2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Lewiston Elementary School is a single school district located in the beautiful and historic village of Lewiston in eastern Trinity County. It serves approximately 70 students in grades K-8. Lewiston Elementary School has adopted and implemented a curriculum based on the California State Standards. The school uses Common Core English Language Arts and mathematics curriculum. The facilities support four classrooms, a special education resource room, a music/fine arts room, a library, a cafeteria, a school office, a gymnasium, and extensive playing areas. The school is staffed by a superintendent/principal/teacher, three classroom teachers, five aides, one bus driver/secretary, a business secretary, a cook, and a janitor. The school operates ASES, an After-school Program from 1:30 - 5:00 PM, which focuses on completing homework, music, art, physical exercise, and sports teams. A state preschool operated by Human Response Network is located on our site. The district contracts with the Trinity County Office of Education for speech and language therapy, psychological services, cooperative services, and school nurse services.

Our vision is to help students to become lifelong learners and to have the knowledge and skills necessary to participate fully and take their place as productive citizens in our twenty-first century. We strive to provide a safe, clean, drug-free, nurturing, and technologically up-to-date physical environment in which each student is treated as a worthy individual who can succeed. We are committed to the implementation of quality, research-based educational programs that will assist student learning, achievement, and self-worth.

School Mission - To provide a safe environment that promotes academic excellence, responsible citizens, and a life-long desire for learning. We do this through the following goals:

1. We will strive to provide the necessary resources to ensure high-quality programs.
2. We will maintain safe facilities that foster a positive environment for learning.
3. We support professional development for all staff to ensure the effectiveness of the instructional program and ethical practices.
4. We will keep LCAP goals at the forefront of decision-making.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Regular inspections of the school buildings, play areas, and grounds are conducted by the Superintendent/Principal and maintenance person. All safety concerns are noted and repairs are undertaken as quickly as possible. School Safety Meetings are held during the school year to review the School Safety Plan, procedures, products used, and discuss the safety concerns of committee members.

The School Site Council and School Board have developed a Lewiston Elementary School Facility Americans With Disabilities ACT and Modernization Plan. In the Plan, ADA and modernization needs are addressed, upgrades to the school facilities are identified and outside student play areas have plans for modernization. ADA compliance is of utmost importance due to safety concerns for students on campus. The heating and air need to be addressed as we have a boiler for heat and a swamp cooler for air. This project involves having the county electrical boxes upgraded before we can address our issues of upgrading our electrical grid panel. The kitchen is a concern due to the age of the walk-in, there will need to be extensive remodeling to the building. We have been removing playground equipment, which is unsafe, and are looking at updating the playground. Student bathrooms have been addressed with the old ones demolished and all-new from the ground up. The sewer laterals have been rebuilt.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	20	15	20	15	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents have been able to serve on the LCAP Advisory and Parent Advisory committees and attend school board meetings, and 2022-23 School Accountability Report Card 2022-23 Opportunities for Parental Involvement parent conferences. Parent participation is an important part of our school. Parents are encouraged to stay actively involved in their student's education by reviewing their homework, classwork, and attending school activities. Parents are also welcome to serve as a member of the Board of Trustees, on the Parent Advisory Committee, as parent volunteers in the classroom, cafeteria, or chaperones on field trips. Parents who are interested in becoming a parent volunteers should contact the school office.
Those who wish to participate are encouraged to contact Mary Thoreson at (530) 778-3984 or mthoreson@lewistonesd.com

2023-24 School Safety Plan

The Lewiston Elementary School Comprehensive Safety Plan is reviewed and updated annually. The Parent Advisory Committee approves the plan, which is then submitted to the Governing Board for their adoption by March 1st of each year. Care is taken to assure that the plan is workable, realistic, and in full compliance with all Federal and State laws and Board Policies. The School Safety Plan was last reviewed, updated, and discussed with the school faculty and safety team in January 2023. Key elements of the plan include monthly safety drills, crisis intervention plans, emergency evacuation and disaster preparedness, an action plan for the improvement of both the physical and social environment of the school, emergency contacts, and board policies.

Professional Development

Staff development needs have been focused on the use of technology such as smart boards, computers, and computer instructional programs as well as direct instruction skills and student monitoring and motivation. These areas were selected by staff as part of the yearly program and plan review process and regularly reviewed and sometimes modified at teacher meetings. Professional development is delivered in a variety of ways including attendance at workshops, after-school program workshops, and classroom mentoring. Professional development will also focus on behavior interventions such as Positive Behavior Interventions and Supports as well as Response to Intervention strategies to improve academic performance across all grades and subgroups. Staff is being trained on students with trauma as Capturing Kids Hearts. We have recently been included in a three-year grant in which we will have a full-time liaison to help our students who need extra social/emotional support. This will be done through the integration of a calming room and SEL curriculum weekly in the classrooms.

Teachers have attended extra training for writing, social-emotional trauma, and how the brain development.
