number one priority. The Shackelford School Safety Plan is comprehensive and includes the following components: Emergency Phone Lists, Immediate Action Response, Student and Parent Reunification Plans, School Maps, Evacuation Routes and Procedures, Safety Hotline Information, Dress Code Policy and stakeholder behavioral expectations. The plan is reviewed annually by staff and Safety Committee members. Meetings are held three times per year. The most recent safety plan was reviewed and approved on November 22, 2022 and the plan is to revisit the Safety Plan and seek approval by November 2023. The following members met and approved the last safety plan: Erica Del Toro, Administrator; Maisie Rodas, School Support Manager; Kathryn Presley, Teacher; Nancy Lopez, Teacher; Tony Martinez, Teacher; Cecilia Velarde, Teacher; Rachel Gonzales, Parent. Again, as stated, the safety plan is reviewed annually and submitted by January. Safety begins with adequate adult supervision. Teachers, staff and parents are responsible for student safety. In addition, the Administrator of Pupil and Staff Services, K6, custodians, and five yard duty staff members will continue to monitor school entrances and hallways before, during and after school. To ensure students are safe, a variety of safety procedures have been established. Shackelford has a single entry to monitor all individuals entering the campus. All gates to the campus are locked during school hours except the main gate located near the main office. All adults who enter the school must register in the school office and wear a RAPTOR badge. Substitutes are also clearly identified with Modesto City School Substitute badges. Signs are present at entry points to notify parents and adults of this requirement. Safety and lockdown drills and fire drills occur regularly to provide on-going training in the event of an emergency.

Professional Development

Professional development in MCS is data driven using research-based best practices to ensure our students receive a guaranteed and viable curriculum in every grade, in every school. We use formative and summative data to drive our instructional decisions and focus for professional development. To this end, we utilize multiple structures to provide high-quality professional development to our staff including: summer training, preservice-days, district wide professional development days, after school workshops, Saturday workshops, substitute-release days, instructional coaching, Induction and intern mentor

Professional Development

programs, Peer Assistance Review (PAR) program, as well as an Administrative Induction Program. For the fourth year, MCS has provided the opportunity for 1% compensation for certificated and management who choose to complete an extra twelve hours of professional development outside of their normal work day. We offer the same incentive for classified, but at a flat rate compensation of \$400 for the first 6 hours and \$400 for the second 6 hours of voluntary professional development hours.

MCS has prioritized our focus on mathematics, literacy across grades and content areas, collaboration, welcoming schools/customer service, English Learners, and building our capacity as professionals. This has been in addition to the needed training in new adoptions, curriculum and standard updates and the like. The professional development is sustained through site administration, district and site level instructional coaches, and intervention specialists. The Curriculum and Instruction & Professional Development Division is tasked with increasing the quality and quantity of professional development provided to classified, certificated, and managers alike.

Coming out of the COVID closures, we have focused our efforts on our Instructional Core:

- Instructional Core Vision: Every student deserves a guaranteed instructional program, not by chance, but by design, including Board-adopted curriculum, researched-based best practices, and authentic relationships and assessments that guide instruction.
- Supporting All Learners: Intentionally planning lessons with consideration for strategies, scaffolds, and interventions that create equitable learning opportunities for all students.
- Board-adopted Curriculum: Intentionally utilizing the currently adopted curriculum to ensure equitable access for all students to rigorous content standards. Understanding how the curriculum design supports students’ progression over time.
- Engaging Students using Language and Literacy: Designing lessons that engage and support all learners by providing daily opportunities to interact with content through reading, writing, listening, and speaking.
- Professional Learning Communities: PLCs are the vehicle we use to guarantee the success of the Instructional Core. Fully engaging in the process of identifying what students need to learn, how it is to be taught, what to do if they don’t reach mastery, and what to do if they excel, with regular review of student formative data to guide instruction.

All learners means every student regardless of gender, socio-economic level, at-risk status, racial, ethnic, or cultural background, exceptional ability, disability, or Limited English Proficiency.
