2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

James C. Enochs High School is one of seven comprehensive high schools in the Modesto City Schools District. Enochs High School opened in the Fall of 2006 with 1,228 ninth and tenth grade students. Since then, Enochs has grown to become a large comprehensive high school with over 2,400 students. Enochs High School provides a broad selection of academic programs and elective course offerings. Co-curricular programs abound, including athletic teams, Associated Student Body leadership opportunities, competitive speech, choral, and instrumental music, including an award winning marching band. A full complement of student support services such as: attendance teams, student study teams, Student Intervention Teams, psychologist, PBIS team, Mental Health staff, work experience coordinator, and a college counselor provide support for students academically, socially, and emotionally.

Mission Statement:

The Mission of Enochs High School is to develop successful students by providing top quality instruction within a safe, responsible, and respectful culture.

Vision Statement:

At James C. Enochs High School, we envision a learning community that challenges and nurtures students by fostering a sense of shared mission and engaging them in a rigorous, relevant, standards-based curriculum. Our vision demands that we provide innovative instruction by accomplished practitioners whose commitment to learning and student achievement encourages students to become technologically adept, lifelong learners able to think independently and solve complex problems.

Our vision presupposes a community in which academics, athletics, student activities, and the arts contribute to student success.

Our vision is rooted in the belief that staff and students alike must embrace the diversity of an increasingly complex world, foster mutual respect, and create a secure environment that supports student success.

The mascot for James C. Enochs High School is the eagle, and the motto is “Altius Volans” which in Latin means “soaring

higher.” Eagles can fly to altitudes of 10,000 feet, and can soar aloft for hours. The eagle has become the living symbol of freedom, spirit, and the pursuit of excellence. Our goal for the students at Enochs High School is that their education and experiences will provide them with the knowledge, skills, and inspiration that will guide them to graduate from high school, pursue higher education, and become productive citizens.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Governing Board recognizes that students' educational opportunities are enhanced when they have sufficient access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials must also be up to date. For further information about the selection and adoption of instructional materials at all Modesto City Schools, please reference Board Policies 6161, 6161.1, and 6161.11. All board policies are located at <https://www.mcs4kids.com/district/board/board-policies/board-policies>.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

The Enochs High School campus master plan accommodates 2,500 students. The site incorporates 70 acres and contains 277,000 square feet of building space including three two story academic buildings. Also on the site is a large gymnasium with two locker/shower facilities linked by covered walkways. A library media center, a cafeteria/multi-use facility, and buildings housing agricultural/industrial technology, home economics, music programs, and performing arts round out the major site facilities. The spacious center courtyard includes eating areas and an amphitheater. The site includes a full complement of sports venues, including baseball, softball, soccer, football, track, tennis, basketball, and large, deep bottom pool. The campus is well equipped with technology where each classroom has a multimedia presentation system including: a computer, LCD projector and/or large screen TV, a DVD player, and document camera. The school is equipped with wireless access in all classrooms, center courtyard, and offices. Students have individually checked out lap-top devices, as well as access to computer labs, including a computer lab in the library. The Enochs Library also houses an extensive research room.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings:

This school has classrooms, laboratories, a cafeteria/multipurpose room, gym, locker rooms, library, book-room, Career Center, reference room, pool, and an administration office. The main campus was built in 2006. The school opened in 2006.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The Operations Department has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the Maintenance & Operations office. The Maintenance & Operations Department works continuously with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. Carry-over funds for deferred maintenance projects throughout the District in Funds 01 and 14 have been exhausted. The Board has authorized the General Fund (Fund 01) to annually contribute \$2 million to Facility Maintenance (Fund 14) to be used for new construction and maintenance projects throughout the District, \$2 million to Routine Restricted Maintenance (Fund 14) for maintenance projects throughout the District and \$2 million to Facility Improvements (Fund 40) for the District's high schools. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Today's CTE programs are rigorous and relevant programs that combine academic knowledge with technical skills and application of learning in hands-on, real-life contexts to equip students with viable skills for today's increasingly complex workforce. Modesto City Schools operates over 60 CTE programs spread across seven traditional and one alternative high school locations. These programs provide workplace preparation to our high school students, including several programs specifically designed to provide training to students with special needs, as well as workforce training for adults in the community. CTE programs reflect the instructional and learning design of Common Core: problem or project-based learning, development of critical thinking and problem-solving skills, teaming/collaboration and increased awareness of the expectations of business, industry, and the workplace.

State and national data indicate that students taking a CTE sequence perform better on assessments, graduate at higher rates, and are more successful in both college and the job market. CTE program data is monitored for enrollment trends, participation and completion rates, and performance on Carl D. Perkins grant core indicators. This data is reviewed annually with a wide array of stakeholders at a District CTE Advisory meeting, who give input on program effectiveness and development.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Enochs High School offers several ways to become involved. A parent can come to participate in volunteer opportunities, which are advertised on the school website. Parent organizations such as Band Boosters, Eagles Foundation, Sports Boosters, and Grad Bash are available for parent involvement. Counselors, as well as staff members, are available to make appointments with should they have a concern. Enoch's High School offers back to school night, open house, teacher conferences, Parent Square communication, and email address and phone numbers for ease of contacting teachers as needed. Meetings can be arranged for parents on how to use PowerSchool, Schoology (the District's LMS), or to fill out the FAFSA, throughout the year. Additional information is shared on the school website. Parents may also request to meet individually or as a group with teachers, counselors, or administrators to discuss components of their child's education. There are scheduled English Learner Parent Advisory Committee meetings that cover various topics to communicate and give parents an opportunity to share topics they'd like to have covered as well. Additionally, Enoch's utilizes a TCII-Translator for the Spanish speaking parents for phone calls, parent meetings, and translating written communications.

2023-24 School Safety Plan

The Enochs High School Safety Plan is a comprehensive document, the purpose of which is to outline protocols, plans, and procedures in place to ensure the maintenance of a safe and harmonious school environment. The plan is updated annually, reviewed with the School Site Safety Committee and submitted to Modesto City Schools for review. The last review, update, and committee/faculty discussion took place on November 9, 2023. One important component of the plan is routine drills to refine procedures and ensure readiness on the part of staff and students. The School Site Safety Plan also outlines reunification procedures according to District guidelines.

Our School Site Safety Plan identifies a number of events for which we hold practice drills. They are: fire, emergency lockdown, precautionary lockdown, emergency school wide evacuation, and earthquake safety. In the event that such an emergency occurs, the Principal or designee implements emergency protocol.

2020-21 Secondary Average Class Size and Class Size Distribution

Professional Development

Professional development in MCS is data driven using research-based best practices to ensure our students receive a guaranteed and viable curriculum in every grade, in every school. We use formative and summative data to drive our instructional decisions and focus for professional development. To this end, we utilize multiple structures to provide high-quality professional development to our staff including: summer training, preservice-days, district wide professional development days, after school workshops, Saturday workshops, substitute-release days, instructional coaching, Induction and intern mentor programs, Peer Assistance Review (PAR) program, as well as an Administrative Induction Program. For the fourth year, MCS

Professional Development

has provided the opportunity for 1% compensation for certificated and management who choose to complete an extra twelve hours of professional development outside of their normal work day. We offer the same incentive for classified, but at a flat rate compensation of \$400 for the first 6 hours and \$400 for the second 6 hours of voluntary professional development hours.

MCS has prioritized our focus on mathematics, literacy across grades and content areas, collaboration, welcoming schools/customer service, English Learners, and building our capacity as professionals. This has been in addition to the needed training in new adoptions, curriculum and standard updates and the like. The professional development is sustained through site administration, district and site level instructional coaches, and intervention specialists. The Curriculum and Instruction & Professional Development Division is tasked with increasing the quality and quantity of professional development provided to classified, certificated, and managers alike.

Coming out of the COVID closures, we have focused our efforts on our Instructional Core:

- Instructional Core Vision: Every student deserves a guaranteed instructional program, not by chance, but by design, including Board-adopted curriculum, researched-based best practices, and authentic relationships and assessments that guide instruction.
- Supporting All Learners: Intentionally planning lessons with consideration for strategies, scaffolds, and interventions that create equitable learning opportunities for all students.
- Board-adopted Curriculum: Intentionally utilizing the currently adopted curriculum to ensure equitable access for all students to rigorous content standards. Understanding how the curriculum design supports students’ progression over time.
- Engaging Students using Language and Literacy: Designing lessons that engage and support all learners by providing daily opportunities to interact with content through reading, writing, listening, and speaking.
- Professional Learning Communities: PLCs are the vehicle we use to guarantee the success of the Instructional Core. Fully engaging in the process of identifying what students need to learn, how it is to be taught, what to do if they don’t reach mastery, and what to do if they excel, with regular review of student formative data to guide instruction.

All learners means every student regardless of gender, socio-economic level, at-risk status, racial, ethnic, or cultural background, exceptional ability, disability, or Limited English Proficiency.
