2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The mission of the Stanislaus Union School District as the premier district of choice in partnership with the community is to ensure the ultimate educational experience for all children.

The District's goals are: 1) Enhance practices and programs with a focus on instruction of effective state standards for quality learning by all students; 2) Continue to prioritize writing and provide consistent expectations aligned with state standards at all school sites; 3) Provide and enhance site support and develop community/business partnerships for Visual and Performing Arts; 4) Continue to optimize across all curricular domains, the use of technology resources for students, teachers and school sites as written in the District Technology Plan; 5) Increase community/school engagement through technology as well as extend technology for communication and education; 6) Update and promote wellness curriculum relevant to the whole child, i.e. nutrition, child development, bullying, social and peer interactions, substance abuse prevention, and family support services.

Eisenhut Elementary School serves TK through 6th grade pupils. The pupil population is culturally and socio-economically diverse. The school annually completes a School Accountability Report Card (SARC) which outlines the following information: 1) school information; 2) mission statement; 3) opportunities for parent involvement; 4) demographic information; 5) school safety; 6) suspensions and expulsions; 7) school facilities; 8) academic data; 9) class size; 10) teacher and staff information; 11) curriculum and instruction (including the number of minimum days and instructional minutes).

Eisenhut Elementary School exists to provide a quality educational program for all pupils. School experiences help develop positive attitudes toward self, others and learning. Pupils are individuals with specific needs. It is our intent to meet their needs to prepare them for a successful life. Title I, II, III, LCAP, English Language Acquisition Program, TUPE, After School Program and the Special Education Program are included in the School Based Coordinated Program. In addition, technology is integrated throughout the curriculum.

Mission statement: Eisenhut fosters the Flight of Academic Excellence and Character Growth: Empowering our Eagles to Soar through Achievement, Engagement, and Positive Choices. Our site vision is to create a learning culture that encourages our EAGLES to optimistically achieve real results academically, socially, and emotionally. We strive to educate all students to the highest levels of academic achievement, to enable them to reach and expand their potential, and to prepare them to become productive, responsible, ethical, creative and compassionate members of society. Along with our well established PBIS system

2023-24 School Description and Mission Statement

(Positive Behavioral Interventions and Supports), students and staff promote school safety and good behavior daily, which ensures that Eisenhut Elementary School is a safe place to learn.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Eisenhut Elementary School uses the District adopted textbooks in all core subject areas. Supplemental curriculum and instructional materials have been purchased using the recommendations of state and federal guidelines for research based selection criteria. Reading Mastery along with phonics and fluency materials are used in the Learning Center to provide intervention for below grade level students. These materials strategically target decoding, comprehension and oral reading fluency. Lexia Core 5 (ELA), Letters (ELA), Reflex Math, and Dreambox (Math) are used within the school day to support learning loss from the COVID shut down years where student experienced learning loss. Students' also have access to these programs after school and families are encourage to utilize them as a resource for additional supports. These online game like programs provide targeted practice in essential mathematic and language arts skills based on CCS. Teachers are receiving Professional Development in Common Core State Standards in order to implement critical thinking strategies and preparing all students for the 21st Century skills. The school districts goal to create Professional Learning Communities has provided teachers and administrators with Professional Development to create guaranteed viable curriculum for students.

School Facility Conditions and Planned Improvements

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, beginning with the 2004-05 school year the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey will be available at the school office, at the District Office, or on the Internet at <http://www.opssc.dgs.ca.gov/>. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. The school opened in 1978. The school has 29 classrooms, a multipurpose room, a library, 1 large intervention room, 10 restrooms, and an administration building. The main campus was built in 1978. Two relocatable and three ancillary offices classrooms were added in 1999. A new library was added in 2013, and three new relocatable classrooms were added in 2016. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Providing a clean learning environment is a District priority. The principal works closely with the maintenance and operations manager along with custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school district with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and flooring. Deferred maintenance projects that were completed in the 2022-23 school year include: flooring replaced in multipurpose room, roof repair and replacement in some areas, seal coating and striping was done to all asphalt paving; and, the interior exterior walls at Eisenhut Elementary School were re-painted as needed. Eisenhut Elementary School continues to achieve "good" on our inspections (98.8% rating - Dec. 27, 2022).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	19	19	30	30	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Fiscal Year 2022-23 Types of Services Funded

Eisenhut School receives a variety of funding to support the basic educational program of the District: Title I, Title III, and LCAP funds are used to provide instructional materials, support staff (para professionals, campus supervisor, full time Vice Principal, (2) full time certificated intervention teachers). Our site employees, from all departments, assist students in English Language Arts, English Language Development and Math. These funds are also used to collaborate with consultants in school Improvement, data collection and analysis, literacy, social and emotional behaviors, and mathematic instruction. Title II Funds are used to provide teacher release time to participate in Leadership meetings, reflect on teaching practices, analyze student achievement data, receive professional development to ensure a guaranteed viable curriculum, and to match strategic interventions to student needs (targeted instruction - RtI), as well as professional development offered off campus for classified, certificated, and parent committees.

Eisenhut Elementary School provides an After School Program funded by the After School Education and Safety Grant. The program offers homework assistance, English Language Arts and math supports through technology, and enrichment activities in art, music, physical education and technology. Title 1 funds were utilized in 2022-23 school year to provide Chromebooks for assistance with homework and to offer students the opportunity to access online learning programs to fill in learning gaps from the pandemic.

Title III funds are used to provide support for our EL students and their families.

Eisenhut Elementary School has a library staffed by a library media specialist and it is open every school day. Parents are welcome to use our library. Books that have both English and Spanish text have been purchased to develop literacy in both languages, as well as many e-titles, available for downloading on devices. We also have a curb side library for families to access books at all times. Additionally, we have been purchasing a wide variety of books to support all cultures at our site.

Intermediate classes and classes down to 1st grade are equipped with Chromebook carts so each student works on a 1:1 device. TK/Kindergarten students are provided with 1:1 iPad's.

Professional Development

During the 2023-24 school year, professional development will focus on further developing our Tier 1 & Tier 2 PBIS practice to support social/emotional learning and student behaviors. Our district has made professional development our goal for all staff members (classified & certificated). This includes but is not limited to: PLC, RTI, reading and math standards, teaching strategies, and various online platforms used for instruction, GATE, Retention/Promotion, etc. Teachers are also provided with opportunities to attend professional development specific to their needs, including professional development opportunities from sources outside the district. In the 2022-23 school year, ongoing professional development in the following areas was provided: RTI institute, Behavior institute, Math, Writing, Reading (Literacy), Effective Instruction, and data analysis. In addition, Eisenhut Elementary PBIS Committee members participated in Positive Behavior Intervention and Supports (PBIS) training to support positive student behavior and increase academic achievement.

All professional development provided to Eisenhut Elementary staff is aligned to grade level standards, current adoptions, and needs assessments. Both administrators and site staff continued to receive training in use of data management systems which allows for common conversations regarding analysis of student data.

During the 2023-24 school year, Eisenhut will use the knowledge gained in professional development to continue their work on implementing the following: PBIS Tier 1 & Tier 2/3 Leadership Teams, PLCs (Achievement Teams), Guiding Coalition (Leadership Team), EDI, and interventions to meet the needs of all students.
