2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District's Mission:

The mission of the Stanislaus Union School District as the premier district of choice in partnership with the community is to ensure the ultimate educational experience for all children.

The District's goals are:

1. Enhance practices and programs with a focus on instruction of effective state standards for quality learning by all students
2. Continue to prioritize writing and provide consistent expectations aligned with state standards at all school sites.
3. Provide and enhance site support and develop community/business partnerships for Visual and Performing Arts.
4. Continue to optimize across all curricular domains, the use of technology resources for students, teachers and school sites as written in the District Technology Plan.
5. Increase community/school engagement through technology as well as extend technology for communication and education.
6. Update and promote wellness curriculum relevant to the whole child, i.e. nutrition, child development, bullying, social and peer interactions, substance abuse prevention, and family support services.

Mary Lou Dieterich Elementary School is part of the Stanislaus Union School District located in Modesto, California, a city of approximately 204,933 in the Central Valley of the State. We are 90 miles east of San Francisco, and 70 miles south of Sacramento. Our school has maintained an enrollment between 520 - 550 students with 26 teachers instructing students from transitional kindergarten through sixth grade.

Mary Lou Dieterich Mission Statement: Our mission is to ensure that all students learn at high levels.

Mary Lou Dieterich Vision Statement:

1. Foster a safe, positive and effective learning environment for our students.
2. Build a strong academic foundation in reading, writing, and math.
3. Educate students on the importance of strong moral character traits.
4. Develop a community of lifelong problem solvers.
5. Encourage students to take ownership of their learning journey.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Stanislaus Union School District is committed to providing rigorous and comprehensive course offerings in grades K-8. Emphasis is placed on mastery of basic skills and on continuous grade level, student progress in all core subject areas. Curriculum for all subjects and grade levels is continuously reviewed.

The Curriculum & Instruction Department serves all learners. The department works with staff to select textbooks and supplemental materials to support language arts, mathematics, science/health, social science, and the arts. It supports exceptional children – those with disabilities, the highly able and English language learners. In addition, staff development is designed to support all staff in all areas of curriculum.

The district adopted the Eureka Mathematics/Engage New York Curriculum for Mathematics during the 2014-2015 school year. The English Language Arts adoption of curriculum from Benchmark Advanced was adopted during the 2016-2017 school year. Recent curriculum adoptions have included Science in 2019, and Social Studies in 2018.

All levels of learners are addressed at Mary Lou Dieterich Elementary School. Testing for the Gifted and Talented students is completed in the winter and student placement into GATE classes is recommended in the spring for placement in the following school year for grades third through sixth. English Learners are instructed using the ELD curriculum provided with Benchmark Advanced.

Online software such as Accelerated Reader, Moby Max, Lexia Core, Dreambox, and Reflex Math are used in classrooms under teacher direction. Teachers regularly participate in Professional Learning Communities training, Response to Intervention training, learning opportunities to focus on technology and best teaching practices. In addition to professional development related to curricula, teachers at MLD have participated in training related to teaching and testing of English learners. Teacher at MLD have also trained to focus on the social and emotional needs of students. The district provides teacher training opportunities with an emphasis on critical thinking instructional skills and Direct Instructional Practices, in order to prepare all students for the 21st Century Skills.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, beginning with the 2004-05 school year, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey will be available at the school office, at the District Office or on the internet at <http://www.opsc.dgs.ca.gov/>.

Below is more specific information on the condition of the school and the effort made to ensure that students are provided with a clean, safe, and functional learning environment.

The school was built and opened in 2004. The school has 26 regular classrooms, a music classroom, a multipurpose room, a library, and an administration building.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Providing a clean learning environment is a District priority. The principal and vice principal work with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the District Office.

The most recent deferred maintenance projects that were completed in the 2008-09 school year. These included: roofing was replaced on rooms F1 through F6. Both playground structures were replaced in August 2023.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.						
ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Mary Lou Dieterich Elementary School is committed to encouraging parental involvement. Numerous opportunities are available, including formal and informal meetings with the Principal, Back to School Night, Open House, School Site Council, English Learners Advisory Committee, District committees, site level awards ceremonies and performances, and classroom volunteer opportunities. Our sixth grade students participate in the Outdoor Education program in the winter. Parent conferences are offered each fall to provide parent's information about their child's educational progress. Interpreters are made available for all parent meetings. Our school's Parents Club sponsors an annual Jog-a-thon fundraiser, Parent/Child Dance, Art night, along with other activities throughout the school year. Parents also have the opportunity to volunteer to attend field trips, help at the annual Book Fair, and all of the PTO sponsored events. The principal sends out frequent messages and reminders through Parent Square, including a monthly newsletter, and responds promptly to shareholder feedback.

2023-24 School Safety Plan

Mary Lou Dieterich Elementary School has an adopted safety plan that is reviewed and revised annually. A committee comprised of the vice principal, representatives from the teaching staff, classified staff, and parents helped to develop the plan. The plan is then reviewed with School Site Council and the English Learner's Advisory Committee. There are 11 sections to the plan: (1) Introduction; (2) Current Status; (3) Child Abuse; (4) Disaster Procedures; (5) District Policy; (6) Teacher Notification; (7) Sexual Harassment; (8) Dress Code; (9) Safe Ingress/Egress; (10) Safe and Orderly Environment; and (11) Discipline.

Mary Lou Dieterich Elementary school participates in monthly fire drills, and annual drills to practice lockdown and lockout situations, shelter in place, and earthquake. The entire staff will be trained in November 2023 on safety protocols when there is a dangerous intruder on campus. This training is called, "Run, Hide, Fight." The most recent Site Safety Plan was reviewed and approved by School Site Council and reviewed with staff in September 2023. The updated Site Safety Plan will be approved by the board in March 2024.

Fiscal Year 2022-23 Types of Services Funded

The per pupil expenditure from the General Fund supports the basic educational program of the District. At Mary Lou Dieterich Elementary School, this is essentially the cost involved in providing staff, textbooks, supplies, and equipment for all pupils. Special services, such as those provided for English Learners (EL), are funded by monies that are received by the District exclusively for that particular special service.

In addition, Mary Lou Dieterich Elementary School received School Based Coordinated Program (SBCP) funds to provide services to all pupils. A School Site Council, composed of staff and parents elected by their respective peers, is authorized by the Governing Board to oversee this program. Supplemental services (additional personnel, materials and equipment) to help Limited English Proficient pupils acquire English were funded through Federal Title three funds.

Each year, because of fundraising efforts and high parental involvement, fundraising efforts through the Associated Student Body and an organized parent support group also provide funding for student educational activities including assemblies and field trips.

At Mary Lou Dieterich Elementary School, we offer intervention services during the day, which are provided by two intervention teachers, two paraprofessionals, two Learning Center teachers and classroom teachers.

Professional Development

All professional development provided by Stanislaus Union School District is aligned to grade level standards, current adoptions, and needs assessments. All teachers and Paraprofessionals have met the NCLB requirements as a highly qualified staff. The district is providing support through instructional coaches, GATE Identification, district grade level meetings once per month, visual learning, and utilization of components of the CAASPP (State Testing) on interim assessment usage and training. This school year (2023-2024), the staff professional development focus is on creating a Response to Intervention system based on essential standards in math, reviewing our implementation of Professional Learning Communities, and collecting and reviewing student data through the use of common formative assessments, as aligned with common core standards. Throughout the school year, all teachers will engage in two district wide professional development days, three release days to continue their work on creating a guaranteed and viable curriculum for students and a day to work with Kristen Anderson to improve their Response to Intervention system. Some teachers will participate in Depth and Complexity training and GLAD training through the district office. There will also be teachers who attend the Behavior Solutions training in San Diego, California and the Response to Intervention at Work Institute in Sacramento, California. New teachers will engage in trainings on the adopted curriculum for ELA, math, science, and classroom management. English Language paraprofessionals will receive training on best practices to support English Language Learners through the San Joaquin County Office of Education. There was one paraprofessional who received ProAct training.
