

Stanislaus Elementary School
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

District's Mission:

The mission of the Stanislaus Union School District as the premier district of choice in partnership with the community is to ensure the ultimate educational experience for all children.

The District's goals are:

1. Enhance practices and programs with a focus on instruction of effective state standards for quality learning by all students
2. Continue to prioritize writing and provide consistent expectations aligned with state standards at all school sites.
3. Provide and enhance site support and develop community/business partnerships for Visual and Performing Arts.
4. Continue to optimize across all curricular domains, the use of technology resources for students, teachers and school sites as written in the District Technology Plan.
5. Increase community/school engagement through technology as well as extend technology for communication and education.
6. Update and promote wellness curriculum relevant to the whole child, i.e. nutrition, child development, bullying, social and peer interactions, substance abuse prevention, and family support services.

School Mission

It is the mission of the Stanislaus Elementary School staff to ensure that all students learn at high levels every day. The Stanislaus Elementary School staff works collaboratively to ensure that all students grow both academically, physically, socially, and emotionally. Please note that information included in this School Accountability Report Card for Stanislaus Elementary School is based on data from the 2022-2023 school year. Stanislaus Elementary School serves Transitional Kindergarten through 6th grade students. The students' population is culturally and socioeconomically diverse. Stanislaus Elementary School exists to provide a quality educational program for all students in addition to school experiences that develop positive attitudes toward self, others and learning. Pupils are individuals with specific needs. It is our goal to meet their needs and to prepare them for a successful life. Our parent community is actively involved in the education process.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Please note that the textbooks and instructional materials shared in this section reflect materials used in the 2023-2024 school year.

The Stanislaus Union School District is committed to providing rigorous and comprehensive course offerings in grades TK-8. Emphasis is placed on mastery of foundational Common Core Standards and skills in the primary grades and alignment and instruction of Common Core State Standards in the intermediate grade levels. Curriculum for all subjects and grade levels is continuously reviewed to prepare students for the 21st Century Job Market opportunities.

The Curriculum & Instruction Department serves all learners. The department works with staff to select textbooks and supplemental materials to support language arts, mathematics, science/health, social science, and the arts. It supports exceptional children – those with disabilities, the highly able, and English language learners. In addition staff development is designed to support all staff in all areas of curriculum.

School Facility Conditions and Planned Improvements

Stanislaus Union School District staff believe that in order to remain safe, all schools must be clean, safe, and functional. School sites receive feedback from community members through surveys, conversations and other formal/informal means regarding the conditions of the site. This information along with information gained from a facility survey instrument developed by the State of California Office of Public School Construction to ensure that each site, including Stanislaus Elementary School, is well maintained, clean, safe and functional. The results of this survey will be available at the school office, at the District Office or on the internet at <http://www.spsc.dgs.ca.gov/>. In general, providing a clean learning environment is a District priority. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Below is more specific information on the condition of the school and the efforts made to ensure that pupils are provided with a clean, safe, and functional learning environment. The school opened in 1950. The school has 22 classrooms, a multipurpose room, a library, a conference room, and an administration office. The main campus was built in 1950. Additions were constructed in 1954 and 1957 when the multipurpose room was completed, and again in 2019 when two new classrooms were added. Reconstruction was done in 1994. District maintenance staff ensures that the repairs and work orders are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2012-2013 school year, School Bond monies supplemented deferred maintenance to allow for the following projects: upgrading/updating infrastructure including school wide wireless internet services, upgrading/updating both children and staff restrooms, alarms on roofs, re-carpeting staff room, secretary and nurse's offices, school wide surveillance system, construction and furnishing an additional computer lab, and construction of an outdoor amphitheater. For the 2019-2020 school year, two new modular buildings were installed and are used as classrooms. We are currently planning for the build of a new school on our campus to replace the current buildings.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parent Involvement Policy: Parents/guardians are encouraged to participate in their child's educational experience in a variety of ways. Special family events include an annual Jog-a-Thon Fundraiser, Winter Festival, and Field Day all sponsored by our Parents' Club. The Parents are encouraged to participate in and attend our District sponsored events like Art Show, Back-to-School Night, Parent Teacher conferences, and Open House events. These events provide all parents the opportunity to share special activities at school with their children. Other special pupil activities include our school activity days, field trips, and Outdoor Education program for sixth graders. Parent organizations, including Parents' Club, School Site Council, ELAC, and other advisory committees, give parents/guardians an opportunity to have a direct voice in the planning and implementation of the school program. Additionally, Parent Square, District and School websites, Back-to-School Night, Parent-Teacher Conferences, Open House, monthly newsletters, Field Day, etc. provide further opportunities for parent/guardian involvement with Stanislaus Elementary School and to obtain information about school programs and their child's educational progress. Input and feedback from parents regarding school climate and culture is gathered through the use of surveys. Interpreters are made available for parent meetings. School-generated and Parents' Club generated notices are sent home in both English and Spanish to facilitate open communication. Written forms of the Grade Level Standards are provided and explained to all parents at the regular scheduled conferences. The district sponsors further events such as the Art Show, District Book Fair, and school board meetings. These events provide parents the opportunity to share in the educational activities of their students. The district further offers parents the opportunity to be involved in district committees, making the availability of the district bilingual liaison for district and site events, providing translation services for all documentation sent home to families, providing blackboard connect messages to all families concerning district and site information, and providing training to staff and others when the needs arise. For the 2023-2024 school year, Stanislaus began hosting family events again. Stanislaus has already held a jog-a-thon, Halloween parade, and Bedtime Story Night. Future events will include an Art Night.

2023-24 School Safety Plan

Stanislaus Elementary School has an adopted safety plan that is reviewed and revised annually. The plan was developed by a committee comprised of site administration, district nurse, and representatives from the teaching and classified staff. The plan was further reviewed by a team of district administration to include common language and procedures within the district. The plan will be reviewed by a Leadership Team comprised of a representative from the teaching staff, administration, classified staff, SSC, and the Parent Club. There are 11 sections to the plan: (1) Introduction; (2) Current Status; (3) Child Abuse; (4) Disaster Procedures; (5) District Policy; (6) Teacher Notification; (7) Sexual Harassment; (8) Dress Code; (9) Safe Ingress/Egress; (10) Safe and Orderly Environment; and (11) Discipline. The most recent update to the Safety Plan was reviewed and approved by School Site Council, and reviewed with staff, in September 2023. The plan will be approved by the board in March of 2024.

The site safety program provides regular monitoring and inspection of all facilities and grounds for safety by the District Risk Manager. The site is continually implementing improvements for security in an effort to fully secure the campus. The entire staff was trained in August of 2023 on safety protocols when there is a dangerous intruder on campus. This training is called, "Run, Hide, Fight." At the conclusion of this training, Stanislaus Elementary School reviewed the safety plan with the committee and district administration to better align procedures.

Fiscal Year 2022-23 Types of Services Funded

The General Fund per pupil expenditure for pupils in the Stanislaus Union School District was used to determine programs and services to be provided in the 2023-2024 school year. The General Fund supports the basic educational program of the District. At Stanislaus Elementary School, this is essentially the cost involved in providing staff, textbooks, supplies, and equipment for all pupils.

School Based Coordinated Program (SBCP) funds were utilized to provide supplemental services, such as awards, literature books, PE equipment, PBIS implementation, teachers' in-service, supplies, and conference expenses for staff. In addition, the school received funds to provide supplemental services (personnel, materials, and equipment) to assist limited English proficient students in acquiring English.

Each year, due to fundraising efforts and high parental involvement, fundraising efforts through the Associated Student Body or an organized parent support group also provide funding for student educational activities including assemblies and field trips.

Professional Development

All teachers and Paraprofessionals have met the NCLB requirements as a highly qualified staff. The district is providing support through instructional coaches, GATE Identification, district grade level meetings once per month, visual learning, and utilization of components of the CAASPP (State Testing) on interim assessment usage and training.

In the last 3 school years, classroom teachers and other school personnel participated in a variety of staff development activities. The activities included professional development days under the guidance of the district's Assistant Superintendent of Curriculum & Instruction, as well as professional development on our site and off site. Professional Development is focused on developing understanding of professional learning committees, response to intervention, and ELL strategies. Depth and complexity training is being offered and new teachers are trained in district adopted curriculum and classroom management. To support these endeavors, the site has on-going professional coaching to support the school and grade-level team in implementation through the use of consultants. EL paraprofessionals are receiving professional development as well to support our English Learners. Classroom paraprofessionals were ProAct trained to support students with challenging behaviors. Universal Pre-Kindergarten (UPK) training- learning through paly- is being offered later this year by the Curriculum & Instruction department.

This table displays the number of school days dedicated to staff development and continuous improvement.
